

(Commerce) and the U.S. International Trade Commission automatically initiate and conduct reviews to determine whether revocation of an antidumping duty or countervailing duty order or termination of an investigation suspended under section 704 or 734 of the Act would be likely

to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Pursuant to section 751(c) of the Act, the following Sunset Reviews are scheduled for initiation in November 2026 and will appear in that month's *Notice of Initiation of Five-Year Sunset Reviews* (Sunset Review).

Suspended Investigations

No Sunset Reviews of suspended investigations are scheduled for initiation in November 2026.

Commerce's procedures for the conduct of Sunset Reviews are set forth in 19 CFR 351.218. The *Notice of Initiation of Five-Year (Sunset) Review* provides further information regarding what is required of all parties to participate in Sunset Reviews.

Pursuant to 19 CFR 351.103(c), Commerce will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service lists, it is requested that those seeking recognition as interested parties to a proceeding contact Commerce in writing within 10 days of the publication of the Notice of Initiation.

Note that if Commerce receives a Notice of Intent to Participate from a member of the domestic industry within 15 days of the date of initiation, the review will continue.

Thereafter, any interested party wishing to participate in the Sunset Review must provide substantive comments in response to the notice of initiation no later than 30 days after the date of initiation. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹ An electronically-filed document must be received successfully in its entirety via Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS) by 5:00 p.m. Eastern Time on the day on

which it is due. For further information on procedures for filing information with Commerce through ACCESS, refer to User Guide found at <https://access.trade.gov/help>.

In prior proceedings we have encouraged interested parties to provide an executive summary of their comments, including footnotes. In these sunset reviews, we request that interested parties provide, at the beginning of their comments, an executive summary for each issue raised in their comments. Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the decision memorandum that will accompany the notice to be published in the **Federal Register**. Finally, we request that interested parties include footnotes for relevant citations in the public executive summary of each issue.

Stationary and Portable Air Compressors From the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of stationary and portable air compressors (air compressors) from the People's Republic of China (China). The period of investigation is January 1, 2025, through December 31, 2025. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable October 1, 2026.

FOR FURTHER INFORMATION CONTACT:

Jonathan Hall-Eastman or Maria Teresa Aymerich, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6467 or (202) 482-0499, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation

¹ See *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings; Final Rule*, 88 FR 67069 (September 29, 2023).

in the **Federal Register** on May 27, 2026.¹ On July 17, 2026, Commerce postponed the preliminary determination of this investigation.² Accordingly, the deadline for this preliminary determination is now September 28, 2026.³

For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.⁴ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Investigation

The products covered by this investigation are air compressors from China. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁵ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁶ Certain interested parties commented on the scope of this investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary

determination, and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum.⁷ Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*. *See* the scope of this investigation in Appendix I.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁸

In making these findings, Commerce relied, in part, on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to Commerce's requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁹ For further information, *see* the "Use of Facts Otherwise Available and Adverse Inferences" section in the Preliminary Decision Memorandum.

Alignment

In accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final countervailing duty (CVD) determination in this investigation with the final determination in the companion less-than-fair-value (LTFV) investigation of air compressors from China based on a request made by MAT Industries, LLC. (the petitioner).¹⁰ Consequently, the final CVD determination will be issued on the same date as the final LTFV determination, which is currently scheduled to be issued no later than February 10, 2027, unless postponed.

¹⁰ *See* Petitioner's Letter, "Petitioner's Request to Align Countervailing Duty Investigation Final Determinations with Antidumping Duty Investigation Final Determinations," dated September 2, 2026.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

In this investigation, Commerce preliminarily assigned a rate based entirely on facts available to mandatory respondent Suzhou Alton Electrical & Mechanical Industry Co., Ltd. (Suzhou Alton). Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts otherwise available is the rate calculated for mandatory respondent FNA (Zhejiang) Co., Ltd. (FNZ). Consequently, Commerce assigned the rate calculated for FNZ as the rate for all other producers and exporters.

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
FNA (Zhejiang) Co., Ltd.	3.84
Shanghai Aote E-Commerce Co., Ltd.	* 112.29
Shanghai Greeley Industry Co., Ltd.	* 112.29
Suzhou Alton Electrical & Mechanical Industry Co., Ltd.	* 112.29
Suzhou Honbase Machinery Manufactur.	* 112.29
Taizhou Huanyang Electric & Machinery Co., Ltd.	* 112.29
Yancheng Dafeng Zhenlian Machinery	* 112.29
All Others	3.84

*This rate is based on facts available with adverse inferences.

Suspension of Liquidation

In accordance with section 703(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to section 703(d)(1)(B) of the Act and 19 CFR 351.107(e), Commerce will instruct CBP to require a cash deposit equal to the estimated company-specific countervailable subsidy rate or the

estimated all-others rate, as follows: (1) the cash deposit rate for the respondents listed above will be equal to the company-specific estimated individual countervailable subsidy rates determined in this preliminary determination; (2) if both the producer and exporter of the subject merchandise have company-specific estimated subsidy rates determined in this preliminary determination, and their rates differ, then the applicable cash deposit rate will be the higher of these two rates; (3) if either the producer or the exporter, but not both, of the subject merchandise have a company-specific estimated subsidy rate determined in this preliminary determination, the applicable cash deposit rate will be that company's company-specific rate; and (4) the cash deposit rate for all other producers and exporters will be equal to the estimated all-others subsidy rate.

