

submission of case briefs and written comments will be notified to interested parties at a later date. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice in the **Federal Register**. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

U.S. International Trade Commission (ITC) Notification

In accordance with section 703(f) of the Act, Commerce will notify the ITC of its determination. If the final

determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of air compressors from Vietnam are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act, and 19 CFR 351.205(c).

Dated: September 28, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of certain stationary and portable air compressors, whether electric, gas, or battery powered, including electric motor and gasoline engine powered air compressors with either oil free or oil lubricated reciprocating pumps, and with an integrated pressure vessel that ranges in size from 1 to 80 gallons. The compressors may be either direct drive or belt driven.

Direct drive air compressors included in the scope have a motor connected directly to the compressor element. Belt driven air compressors included in the scope have a motor connected to the compressor crankshaft with a belt. Direct drive air compressors are more often portable but can be stationary, while belt driven air compressors are either portable or stationary.

Covered air compressors have a power level designation between 373 watts (0.5 HP) and 22.37 kilowatts (30 HP). Specifically, portable air compressors often range in power from 0.5 HP (373 watts) to 15HP (11.19 KW). Reciprocating stationary air compressors range in power from 0.5 HP (373 watts) to 25HP (18.64 KW). However, a portable or stationary air compressor with a different power level, within the range of 373 watts to 22.37 KW, and otherwise meeting the language of the scope, is covered by the scope. The scope includes only certain reciprocating (piston) compressors, which use a piston moving back and forth in a cylinder to compress the air. The scope also includes unfinished compressors exported from the subject countries. Subject merchandise also includes finished and unfinished compressors that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope air compressors. The additional parts used to complete "unfinished compressors" in a third country are subject to the scope of the investigation.

For the purposes of this scope, "unfinished compressors" are compressors which require

additional fabrication such as labeling, and packaging, and kitting operations adding accessories.

Specifically included in the scope are compressors which are imported as part of a package with accessories or other products, or kit. Such accessories include but are not limited to hoses, fittings, tool kits, oils, nail guns, pneumatic paint sprayers, air ratchet wrenches, air grease guns, air drills, air hammers, air sanders, air inflators, and air impact drivers. If such accessories or other products are imported separately from the air compressor, such products are not subject to the scope of the investigation.

Specifically excluded from the scope are AC, DC, and battery powered inflators without an integrated air tank or air reservoir that have an output of 1 CFM or less.

The scope excludes rotary compressors. Types of rotary compressors excluded from the scope are rotary screw, rotary vane, and scroll compressors. The scope also excludes dynamic compressors. Types of dynamic compressors excluded from the scope are centrifugal compressors and axial compressors, where rotating impellers or blades compress air.

The in-scope stationary air compressors are classified under subheadings 8414.80.1615, 8414.80.1625, and 8414.80.1635 of the Harmonized Tariff Schedule of the United States (HTSUS). The in-scope portable air compressors are classified under subheading 8414.80.1685 of the HTSUS. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the covered merchandise is dispositive.

Suspended Investigations

No Sunset Reviews of suspended investigations are scheduled for initiation in November 2026.

Commerce’s procedures for the conduct of Sunset Reviews are set forth in 19 CFR 351.218. The *Notice of Initiation of Five-Year (Sunset) Review* provides further information regarding what is required of all parties to participate in Sunset Reviews.

Pursuant to 19 CFR 351.103(c), Commerce will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service lists, it is requested that those seeking recognition as interested parties to a proceeding contact Commerce in writing within 10 days of the publication of the Notice of Initiation.

Note that if Commerce receives a Notice of Intent to Participate from a member of the domestic industry within 15 days of the date of initiation, the review will continue.

Thereafter, any interested party wishing to participate in the Sunset Review must provide substantive comments in response to the notice of initiation no later than 30 days after the date of initiation. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹ An electronically-filed document must be received successfully in its entirety via Commerce’s online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS) by 5:00 p.m. Eastern Time on the day on

which it is due. For further information on procedures for filing information with Commerce through ACCESS, refer to User Guide found at <https://access.trade.gov/help>.

In prior proceedings we have encouraged interested parties to provide an executive summary of their comments, including footnotes. In these sunset reviews, we request that interested parties provide, at the beginning of their comments, an executive summary for each issue raised in their comments. Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the decision memorandum that will accompany the notice to be published in the **Federal Register**. Finally, we request that interested parties include footnotes for relevant citations in the public executive summary of each issue.

Notification to Interested Parties

This notice is not required by statute but is published as a service to the international trading community.
