

Federal Register before November 4, 2021, Commerce created an annual inquiry service list segment for each order and suspended investigation. Interested parties who wished to be added to the annual inquiry service list for an order submitted an entry of appearance to the annual inquiry service list segment for the order in ACCESS and, on November 4, 2021, Commerce finalized the initial annual inquiry service lists for each order and suspended investigation. Each annual inquiry service list has been saved as a public service list in ACCESS, under each case number, and under a specific segment type called “AISL-Annual Inquiry Service List.”¹¹

As mentioned in the *Procedural Guidance*, beginning in January 2022, Commerce will update these annual inquiry service lists on an annual basis when the *Opportunity Notice* for the anniversary month of the order or suspended investigation is published in the **Federal Register**.¹² Accordingly, Commerce will update the annual inquiry service lists for the above-listed AD and CVD proceedings. All interested parties wishing to appear on the updated annual inquiry service list must take one of the two following actions: (1) new interested parties who did not previously submit an entry of appearance must submit a new entry of appearance at this time; (2) interested parties who were included in the preceding annual inquiry service list must submit an amended entry of appearance to be included in the next year’s annual inquiry service list. For these interested parties, Commerce will change the entry of appearance status from “Active” to “Needs Amendment” for the annual inquiry service lists corresponding to the above-listed proceedings. This will allow those interested parties to make any necessary amendments and resubmit their entries of appearance. If no amendments need to be made, the interested party should indicate in the area on the ACCESS form requesting an explanation for the amendment that it is resubmitting its entry of appearance for inclusion in the annual inquiry service list for the

¹¹ This segment has been combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A-000-000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as “AISL-January Anniversary.” Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

following year. As mentioned in the *Final Rule*,¹³ once the petitioners and foreign governments have submitted an entry of appearance for the first time, they will automatically be added to the updated annual inquiry service list each year.

Interested parties have 30 days after the date of this notice to submit new or amended entries of appearance. Commerce will then finalize the annual inquiry service lists five business days thereafter. For ease of administration, please note that Commerce requests that law firms with more than one attorney representing interested parties in a proceeding designate a lead attorney to be included on the annual inquiry service list.

Commerce may update an annual inquiry service list at any time as needed based on interested parties’ amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website at <https://access.trade.gov>.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, “after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.”¹⁴ Accordingly, as stated above and pursuant to 19 CFR 351.225(n)(3), the petitioners and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Analysis of Comments Received

All issues raised in the case briefs and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁵ For a full description of the methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in these inquiries are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached as an appendix to this notice. Based on our analysis of the comments received from interested parties, we made no changes to the *Preliminary Results*.

Final Results of Review

As a result of this review, we determine the following net countervailable subsidy rates exist for the period January 1, 2023, through December 31, 2023:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Assan Aluminyum Sanayi ve Ticaret A.S. ⁶	2.65
Panda Aluminyum A.S. ⁷	3.82

⁵ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with the final results of a review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, as we have made no changes from the *Preliminary Results*, there are no new calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and CBP shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review for Assan and Panda at the applicable *ad valorem* assessment rate listed in the table above. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above for Assan and Panda on shipments of the subject merchandise entered, or withdrawn from warehouse for consumption on or

⁶ As discussed in the *Preliminary Results* PDM, Commerce has found the following companies to be cross-owned with Assan Aluminyum Sanayi ve Ticaret A.S. (Assan): Ispak Esnek Ambalaj Sanayi A.S.; and Kibar Holding A.S. We note that Assan has an affiliated trading company through which it exported certain subject merchandise, Kibar Dis Ticaret A.S. (Kibar Dis). Therefore, because Kibar Dis' subsidies are included as part of Assan's total subsidy rate, we have not assigned a subsidy rate to Kibar Dis. Entries of subject merchandise exported by Kibar Dis will receive the rate of the producer listed on the U.S. Customs and Border Protection (CBP) entry form.

⁷ We note that Panda Aluminyum A.S. (Panda) has an affiliated trading company through which it exported certain subject merchandise, Seherli Danışmanlık A.Ş. (Seherli). Seherli was not selected as a mandatory respondent but was examined in the context of Panda. Therefore, because Seherli's subsidies are included as part of Panda's total subsidy rate, we have not assigned a subsidy rate to Seherli. Entries of subject merchandise exported by Seherli will receive the rate of the producer listed on the CBP entry form.

after the date of publication of the final results of this administrative review.

For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific rate applicable to the company or the all-others rate, as appropriate. These cash deposits requirements, effective upon the publication of these final results, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: September 29, 2026.

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Carbon Steel Butt-Weld Pipe Fittings From the People’s Republic of China: Notice of Court Decision Not in Harmony With Final Covered Merchandise Determination and Notice of Amended Covered Merchandise Determination Pursuant to Court Decision; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published notice to the public in the **Federal Register** of August 28, 2026 that the U.S. Court of International Trade’s (CIT) final judgment was not in harmony with Commerce’s covered merchandise inquiry (CMI) determination. Specifically, Commerce amended the CMI determination to find that products cut to length and formed into the rough shape of certain carbon steel butt-weld pipe fittings (butt-weld pipe fittings) in the People’s Republic of China (China) represent “unfinished” fittings, which are covered by the scope of the *Order*, and that when such products are further processed in the Socialist Republic of Vietnam (Vietnam), they remain subject to the antidumping (AD) order on butt-weld pipe fittings from China. This notice did not provide clear notice to parties that the liquidation of entries of these unfinished fittings will be retroactively suspended.

FOR FURTHER INFORMATION CONTACT: Miranda Bourdeau, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2021.

SUPPLEMENTARY INFORMATION:**Background**

On August 28, 2026, Commerce published in the **Federal Register** a notice that the CIT’s final judgment was not in harmony with Commerce’s CMI determination.¹ Specifically, Commerce

amended the CMI determination to find that products cut to length and formed into the rough shape of a butt-weld pipe fitting in China represent unfinished fittings, which are covered by the scope of the *Order*,² and that when such products are further processed in the Vietnam, they remain subject to the AD order on butt-weld pipe fittings from China.³ We did not provide clear notice to parties that that liquidation of entries of these unfinished fittings will be retroactively suspended.

Correction

In the **Federal Register** of August 28, 2026, in FR Doc 2026–17621, on page 55518, in the third column, correct the notice to include the following paragraph before the “Liquidation of Suspended Entries” section.

Continuation of Suspension of Liquidation

As stated above, Commerce has made an affirmative finding that unfinished fittings originating from China that undergo the second and third stages of production in Vietnam, which were the subject of this referral from U.S. Customs and Border Protection (CBP), are subject to the scope of the *Order*. This affirmative in-scope finding applies on a country-wide exporter, or importer, basis to all products from the same country with the same relevant physical characteristics as the products at issue. Therefore, in accordance with 19 CFR 351.227(l)(3), for these products, Commerce will direct CBP to: (1) continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate; (2) suspend liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after September 26, 2022, the date of publication of the notice of initiation of this covered merchandise inquiry in the **Federal Register**; and (3) suspend liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not