Disclosure

Commerce intends to disclose to parties to the proceeding its calculations and analysis performed in this preliminary determination within five days of its public announcement of the preliminary determination, or if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

All interested parties will have the opportunity to submit scope case and rebuttal briefs on the preliminary decision regarding the scope of the LTFV and CVD investigations. The deadlines to submit scope case and rebuttal briefs are provided in the Preliminary Scope Decision Memorandum. For all scope case and rebuttal briefs, parties must file identical documents simultaneously on

the records of the ongoing LTFV and CVD investigations. No new factual information or business proprietary information may be included in either scope case or rebuttal briefs.

Non-scope related case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation.¹¹ A timeline for the submission of case briefs and written comments will be notified to interested parties at a later date. Rebuttal briefs, limited to issues raised in the case briefs, must be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice in the **Federal Register**. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any

participant is a foreign national; and (3) a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

U.S. International Trade Commission (ITC) Notification

In accordance with section 703(f) of the Act, Commerce will notify the ITC of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of air compressors from China are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act, and 19 CFR 351.205(c).

Dated: September 28, 2026.

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of certain stationary and portable air compressors, whether electric, gas, or battery powered, including electric motor and gasoline engine powered air compressors with either oil free or oil lubricated reciprocating pumps, and with an integrated pressure vessel that ranges in size from 1 to 80 gallons. The compressors may be either direct drive or belt driven.

Direct drive air compressors included in the scope have a motor connected directly to the compressor element. Belt driven air compressors included in the scope have a motor connected to the compressor crankshaft with a belt. Direct drive air compressors are more often portable but can be stationary, while belt driven air compressors are either portable or stationary.

Covered air compressors have a power level designation between 373 watts (0.5 HP) and 22.37 kilowatts (30 HP). Specifically, portable air compressors often range in power from 0.5HP (373 watts) to 15HP (11.19KW). Reciprocating stationary air compressors range in power from 0.5HP (373 watts) to 25HP (18.64KW). However, a portable or stationary air compressor with a different power level, within the range of 373 watts to 22.37 KW, and otherwise meeting the language of the scope, is covered by the scope. The scope includes only certain reciprocating (piston) compressors, which use a piston moving back and forth in a cylinder to compress the air. The scope also includes unfinished compressors exported

from the subject countries. Subject merchandise also includes finished and unfinished compressors that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the in-scope air compressors. The additional parts used to complete “unfinished compressors” in a third country are subject to the scope of the investigation.

For the purposes of this scope, “unfinished compressors” are compressors which require additional fabrication such as labeling, and packaging, and kitting operations adding accessories.

Specifically included in the scope are compressors which are imported as part of a package with accessories or other products, or kit. Such accessories include but are not limited to hoses, fittings, tool kits, oils, nail guns, pneumatic paint sprayers, air ratchet wrenches, air grease guns, air drills, air hammers, air sanders, air inflators, and air impact drivers. If such accessories or other products are imported separately from the air compressor, such products are not subject to the scope of the investigation.

Specifically excluded from the scope are AC, DC, and battery powered inflators without an integrated air tank or air reservoir that have an output of 1 CFM or less.

The scope excludes rotary compressors. Types of rotary compressors excluded from the scope are rotary screw, rotary vane, and scroll compressors. The scope also excludes dynamic compressors. Types of dynamic compressors excluded from the scope are centrifugal compressors and axial compressors, where rotating impellers or blades compress air.

The in-scope stationary air compressors are classified under subheadings 8414.80.1615, 8414.80.1625, and 8414.80.1635 of the Harmonized Tariff Schedule of the United States (HTSUS). The in-scope portable air compressors are classified under subheading 8414.80.1685 of the HTSUS. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the covered merchandise is dispositive.

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with August anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable October 1, 2026.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with August anniversary dates. All deadlines for the submission of various types of information, certifications, comments, or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based either on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR) or questionnaires in which we request the quantity and value (Q&V) of sales, shipments, or exports during the POR. Where Commerce selects respondents based on CBP data, we normally intend to place the CBP data on the record within five days of publication of the initiation notice. Where Commerce selects respondents based on Q&V data, Commerce intends to place the Q&V questionnaire on the record of the review within five days of publication of the initiation notice. In either case, we intend to make our respondent selection decision within 35 days of the **Federal Register** publication of the

initiation notice. Comments regarding the CBP data (and/or Q&V data (where applicable)) and respondent selection should be submitted within seven days after the placement of the CBP data/ submission of the Q&V data on the record of the review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (e.g., treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of the review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of the AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to the review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to: (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Q&V questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of the proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.
