Abstract: Title 5 of the U.S. Code section 5911 authorizes Federal agencies to provide housing for Government employees under specified

circumstances. In compliance with OMB Circular A-45 (Revised), Rental and Construction of Government Housing, a review of private rental market housing rates is required at least once every 5 years to ensure that the rental, utility charges, and charges for related services to occupants of Government Furnished Housing (GFH) are comparable to corresponding charges in the private sector. To avoid unnecessary duplication and inconsistent rental rates, the Department of the Interior, Office of the Secretary, Interior Business Center (on behalf of the Office of Acquisition and Property Management), conducts housing surveys in support of employee housing management programs for the Departments of the Interior (DOI), Agriculture, Commerce, Homeland Security, Justice, Transportation, Health and Human Services, Veterans Affairs, and other agencies. In this survey, two collection forms are used for rental unit data: OS-2000 covering "Houses-Apartments-Mobile Homes," and OS-2001 covering "Trailer Spaces."

Respondents are typically property management companies or significant property owners in specific communities and are contacted by email or telephone. They may provide the rental unit information requested in OS-2000 and OS-2001 verbally, update rental data collected during a previous survey, enhance/complete rental data gathered from published sources, or provide lists of rental units they manage.

This collection of information provides data that is essential for DOI and the other Federal agencies to manage GFH in accordance with the requirements of OMB Circular A-45 (Revised). If this information were not collected from the public, DOI and the other Federal agencies providing GFH would be required to use professional real estate appraisals of private market rental costs, again, in accordance with OMB Circular A-45, but at an increased cost to the taxpayer.

Title of Collection: Private Rental Survey.

OMB Control Number: 1084-0033.

Form Number: OS-2000 and OS-2001.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Businesses and other for-profit institutions.

Total Estimated Number of Annual Respondents: 1,883.

Total Estimated Number of Annual Responses: OS-2000: 3,180; OS-2001: 359; Total: 3,539.

Estimated Completion Time per Response: 6 minutes for OS-2000 and 4 minutes for OS-2001.

Total Estimated Number of Annual Burden Hours: 342 hours.

Respondent's Obligation: Voluntary.

Frequency of Collection: Once per respondent every fourth year. Three or four of 16 total survey regions are surveyed every year. Therefore, a respondent or business may potentially be surveyed every fourth year if the exact same unit is surveyed again four years later. In addition, if an individual respondent or business is a significant rental property manager or rental property owner in the community, they may provide multiple responses in the same survey. Approximately 63% of respondents furnish more than one rental unit (OS-2000 and OS-2001). About 60% of respondents validate published data (tax records, advertisement, etc.), 30% update their previous survey data, and 10% furnish a new OS-2000 or OS-2001. Participation is optional.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Departmental Information Collection Clearance Officer.
