with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results,* there are no new calculations to disclose.

**Assessment Rates**

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

HDM Celik reported the entered value for all of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those same sales. For entries of subject merchandise during the POR produced by HDM for which HDM did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate in the *Amended Final Determination* of the LTFV investigation (*i.e.,* 1.57 percent),[4] if there is no rate for the intermediate company(ies) involved in the transaction.[5]

For Cimtas, the company that was not selected for individual examination, we will instruct CBP to liquidate entries at the rate assigned in these final results of review, calculated as noted in the ''Rate for Company Not Selected for Individual Examination'' section, above.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication in the **Federal Register** of these final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in these final results of this administrative review; (2) for previously investigated or reviewed companies not covered in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 1.57 percent, the all-others rate established in the *Amended Final Determination.*[6] These cash deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Administrative Protective Order (APO)**

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

**Notification to Interested Parties**

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 21, 2026.

**SUPPLEMENTARY INFORMATION:**

*Title:* Trademark Trial and Appeal Board (TTAB) Actions.

*OMB Control Number:* 0651–0040.

*Abstract:* The USPTO administers the Trademark Act of 1946, 15 U.S.C. 1051 *et seq.,* as amended, which provides for the federal registration of trademarks, service marks, collective marks and certification marks. Individuals and businesses that use or intend to use such marks in commerce may file an application to register their marks with the USPTO. Section 13 of the Trademark Act, 15 U.S.C. 1063, allows individuals and entities who believe that they would be damaged by the registration of a mark to file an opposition to the registration of the mark and to file a request for an extension of time to file an opposition. Section 14 of the Trademark Act, 15 U.S.C. 1064, allows individuals and entities to file a petition to cancel a registration of a mark. Section 20 of the Trademark Act, 15 U.S.C. 1070, allows individuals and entities to appeal any final decision of the examiner in charge of the registration of marks or a final decision by an examiner in an *ex parte* expungement proceeding or *ex parte* reexamination proceeding.

The USPTO administers certain provisions of the Trademark Act of 1946 through the regulations at 37 CFR part 2, which contains the various rules that govern the filings identified above and other submissions filed in connection with *inter partes* and *ex parte* proceedings. These petitions, notices, extensions, and additional papers are filed with the Trademark Trial and Appeal Board (TTAB), an administrative tribunal empowered to determine the right to register and subsequently determine the validity of a trademark. The information in this collection must be submitted electronically through TTAB's electronic filing system. If applicants or entities wish to submit the petitions, notices, extensions, and additional papers in *inter partes* and *ex parte* proceedings, they may use the forms provided through the TTAB's electronic filing system. This information collection includes the items needed for individuals or entities to file *inter partes* and *ex parte* proceedings regarding federal registration of their trademarks or service marks.

Information is collected pursuant to the provisions of the Trademark Act of 1946. The responses in this information collection are a matter of public record and are used by the public for a variety of private business purposes related to establishing and enforcing trademark rights. This information is important to the public, as both common law trademark owners and federal trademark registrants must actively protect their own rights.
