Pursuant to 41 CFR 102–3.140d, the committee is not obligated to allow a member of the public to speak or otherwise address the committee during the meeting and members of the public attending the committee meeting will not be permitted to present questions from the floor or speak to any issue under consideration of the committee.

Purpose of the Meeting: In accordance with 10 U.S.C. 9455(e)(1), the BoV AFA provides independent advice and recommendations to the Secretary of War, through the Secretary of the Air Force, on matters relating to the U.S. Air Force Academy (USAFA), including morale, discipline, and social climate, the curriculum, instruction, physical equipment, fiscal affairs, academic methods, and other matters relating to the USAFA that the BoV AFA decides to consider. This is a 2027 Organizational Meeting of the BoV AFA.

The closed meeting from 11:00 a.m. to 11:30 a.m. MT on October 16, 2026, will consist of discussions of actions that are pre-decisional in nature of which premature disclosure may significantly impact the implementation of a proposed action. For this reason, a portion of this meeting will be closed to the public, as the discussion of such information cannot be adequately segregated from other topics, which precludes opening the closed meeting to the public. The Administrative Assistant for the Office of the Secretary of the Air Force (SAF/AA), in consultation with the Office of General Counsel, has determined in writing that the meeting shall be partially closed to the public because the discussions during the closed meeting will be

concerned with matters protected under section 552b(c)(9) of title 5, U.S.C.

Authority: 5 U.S.C. 552b.

Written Statements: Pursuant to 41 CFR 102–3.105(j) and section 102–3.140 and section 1009(a)(3) of FACA, any member of the public wishing to provide input to the BoV AFA may submit a written statement. The public or interested organizations may submit written comments or statements to the Board about its mission and/or the topics to be addressed in the open sessions of this public meeting. Written comments or statements should be submitted to the Alternate Designated Federal Officer via electronic mail, at the email address listed in the **FOR FURTHER INFORMATION CONTACT** section in the following formats: Adobe Acrobat and/or Microsoft Word. The comment or statement must include the author's name, title, affiliation, address, and daytime telephone number. Written comments or statements being submitted in response to the agenda set forth in this notice must be received at least five (5) business days prior to the meeting so they may be made available to the BoV Chairman for consideration prior to the meeting. Written comments or statements received after October 11, 2026, may not be provided to the BoV until its next meeting. Please note that because the BoV operates under FACA, all written comments will be treated as public documents and will be made available for public inspection.

On September 21, 2026, and supplemented on September 25, 2026, Breaker Water & Energy Park, LLC, filed a notice of intent to construct a qualifying conduit hydropower facility, pursuant to section 30 of the Federal Power Act (FPA). The proposed Buckeye Hydrokinetic Project would have an installed capacity of 8 kilowatts (kW) and would be located along the Buckeye Water Conservation and Drainage District's Buckeye Main Canal, near Buckeye, Maricopa County, Arizona.

Applicant Contact: Ryan Cook, 1115 Howell Mill Rd. NW, Atlanta, Georgia 30318, 614–619–0038, ryan.cook@emrgy.com.

FERC Contact: Christopher Chaney, 202–502–6778, christopher.chaney@ferc.gov.

Qualifying Conduit Hydropower Facility Description: The project would consist of: (1) one 8-kW modular hydrokinetic turbine, and (2) and appurtenant facilities.

A qualifying conduit hydropower facility is one that is determined or deemed to meet all the criteria shown in the table below.

TABLE 1—CRITERIA FOR QUALIFYING CONDUIT HYDROPOWER FACILITY

Statutory provision	Description	Satisfies (Y/N)
FPA 30(a)(3)(A)	The conduit the facility uses is a tunnel, canal, pipeline, aqueduct, flume, ditch, or similar man-made water conveyance that is operated for the distribution of water for agricultural, municipal, or industrial consumption and not primarily for the generation of electricity.	Y
FPA 30(a)(3)(C)(i)	The facility is constructed, operated, or maintained for the generation of electric power and uses for such generation only the hydroelectric potential of a non-federally owned conduit.	Y
FPA 30(a)(3)(C)(ii)	The facility has an installed capacity that does not exceed 40 megawatts	Y
FPA 30(a)(3)(C)(iii)	On or before August 9, 2013, the facility is not licensed, or exempted from the licensing requirements of Part I of the FPA.	Y

Preliminary Determination: The proposed Buckeye Hydrokinetic Project

will not alter the primary purpose of the conduit, which is for agricultural

consumption. Therefore, based upon the above criteria, Commission staff

preliminarily determines that the operation of the project described above satisfies the requirements for a qualifying conduit hydropower facility, which is not required to be licensed or exempted from licensing.

Comments and Motions to Intervene: Deadline for filing comments, comments contesting whether the facility meets the qualifying criteria, and motions to intervene: October 26, 2026, 5:00 p.m. Eastern Time.

Anyone may submit comments or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210 and 385.214. Any motions to intervene must be received on or before the specified deadline date for the particular proceeding.
