BILLING CODE P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NASA Document Number: 26–056; NASA Docket Number: NASA–2026–0463]

Name of Information Collection: NASA Generic Clearance for Conferences, Meetings, Workshops, Registrations and Challenges

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of new information collection.

SUMMARY: NASA, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act (PRA) of 1995.

DATES: Comments are due by November 27, 2026.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 60 days of publication of this notice at <http://www.regulations.gov> and search for NASA Docket: NASA–2026–0463.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the submissions may be obtained from NASA PRA Clearance Officer, Stayce Hoult by emailing hq-ocio-pra-program@mail.nasa.gov or calling (256) 714–8575.

SUPPLEMENTARY INFORMATION:

I. Abstract

NASA seeks to collect information from individuals and organizations who wish to participate in NASA sponsored conferences, meetings, workshops, sessions, panels, applications, posters, presentations, training events, and other mission-related activities. NASA frequently conducts scientific, technical, educational, and stakeholder-engagement events to advance aeronautics and space research, foster collaboration, disseminate findings, and support the development of the next generation of explorers and innovators.

NASA anticipates receiving interest from a broad range of respondents and individuals, including academic researchers, industry professionals,

nonprofit organizations, educational institutions, and Federal, State, local, and Tribal government representatives. The information collected may include basic details such as name, organization, address, country, phone number, email address, and any special accommodation requests necessary for accessibility compliance. NASA may also ask respondents how they learned about the activity to support outreach effectiveness and event improvement.

NASA will collect registration information to facilitate event management, communication, and coordination with interested parties. This includes data needed to register participants, verify eligibility where appropriate, support access requirements, and maintain accurate participation records. The information collection also enables NASA to identify and select appropriate participants for specific activities, such as presenters, speakers, or panelists with relevant expertise, and attendees whose professional background or technical skills align with the event’s purpose.

For certain activities, NASA may develop short applications or submission processes—such as abstract submissions or expressions of interest—to evaluate proposed content and determine which individuals can contribute meaningfully to the event’s objectives. NASA may occasionally request additional information, papers, abstracts, or other supporting materials as part of an event related submission or application and may seek extra documentation from interested participants when necessary to evaluate proposed presentations or participation, support program planning, ensure content quality, or prepare for event execution.

The collected information supports logistical planning, including confirming attendance, securing appropriate facilities or virtual environments, managing security and access requirements, and ensuring compliance with NASA policies and federal requirements. These collections enable NASA to operate events safely, efficiently, and in alignment with mission needs across centers and mission directorates.

NASA is committed to effectively performing the Agency’s communication function in accordance with the National Aeronautics and Space Act of 1958, Section 203(a)(3), as amended states “provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof”, and to enhance public understanding of, and participation in, the Nation’s aeronautics and space programs.

II. Methods of Collection

Electronic web forms, email submissions, and, as needed, paper forms.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance

of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA’s estimate of the burden

(including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be

collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice of certain Federal agency requests for records disposition authority (records schedules). We publish notice in the *Federal Register* and on *regulations.gov* for records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on such records schedules.

DATES: We must receive responses on the schedules listed in this notice by November 12, 2026.

ADDRESSES: To view a records schedule in this notice, or submit a comment on one, use the following address: <https://www.regulations.gov/docket/NARA-26-0463/document>.

This is a direct link to the schedules posted in the docket for this notice on *regulations.gov*. You may submit comments by the following method:

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. On the website, enter either of the numbers cited at the top of this notice into the search field. This will bring you to the docket for this notice, in which we have posted the records schedules open for comment. Each schedule has a 'comment' button so you can comment on that specific schedule. For more information on *regulations.gov* and on submitting comments, see their FAQs at <https://www.regulations.gov/faq>.

If you are unable to comment via *regulations.gov*, you may email us at request.schedule@nara.gov for instructions on submitting your comment. You must cite the control number of the schedule you wish to comment on. You can find the control number for each schedule in parentheses at the end of each schedule's entry in the list at the end of this notice.

FOR FURTHER INFORMATION CONTACT:

Richard Green, Records Management Operations, by email at richard.green@nara.gov or at 301-395-7825. For information about records schedules, contact Records Management Operations by email at request.schedule@nara.gov or by phone at 301-395-7825.

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov* docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a "Consolidated Reply" summarizing the comments, responding to them, and noting any changes we made to the proposed schedule.
