

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed fees apply only to an optional premium co-location service. Customers are not required to purchase Liquid-Cooled Cabinet installation, Liquid-Cooled Cabinet Power Installation or Liquid-Cooled Cabinet Power to connect to the Exchange or to receive co-location services, and customers will continue to have existing options for cabinet and power offerings to satisfy their business needs.

The Exchange believes that the proposal may enhance competition by expanding the range of optional co-location services available to customers, including customers that seek infrastructure options designed to support increasingly power-dense equipment. The proposal also gives customers flexibility to choose between a Nasdaq-provided Liquid-Cooled Cabinet and a customer-provided Liquid-Cooled Cabinet based on their business and infrastructure needs. The proposed fee structure reflects the value of the enhanced functionality, specialized infrastructure, customer choice, and dedicated capacity associated with Liquid-Cooled Cabinets, Liquid-Cooled Cabinet Power Installation and Liquid-Cooled Cabinet Power, and customers remain free to use existing cabinet and power offerings to satisfy their business needs. Accordingly, the Exchange does not believe that the proposal will impose any burden on intermarket or intramarket competition.
