BILLING CODE 4160-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7106-N-38]

Privacy Act of 1974; System of Records

AGENCY: Office of Public and Indian Housing, HUD.

ACTION: Notice of a modified system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended, the Department of Housing and Urban Development (HUD), Office of Public and Indian Housing (PIH), is modifying the system of records notice for the Inventory Management System (IMS), also known as the Public and Indian Housing Information Center (IMS/PIC), and the Housing Information Portal (HIP). The modification incorporates two routine uses that were previously added by separate notices and adds three new routine uses and updates the system manager and agency contact information. The incorporated and new routine uses are listed as: (17), (18), (19), (20), and (21). The modification also clarifies the Categories of Records in the System, Record Source Categories, and methods of electronic collection and submission for IMS/PIC and HIP. These updates are explained in the **SUPPLEMENTARY INFORMATION** section of this notice. IMS/PIC and HIP serve as a national repository of information related to Public Housing Agencies (PHAs), Tribally Designated Housing Entities (TDHE), HUD-assisted families, HUD assisted properties, and other HUD programs, for the purpose of monitoring and evaluating the effectiveness of PIH rental housing assistance programs. IMS/PIC and HIP allow PHAs, TDHEs,

and their hired management agents to electronically submit information to HUD that is related to the administration of HUD's PIH programs. They collect data for PIH operations, including data submitted via the internet from HUD's field offices, and accurately track activities and processes. IMS/PIC and HIP also help to increase sharing of information throughout PIH and HUD, which improves staff awareness of activities related to the administration of HUD subsidized housing programs.

DATES: Comments will be accepted on or before October 30, 2026. This proposed action will be effective on the date following the end of the comment period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number or by one of these methods:

Federal e-Rulemaking Portal: <http://www.regulations.gov>. Follow the instructions provided on that site to submit comments electronically.

SUPPLEMENTARY INFORMATION: HUD is publishing this notice to add three new routine uses to the Routine Uses section of this System of Records Notice. The changes also include updates to the system manager and agency contact information. Additional revisions clarify the Categories of Records in the System, Record Source Categories, and methods of electronic collection and submission associated with IMS/PIC and HIP based

on current system operations, including updates to reflect the applicable record sources for each application.

SYSTEM NAME AND NUMBER:

Inventory Management System, Public and Indian Housing Information Center (IMS/PIC) and Housing Information Portal (HIP), HUD/PIH-01.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

IMS/PIC Records are maintained at these locations: U.S. Department of Housing and Urban Development Headquarters, 451 7th Street SW, Washington, DC 20410-0001. The IMS/PIC servers are located in Charleston, WV, and are accessed via the internet. These servers are maintained by HUD Information Technology Services (HITS) contractor, and HUD's information technology partner: Perspecta, located at 15052 Conference Center Drive, Chantilly, VA 20151.

HIP Records are maintained electronically in the HIP, Salesforce-based cloud application hosted in the Salesforce Government Cloud General Support System (GSS) Production network. HIP data is stored in the HIP Salesforce organization (Org), which is a partition within the Salesforce Government Cloud environment. HIP does not maintain separate HUD-owned physical application servers. Authorized HUD and external users access HIP through Salesforce over the internet, with access controlled through HIP/Salesforce user accounts, role-based access controls, and assigned permission sets.

SYSTEM MANAGER(S):

Robert Dalzell, Information System Owner, HUD Headquarters, 451 7th Street SW, Washington, DC 20410-0001, *Robert.D.Dalzell@hud.gov*, telephone (202) 402-4216.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

United States Housing Act of 1937, 42 U.S.C. 1437, *et seq.*; Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d; The Fair Housing Act, 42 U.S.C. 3601-3619; The Housing and Community Development Act of 1981, Public Law 97-35, 85 Stat. 348, 408; The Housing and Community Development Act of 1987, 42 U.S.C. 3543; and the Native American Housing Assistance and Self-Determination Act of 1996, Public Law 104-330, 110 Stat. 4016.

PURPOSE(S) OF THE SYSTEM:

IMS/PIC and HIP serve as a national repository of information related to Public Housing Agencies (PHA)s,

Tribally Designated Housing Entities (TDHE), HUD-assisted families, HUD assisted properties, and other HUD programs, for the purpose of monitoring and evaluating the effectiveness of PIH rental housing assistance programs. IMS/PIC and HIP allow PHAs, TDHEs, and their hired management agents to electronically submit information to HUD that is related to the administration of HUD's PIH programs. They collect data for PIH operations, including data submitted via the internet from HUD's field offices, and accurately tracks activities and processes. IMS/PIC and HIP also help to increase sharing of information throughout PIH and HUD, which improves staff awareness of activities related to the administration of HUD subsidized housing programs. IMS/PIC and HIP are flexible, scalable, internet-based integrated systems, which enables PHA and TDHE users, and HUD personnel to access a common database via their web browser. IMS/PIC and HIP aids HUD and entities that administer HUD's assisted housing programs in: (a) Increasing the effective distribution of rental assistance to individuals that meet the requirements of Federal rental assistance programs; (b) detecting abuses in assisted housing programs; (c) taking administrative or legal actions to resolve past and current abuses of assisted housing programs; (d) monitoring compliance with HUD program requirements; (e) deterring abuses by verifying the employment and income of tenants at the time of annual and interim reexaminations of family income and composition via the PIH Enterprise Income Verification (EIV) system; (f) evaluating program effectiveness; (g) improving PHA and TDHE IMS/PIC and HIP reporting rates; (h) forecasting budgets; (i) controlling funds; (j) updating tenant information; and (k) updating building and unit data.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

