SUPPLEMENTARY INFORMATION:**Comments**

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Designation of Attorney in Fact/Revocation of Attorney in Fact.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* I–312/I–312A; U.S. Immigration and Customs Enforcement.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: State, Local, or Tribal Government. Section § 103(a) the Immigration and Nationality Act (INA) authorizes the Secretary of Homeland Security to establish regulations prescribing forms of bond. Section 103.6 of Title 8 of the Code of Federal Regulations (CFR) provides for the posting of surety or cash bonds. All bonds posted in immigration cases shall be executed on Form I–352, Immigration Bond, and secured with some form of collateral by an Obligor. In the case of a cash bond, the Obligor will deposit with U.S. Immigration and Customs Enforcement (ICE) the face value of the bond. The Obligor can designate a third party as an Attorney in Fact to accept on their behalf the return of the collateral security deposited to secure the surety bond upon cancellation of the bond or performance of the Obligor. The Form I–312, Designation of Attorney in Fact, is the instrument used by the Obligor to officially designate their Attorney in Fact. Upon receipt of a properly executed Form I–312, ICE Financial Operations will remit to the Attorney in Fact the principal and interest on the security deposit in the event of a bond cancellation, or the interest on the security deposit in the event of a bond

breach. Immigration bonds might remain in place for years, and Obligor might choose to appoint a new Attorney in Fact as circumstances change. To ensure that ICE Financial Operations properly executes its fiduciary duties to the Obligor under the Form I-352 bond contract, and exercises due diligence in ensuring that remittances are made to the proper person, ICE uses Form I-312A as the document by which the Obligor could expressly indicate that a previously valid Form I-312 Attorney in Fact designation had been revoked.

SUPPLEMENTARY INFORMATION:

I. NSPIRE Rule

On May 11, 2023, HUD published the final rule, “Economic Growth Regulatory Relief and Consumer Protection Act: Implementation of National Standards for the Physical Inspection of Real Estate” (88 FR 30442), to align expectations of housing quality and consolidate inspection standards across HUD programs.

24 CFR 5.709(a) states that HUD will publish a notice establishing NSPIRE scoring methodology to score and rank HUD housing. 24 CFR 5.709(a)(1) further establishes that HUD will subsequently publish in the **Federal Register** for a public comment period of not less than 30 days, any revisions to the inspection and scoring procedures that HUD determines to be necessary, at least once every 3 years or 3 years after the most recent revision, whichever is later. The revision process provides an opportunity for the public to examine proposed changes to the scoring procedure, share pertinent comments, and suggest the inclusion of industry best practices. A 3-year revision cycle allows HUD to be more responsive to the ever-changing public and assisted housing portfolio and research findings in the field.
