D. Privacy Act

In accordance with 49 U.S.C. 31315(b)(6), DOT solicits comments from the public on the exemption requests. DOT posts these comments, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice DOT/ALL–14 FDMS (Federal Docket Management System), which can be reviewed under the “Department Wide System of Records Notices” link at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>. The comments are posted without edit and are searchable by the name of the submitter.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from the FMCSRs. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including the applicant’s safety analysis. The Agency must provide an opportunity for public comment on the request.

The Agency reviews the application, safety analyses, and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved absent such exemption, pursuant to the standard set forth in 49 U.S.C. 31315(b)(1). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)). If granted, the notice will identify the regulatory provision from which the

applicant will be exempt, the effective period, and all terms and conditions of the exemption (49 CFR 381.315(c)(1)). If the exemption is denied, the notice will explain the reason for the denial (49 CFR 381.315(c)(2)). The exemption may be renewed (49 CFR 381.300(b)). FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

III. Background

The physical qualification standard for drivers regarding hearing, found in 49 CFR 391.41(b)(11), states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5–1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid (35 FR 6458, 6463 (Apr. 22, 1970) and 36 FR 12857 (July 8, 1971)).

The 18 individuals listed in this notice have requested renewal of their exemptions from the hearing standard in 49 CFR 391.41(b)(11), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable 2-year period.

IV. Request for Comments

Interested parties or organizations possessing information that would show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if the person has failed to comply with the terms and conditions of the exemption, or if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136, FMCSA will take immediate steps to revoke the exemption of a driver.

V. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the 18 applicants have satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The 18 drivers in

this notice remain in good standing with the Agency. In addition, the Agency has reviewed each applicant's certified driving record from their State Driver Licensing Agency (SDLA). The information obtained from each applicant's driving record provides the Agency with details regarding any moving violations or reported crash data, which demonstrates whether the driver has a safe driving history and is an indicator of future driving performance. If the driving record revealed a crash, FMCSA requested and reviewed the related police reports and other relevant documents, such as the citation and conviction information. These factors provide an adequate basis for predicting each driver's ability to continue to safely operate a CMV in interstate commerce. Accordingly, FMCSA concludes that extending the exemption for each of these drivers for a period of 2 years is likely to achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved without the exemption.

In accordance with 49 U.S.C. 31136(e) and 31315(b), the following groups of drivers received renewed exemptions in the month of July and are discussed below.

In accordance with 49 U.S.C. 31136(e) and 31315(b), the following 15 individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Carlos Arellano (CA)
Nathan Bohannon (TX)
Forrest Carroll (OH)
Jeremy Earl (IL)
Ariel Gonzalez (RI)
Rodney Henley (AL)
Larry Mancill (IL)
Glen McCormack (IL)
James Newton (FL)
Charles O'Bryan (NY)
Ernest Pratt, Jr. (PA)
Russell Smith (OH)
William Solomon (OH)
Roderick Thomas (GA)
Steven Tipton (MO)

The drivers were included in docket numbers FMCSA–2013–0122, FMCSA–2014–0385, FMCSA–2015–0329, FMCSA–2017–0059, FMCSA–2018–0139, FMCSA–2019–0109, FMCSA–2019–0110, FMCSA–2020–0025, FMCSA–2022–0034, FMCSA–2024–0009, or FMCSA–2024–0010. Their exemptions were applicable as of July 11, 2026, and will expire on July 11, 2028.

In accordance with 49 U.S.C. 31136(e) and 31315(b), the following three individuals have satisfied the renewal conditions for obtaining an exemption

from the hearing requirement in the FMCSRs for interstate CMV drivers:

Manuel Llano Hevia (NV); Dejan Ortiz (TX); and Johnathan Wilke (IA).

The drivers were included in docket number FMCSA–2024–0011.

Their exemptions were applicable as of July 16, 2026, and will expire on July 16, 2028.

VI. Terms and Conditions

The exemptions are extended subject to the following conditions: each driver (1) must report to FMCSA any crashes, as defined in 49 CFR 390.5T, within 7 days of the crash; (2) must report to FMCSA any citations and convictions for disqualifying offenses under 49 CFR parts 383 and 391, within 7 days of the citation and conviction; (3) must submit to FMCSA annual certified driving records from their SDLA; and (4) is prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local law enforcement official. In addition, the driver must meet all the applicable commercial driver's license testing requirements.

VII. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VIII. Conclusion

Based upon its evaluation of the 18 exemption renewal applications, FMCSA renews the exemptions of the above-named drivers from the hearing requirement in 49 CFR 391.41(b)(11). In accordance with 49 U.S.C. 31315(b), and FMCSA's policy of issuing medical exemptions for a 2-year period to correspond with the medical certificate, each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136.

Associate Administrator for Policy.
