SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of California, Berkeley intends to repatriate a certain cultural item that meets the definition of an unassociated funerary object and that has a known lineal descendant.

DATES: Repatriation of the cultural item in this notice may occur on or after October 30, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural item in this notice to Alexandra Lucas, Government and Community Relations, Office of the Chancellor, University of California, Berkeley, 200 California Hall, Berkeley, CA 94720, email nagpra-ucb@berkeley.edu.

The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of one unassociated funerary object has been requested for repatriation. In 1940, the University of California, Berkeley obtained an unassociated funerary object, a basket start, from Cahuilla Valley, Riverside County, California. The basket start was appropriated by the University that same year.

Collections and collection spaces at the Phoebe A Hearst Museum of Anthropology were treated with substances for preservation and pest control, some potentially hazardous. No records have been found to date at the Museum to indicate whether or not chemicals or natural substances were used prior to 1960.

Determinations

The University of California, Berkeley has determined that:

- The one unassociated funerary object described in this notice is reasonably believed to have been placed intentionally with or near human remains, and is connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary object has been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- A known lineal descendant is connected to the cultural item described in this notice.

Requests for Repatriation

Additional, written requests for repatriation of the cultural item in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that

the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural item in this notice to a requestor may occur on or after October 30, 2026. If competing requests for repatriation are received, the University of California, Berkeley must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural item are considered a single request and not competing requests. The University of California, Berkeley is responsible for sending a copy of this notice to all requestors and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.
