NUCLEAR REGULATORY COMMISSION

[Docket No. 40–08903; NRC–2026–4522]

Homestake Mining Company of California; Grants Reclamation Project; License Amendment Application

AGENCY: Nuclear Regulatory Commission.

ACTION: Opportunity to request a hearing and to petition for leave to intervene.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering an application for an amendment of License No. SUA–1471 (Docket No. 040–08903) which would authorize Homestake Mining Company of California (HMC) for its former conventional uranium mill near Grants, New Mexico, known as the Grants Reclamation Project, to replace its Groundwater Corrective Action Program and its currently approved groundwater protection standards with Alternate Concentration Limits. The amendment would revise license conditions 15, 28, 35, 36, and 42.

DATES: A request for a hearing or petition for leave to intervene must be filed by November 24, 2026.

ADDRESSES: Please refer to Docket ID NRC–2026–4522 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- **Federal Rulemaking website:** Go to <https://www.regulations.gov> and search

for Docket ID NRC–2026–4522. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: *Bridget.Curran@nrc.gov*. For technical questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS)*: You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin ADAMS Public Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to *PDR.Resource@nrc.gov*. The license amendment request is available in ADAMS under Package Accession No. ML26183A208.

- *NRC's PDR*: The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to *PDR.Resource@nrc.gov* or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

- *Public Library*: A copy of the license application can be accessed at the following public library: Grants Public Library, 1101 N 1st Street, Grants, NM 87020.

- *NRC's Public website*: HMC's license application is available under the NRC's public website at <https://www.nrc.gov/facilities-safety/facility-finder/decommissioning/uranium/homestake>, while the application is under review.

FOR FURTHER INFORMATION CONTACT: Melanie Wong, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–2432; email: *Melanie.Wong@nrc.gov*.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC has received, by letter dated June 30, 2026 (ADAMS Package Accession No. ML26183A208), a license amendment request (LAR) from Homestake Mining Company of California (HMC) to revise its Groundwater Corrective Action Program and its currently approved groundwater protection standards with alternate concentration limits (ACLs) in accordance with part 40 of title 10 of the *Code of Federal Regulations*, Appendix

A. The licensee's submittal (ACL LAR) has proposed changes to license conditions 15, 28, 35, 36, and 42 and is submitted pursuant to 10 CFR part 2 and 10 CFR part 40.

The HMC Grants Reclamation Project (GRP), located 5.5 miles northeast of Milan, NM, is a conventional uranium mill site under reclamation. Uranium processing started in the late 1950's and continued until 1990. The GRP is in the decommissioning phase. In the ACL LAR, HMC states that further groundwater restoration is not technically feasible, and that the proposed ACLs, along with restrictions to access and use of groundwater, will ensure protectiveness of human health, safety, and the environment at the points of exposure.

The NRC staff found the application acceptable for a technical review (ADAMS Package Accession No. ML26226A106). The determination to accept the LAR for docketing does not constitute a determination that the ACL LAR should be approved and does not preclude the NRC staff from requesting additional information as the review proceeds. Prior to deciding on HMC's application, the NRC will need to make the findings required by the Atomic Energy Act of 1954 as amended (the Act), and the Commission's rules and regulations. The NRC's findings will be documented in a safety evaluation report and an environmental review in accordance with 10 CFR part 51. The environmental review will be the subject of a subsequent notice in the **Federal Register**.

II. Opportunity to Request a Hearing and Petition for Leave to Intervene

Within 60 days after the date of publication of this notice, any persons (petitioner) whose interest may be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the action. Petitions shall be filed in accordance with the Commission's "Agency Rules of Practice and Procedure" in 10 CFR part 2. Interested persons should consult 10 CFR 2.309. If a petition is filed, the Commission or a presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 60 days from the date of publication of this notice in accordance with the filing instructions in the "Electronic Submissions (E-Filing)" section of this document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer

that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h) no later than 60 days from the date of publication of this notice. Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof may participate as a non-party under 10 CFR 2.315(c).

For information about filing a petition and about participation by a person not a party under 10 CFR 2.315, see ADAMS Accession No. ML20340A053 (<https://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber=ML20340A053>) and on the NRC's public website at <https://www.nrc.gov/about-nrc/regulatory/adjudicatory/hearing.html#participate>.

III. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings, including documents filed by an interested State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof that requests to participate under 10 CFR 2.315(c), must be filed in accordance with 10 CFR 2.302. The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases, to mail copies on electronic storage media, unless an exemption permitting an alternative filing method, as further discussed, is granted. Detailed guidance on electronic submissions is located in the "Guidance for Electronic Submissions to the NRC" (ADAMS Accession No. ML13031A056), and on the NRC's public website (<https://www.nrc.gov/site-help/e-submittals.html>).

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at *Hearing.Docket@nrc.gov*, or by telephone at 301–415–1677, to: (1) request a digital identification (ID) certificate, which allows the participant (or their counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or their counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this

information, the Secretary will establish an electronic docket for the proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on the NRC's public website (<https://www.nrc.gov/site-help/e-submittals/getting-started.html>). After a digital ID certificate is obtained and a docket is created, the participant must submit adjudicatory documents in the Portable Document Format. Guidance on submissions is available on the NRC's public website (<https://www.nrc.gov/site-help/electronic-sub-ref-mat.html>). A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. ET on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed in order to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC's Electronic Filing Help Desk through the "Contact Us" link located on the NRC's public website (<https://www.nrc.gov/site-help/e-submittals.html>), by email to MSHD.Resource@nrc.gov, or by a toll-free call at 1-866-672-7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., ET, Monday through Friday, except Federal holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with 10 CFR 2.302(b)-(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption

under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available on the NRC's public website (<https://ehd.nrc.gov>), unless otherwise excluded pursuant to an order of the presiding officer. If you do not have an NRC-issued digital ID certificate as previously described, click "cancel" when the link requests certificates and you will be automatically directed to the NRC's electronic hearing docket where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal privacy information such as social security numbers, home addresses, or personal phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

Authority: 42 U.S.C. 2011 *et seq.*

Dated: September 22, 2026.

For the Nuclear Regulatory Commission.

Jane Marshall,

Director, Division of Decommissioning, Closure, Analysis, and Financial Oversight, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590-01-P

PEACE CORPS

Privacy Act of 1974; System of Records

AGENCY: Peace Corps.

ACTION: Notice of a new system of records.

SUMMARY: As required by the Privacy Act of 1974, as amended, and the Office of Management and Budget (OMB) Circulars A-108 and A-130, the Peace Corps Office of Planning and Performance (OPP) is issuing a public notice of its new system of records Peace Corps Customer Relationship Management (Agency CRM) System of Records ("PC 38"). The Office of Planning and Performance (OPP) manage and utilizes a management database system to monitor, track, and analyze all interactions with prospective

and current Peace Corps applicants from the time they visit the agency website, its social media pages, apply for volunteer service and their volunteer activity throughout their volunteer service. This system of records contains information on members of the public who become leads and visit the Peace Corps websites, social media pages and apply to become applicants as well as those who are current volunteers and through completion of volunteer service.

DATES: Submit comments on or before October 26, 2026 This new system will be effective October 26, 2026.

ADDRESSES: Send written comments, identified by the docket number and title, to the Peace Corps, ATTN: James Olin, Government Information Specialist, Office of Compliance and Risk, 1275 First Street NE, Washington, DC 20526, or by email at pcf@peacecorps.gov. Email comments must be made in text and not in attachments.

FOR FURTHER INFORMATION CONTACT: James Olin, Government Information Specialist, Office of Compliance and Risk, 1275 First Street NE, Washington, DC 20526; pcf@peacecorps.gov; or 202-692-2507.

SUPPLEMENTARY INFORMATION: Section 5 of the Peace Corps Act of 1960, as amended (codified as 22 U.S. Code § 2504) authorizes the recruitment and enrollment of Peace Corps volunteers. Under this section, the agency is granted the authority to enroll qualified United States citizens and nationals for service abroad, and the operational power to select, train, and manage volunteers. As part of the Recruitment Analytics and Identity Resolution Initiative (RAIRI) the agency will sync anonymized Client IDs, currently assigned to leads, with the non-anonymized lead records stored in Peace Corps' customer relationship management database, and with applicant tracking internal systems, PCrm, Volunteer Applicant Tracking System (DOVE) and Medical Applicant Exchange System (MAXx).

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a(e)(4)), which governs the collection and protection of personal information by federal agencies, the Peace Corps is establishing a new system of records to manage personal information from members of the public who become leads and applicants who interact with Peace Corps' website, social media and volunteer recruitment activities. The system will also track applicant responses to recruitment methods, progress through the application process, and completion of volunteer service. This system will connect lead and applicant data,
