

no overpayments or payments to an erroneous party.

IORs will submit the information related to their refund request to CBP through the ACE Portal. Alternatively, IORs may have their information submitted to CBP using a licensed customs broker. Brokers are licensed through CBP to conduct customs business on behalf of their IOR clients. In order to receive a refund through the CAPE process, the IOR, or their designated broker, must have an active and up-to-date ACE Portal account and supporting profile. If a broker is filing a CAPE Declaration on an IOR's behalf, they must be the "notify party" designated in the appropriate ACE account. Only ACE account holders will be able to file a CAPE Declaration through the CAPE tool.

Most small businesses do not have an ACE account and instead enlist the assistance of a licensed customs broker to conduct business on their behalf. They will continue to be able, and are expected, to use their customs brokers for the IEEPA refunds process and CAPE.

It is also important to note that the Federal Government no longer disburses paper checks, but issues refunds electronically via Automated Clearinghouse (ACH). The transition to electronic refunds is in line with Executive Order 12247 and was implemented by CBP via the Interim Final Rule (IFR) *Electronic Refunds* (91 FR 21) in January 2026. CBP is currently holding refunds for filers who do not have an ACH account on file in ACE. CBP will continue to do the same for IEEPA Refunds. As noted in the IFR: "If an importer believes that one of the waiver criteria in 31 CFR part 208 applies and seeks payment of its refund via a U.S. Treasury check, the importer must notify CBP's Revenue Division in writing at frn-achrefundsupport@cbp.dhs.gov." CBP does not believe it is necessary at this time to create a procedure outside the one established in the IFR.

The term "Declaration filer" will be used going forward to cover both IORs who file their own IEEPA refund requests or their designated licensed customs broker.

Previously Approved Emergency Changes

The following modified information collection listed below was submitted to OMB for consideration of approval on an emergency clearance, with the justification of an unanticipated event and reasons to believe following the normal PRA process is likely to prevent or disrupt the collection of information

and cause public harm. CBP welcomes public to comment on these approved changes.

To submit an IEEPA refund CAPE declaration, an IOR, or their broker, will submit a Comma-Separated Values (CSV) file with a list of entry summary numbers to the CAPE tool through the ACE Portal. Depending on the CAPE Declaration, this file may contain only a few lines of data or thousands of lines of data (there is a limit of 9,999 entries per CAPE Declaration). If the file submitted is rejected based on the screening and validation CBP will conduct prior to accepting a CAPE Declaration, the Declaration filer will need to adjust their CSV file and resubmit. CBP will issue technical guidance to filers to minimize the number of rejections/resubmissions.

Although the CIT suspended its order "to the extent that it directs immediate compliance," the order indicates that this suspension was based on the CBP declaration filed in that case on March 6, 2026, which declared that CBP anticipates that CAPE would be ready April 20, 2026, and any delay would pose risks for CBP in following CIT orders and for returning those duties deemed refundable with the end of IEEPA.
