Needs and Uses: The collection of information is necessary to protect against foreign interference with DoD telecommunications, which could jeopardize our military communications, the lives of our warfighters, and our national security. The collection of information is essential to the mission of the agencies to ensure DoD does not purchase prohibited equipment, systems, and services, and can respond appropriately if any such purchases are not identified until after delivery or use. This requirement supports implementation of section 1656(b) of the National Defense Authorization Act for Fiscal Year 2018. Section 1656 prohibits DoD from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out the nuclear deterrence mission and homeland defense mission that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as a part of any system. This requirement is implemented in the Defense Federal Acquisition Regulation Supplement (DFARS) through the solicitation provision at 252.204–7017, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services—Representation, and the contract clause at 252.204–2018, Prohibition on Acquisition of Covered Defense Telecommunications Equipment or Services. This clearance covers the following requirements:

- DFARS 252.204–7017 requires that if an offeror provides an affirmative representation under the solicitation provision at 252.204–7016, Covered Defense Telecommunications Equipment or Services—Representation, that offeror is required to represent whether it will or will not provide under the contract covered defense telecommunications equipment or services.

- DFARS 252.204–7018 requires contractors to report covered telecommunications equipment, systems, and services identified during performance of a contract.

Title and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 247, Transportation and Related Clauses at 252.247; OMB Control Number 0704–0245.

Affected Public: Businesses or other for-profit and not-for profit institutions.

Respondent's Obligation: Required to obtain or retain benefits.

Frequency: On occasion.

Number of Respondents: 2,348.

Responses per Respondent: 6.98, approximately.

Annual Responses: 16,379.

Annual Burden per Response: 1.06 hours, approximately.

Annual Burden Hours: 17,288.

Needs and Uses: DoD contracting officers use this information to verify that prospective contractors have adequate insurance prior to award of stevedoring contracts; to provide appropriate price adjustments to stevedoring contracts; to assist the Maritime Administration in monitoring compliance with requirements for use of U.S.-flag vessels in accordance with the Cargo Preference Act of 1904 (10 U.S.C. 2631); and to provide appropriate and timely shipping documentation and instructions to contractors.

The clause at DFARS 252.247–7000, Hardship Conditions, is prescribed at DFARS 247.270–4(a) for use in all solicitations and contracts for the acquisition of stevedoring services. Paragraph (a) of the clause requires the contractor to notify the contracting officer of unusual conditions associated with loading or unloading a particular cargo, for potential adjustment of contract labor rates; and to submit any associated request for price adjustment to the contracting officer within 10 working days of the vessel sailing time.

The clause at DFARS 252.247–7002, Revision of Prices, is prescribed at DFARS 247.270–4(b) for use in solicitations and contracts when using negotiation to acquire stevedoring services. Paragraph (c) of the clause provides that, at any time, either the contracting officer or the contractor may deliver to the other a written demand that the parties negotiate to revise the prices under the contract. Paragraph (d) of the clause requires that, if either party

makes such a demand, the contractor must submit relevant data upon which to base negotiations.

The clause at DFARS 252.247–7007, Liability and Insurance, is prescribed at DFARS 247.270–4(c) for use in all solicitations and contracts for the acquisition of stevedoring services. Paragraph (b) of the clause requires the contractor to notify the Government of its intent to transport supplies by sea in the performance of the contract. Paragraph (e) of the clause requires the contractor to submit any requests for use of other than U.S.-flag vessels in writing to the contracting officer. Paragraph (f) of the clause requires the contractor to submit one copy of the rated on board vessel operating carrier's ocean bill of lading. Paragraph (g) of the clause, if the contract exceeds the simplified acquisition threshold, requires the contractor to represent, with its final invoice, that: (1) no ocean transportation was used in the performance of the contract; (2) only U.S.-flag vessels were used for all ocean shipments under the contract; (3) the contractor had the written consent of the contracting officer for all non-U.S.-flag ocean transportation; or (4) shipments were made on non-U.S.-flag vessels without the written consent of the contracting officer. Contractors must flow down these requirements to noncommercial subcontracts and certain types of commercial subcontracts. Subcontracts at or below the simplified acquisition threshold are excluded from the requirements of paragraph (g) stated above. Paragraph (i) of the clause requires the contractor, after award, to notify the contracting officer if the contractor learns that supplies will be transported by sea and the contractor did not anticipate transporting any supplies by sea at the time of contract award.

The provision at DFARS 252.247–7026, Evaluation Preference for Use of Domestic Shipyards — Applicable to Acquisition of Carriage by Vessel for DoD Cargo in the Coastwise or Noncontiguous Trade, is prescribed at DFARS 247.574(d) for use in solicitations that require a covered vessel for carriage of cargo for DoD.
