Abstract: More than 100 national parks contract with private businesses to provide lodging, food, tours, boating, whitewater rafting, and other visitor services. These concessions generate over \$1 billion annually and support more than 25,000 peak-season jobs.

Regulations at 36 CFR part 51 implement Title IV of the National Parks Omnibus Management Act of 1998 (54 U.S.C. 101911 *et seq.*), which establishes the authority and requirements for soliciting, awarding, and administering NPS concession contracts. The law requires the Secretary of the Interior to award contracts through a competitive selection process to the best-qualified offeror, with simplified procedures for small, individually owned concessions.

For this purpose of this submission, we are requesting an extension of the currently approved forms associated with the evaluation and administration of NPS concessions proposals and contracts.

Concessioner Annual Financial Reports are used to verify franchise fee calculations, evaluate a concessioner's financial performance, and monitor compliance with contractual requirements.

- Form 10–356 Concessioner Annual Financial Report
- Form 10–356A Concessioner Annual Financial Report (For Concessioners with Gross Receipts Less than \$500,000)
- Form 10–356B Concessioner Annual Financial Report (Special Accounts and Utility Add-ons)

Forms for Concession Opportunity Proposals are used to objectively review and evaluate proposals, compare offerors, and identify the proposal best suited for long term, sustainable concession operations.

- Forms 10–357A and 10–357B (Business Organization Information)
- Form 10–358 (Business History Information)
- Forms 10–359A and 10–359B (Financial Projections—Large and Small Concessions)

Additional narrative submissions that allow the NPS to evaluate proposals and administer concession contracts include credit reports and financial statement, Offeror's Transmittal Letter, Certificate of Business Entity Offeror, appeals, capital improvement requests, construction reports, applications to sell or transfer operations, and recordkeeping documentation.

Abstract of Information Available

A total of one unassociated funerary object has been requested for repatriation. In 1940, the University of California, Berkeley obtained an unassociated funerary object, a basket start, from Cahuilla Valley, Riverside County, California. The basket start was appropriated by the University that same year.

Collections and collection spaces at the Phoebe A Hearst Museum of Anthropology were treated with substances for preservation and pest control, some potentially hazardous. No records have been found to date at the Museum to indicate whether or not chemicals or natural substances were used prior to 1960.

Determinations

The University of California, Berkeley has determined that:

- The one unassociated funerary object described in this notice is reasonably believed to have been placed intentionally with or near human remains, and is connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary object has been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.
- A known lineal descendant is connected to the cultural item described in this notice.

Requests for Repatriation

Additional, written requests for repatriation of the cultural item in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that

the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural item in this notice to a requestor may occur on or after October 30, 2026. If competing requests for repatriation are received, the University of California, Berkeley must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural item are considered a single request and not competing requests. The University of California, Berkeley is responsible for sending a copy of this notice to all requestors and any other consulting parties.