These records will be stored in electronic and paper format. HIP data is secured in Salesforce and IMS/PIC data is secured in the SQL database servers. The HIP system information is hosted on Salesforce Hyperforce and stored in centralized HUD servers which are FedRAMP approved. Some records reside on PHA-controlled systems of records. The System of Records (SORs) referenced are the systems owned and controlled by the PHAs themselves. Computer files and printed listings are maintained in locked cabinets with PHAs. User's access, updates access, read-only access, and approval access based on the user's role and security access level.

Risks Related to Information Sharing—Each Agency sharing information with HIP has a signed Computer Matching Agreement detailing the information being exchanged, and the purpose to which that information can be used, if/how long the information can be retained, whether it can be duplicated, and whether it can be disseminated to other parties. Enterprise authentication and authorization services for role based access ensure the Government Agency can only access the information detailed in the CMA. All information is encrypted in transit, and strong authentication procedures are required for Agency authentication. The CMAs detail the audit logging requirements for the HIP system on information shared, it also details the procedures and points of contact if there is a suspected data breach. The CMAs are reviewed annually to determine if they should be renewed.

Risks Related to Retention—Records are retained for extended lengths of time due to reporting requirements; therefore the following mitigation is done:

- Review current holdings of PII and ensure they are accurate, relevant, timely, and complete
- Reduce PII holdings to the minimum necessary for proper performance of agency functions
- Develop a schedule for periodic review of PII holdings.
- Establish a plan to eliminate the unnecessary collection and use of SSNs.

Risks Related to Redress—To provide effective redress, HUD (i) provides effective notice of the existence of a PII collection; (ii) provides plain language explanations of the processes and mechanisms for requesting access to records; (iii) establishes criteria for submitting requests for correction or amendment; (iv) implements resources to analyze and adjudicate requests; (v) implements the means of correcting or amending data collections; and (vi) reviews any decisions that may have been the result of inaccurate information.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Due to limitations in the Salesforce platform, records can only be searched by name in the HIP system. Records in IMS/PIC are accessible by SSN and name. User access is based on least privileged access and is based on a user's job duties and security access level. Users can only see unmasked PII in IMS/PIC if that ability has been granted to the user. At the PHA level, that is done by the PHA's IMS/PIC security administrator and for HUD staff

that is done by a super user, with a limit of two users per field office, HQ offices may have more. This is limited for all users by the need to see unmasked PII.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Electronic records are maintained and destroyed in accordance with requirements of the HUD Records Disposition Schedule, 2225–6. In accordance with 24 CFR 908.101 and HUD record retention requirements at 24 CFR 85.42, PHAs are required to retain at least three years' worth of IMS/PIC and HIP data either electronically or in paper form.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Records are maintained at the U.S. Department of Housing and Urban Development in Washington, DC. Only authorized personnel needing them for official duties may access them. Computer files and printed listings are maintained in locked cabinets. System access levels depend entirely on the person's assigned role and security access level: User/update access to modify data, read-only access to view data, and approval access to authorize system changes.

RECORD ACCESS PROCEDURES:

Individuals requesting records of themselves should address written inquiries to the Department of Housing and Urban Development 451 7th Street SW, Washington, DC 20410–0001. For verification, individuals should provide their full name, current address, and telephone number. In addition, the requester must provide either a notarized statement or an unsworn declaration made under 24 CFR 16.4.

CONTESTING RECORD PROCEDURES:

The HUD rule for contesting the content of any record pertaining to the individual by the individual concerned is published in 24 CFR 16.8 or may be obtained from the system manager.

NOTIFICATION PROCEDURES:

Individuals requesting notification of records of themselves should address written inquiries to the Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410–0001. For verification purposes, individuals should provide their full name, office or organization where assigned, if applicable, and current address and telephone number. In addition, the requester must provide either a notarized statement or an unsworn declaration made under 24 CFR 16.4.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

Abstract: The Department of the Interior (DOI) developed the conceptual foundation for an Interjurisdictional Invasive Species Rapid Response Team (IInSRRT) in 2023. Key authorities and frameworks authorizing the IInSRRT include:

1. Executive Order (E.O.) 13112 (as amended by E.O. 13751)—This order directs Federal agencies, including DOI, to prevent the introduction of invasive species, detect and respond rapidly to new invasions, and control and eradicate established invasive species. It also mandates restoration of native species and habitats impacted by invasive species.

2. National Invasive Species Council (NISC)—DOI is a leading member of NISC, which coordinates federal efforts to address invasive species. The Council provides national leadership and policy guidance to improve the efficiency and effectiveness of federal responses.

3. The Fish and Wildlife Act (16 U.S.C. 742a-742k)—This law establishes a policy for fish, shellfish, and wildlife resources in the U.S. It protects and directs their management
