SUPPLEMENTARY INFORMATION: The Privacy Act of 1974, as amended (5 U.S.C. 552a), provides certain protections for individuals applying for and receiving federal benefits. The law governs the use of computer matching by federal agencies when records in a system of records (meaning, federal agency records about individuals retrieved by name or other personal identifier) are matched with records of other federal or non-federal agencies. The Privacy Act requires agencies involved in a matching program to:

1. Enter into a written agreement, which must be prepared in accordance with the Privacy Act, approved by the Data Integrity Board of each source and recipient federal agency, provided to Congress and the Office of Management and Budget (OMB), and made available to the public, as required by 5 U.S.C. 552a(o), (u)(3)(A), and (u)(4).

2. Notify the individuals whose information will be used in the matching program that the information they provide is subject to verification through matching, as required by 5 U.S.C. 552a(o)(1)(D).

3. Verify match findings before suspending, terminating, reducing, or making a final denial of an individual's benefits or payments or taking other adverse action against the individual, as required by 5 U.S.C. 552a(p).

4. Report the matching program to Congress and the OMB, in advance and annually, as required by 5 U.S.C. 552a(o) (2)(A)(i), (r), and (u)(3)(D).

5. Publish advance notice of the matching program in the **Federal Register** as required by 5 U.S.C. 552a(e)(12).

This matching program meets these requirements. It re-establishes matching begun in 2020 to address improper payments using the Do Not Pay Working System, as described in 85 FR 58062.

Barbara Demopolous,

CMS Privacy Act Officer, Division of Security, Privacy Policy & Oversight, Information Security and Privacy Group, Office of Information Technology, Centers for Medicare & Medicaid.

Participating Agencies

The U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services, and the U.S. Department of the Treasury, Bureau of Fiscal Service (Fiscal Service).

Authority for Conducting the Matching Program

The Payment Integrity Information Act of 2019 (31 U.S.C. 3351 *et seq.*) establishes the DNP Initiative and requires, for the purposes of identifying and preventing improper payments, each executive agency to have access to, and use of, the relevant databases in DNP to verify payment or award eligibility. Additional authorities for this matching program include Executive Order 13520, *Reducing Improper Payments* (74 FR 62201); Executive Order 14249, *Protecting America's Bank Account Against Fraud, Waste, and Abuse* (90 FR 14011); and OMB Memorandum M-25-32, *Preventing Improper Payments and Protecting Privacy Through Do Not Pay*. Additional information regarding the authorities for the collection and maintenance of information is contained within the system of records notices listed below.

Purpose(s)

The purpose of the matching program is to provide CMS with information from the Treasury's Do Not Pay Working System, which CMS will use to identify providers and suppliers who are ineligible for Medicare enrollment; to promptly suspend or revoke the Medicare billing privileges of the identified disqualified providers and

suppliers; to enable recoupment of past payments made to those providers and suppliers; to assist CMS in detecting and preventing fraud, waste, abuse and avoid making future improper payments to disqualified providers and suppliers; and to enhance patient safety for beneficiaries in CMS programs.

The categories of individuals involved in the matching program are individual providers and suppliers who bill Medicare for payment.
