The NASA Small Business Supplier Development Program (formerly known as the NASA Mentor-Protégé Program) is authorized by the U.S. Small Business Administration in accordance with 15 U.S.C. 657r and 13 CFR 125.10. The purpose of the Program is to provide incentives to NASA prime contractors (mentors) to assist small businesses and other protégés to enhance their capabilities and increase their participation in NASA, other Government, and in commercial contracts and subcontracts. Under the Program, mentor-protégé agreements specify the assistance to be provided by the mentor and agreement milestones, as well as reporting requirements for the

mentor and protégé firm. This information collection (*i.e.*, application and reports submitted pursuant to mentor-protégé agreements) is required by NASA to monitor the performance and progress of both the mentor and the protégé in this developmental assistance program.
