SUPPLEMENTARY INFORMATION:

Background

On August 22, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the

antidumping duty (AD) order on steel concrete reinforcing bar (rebar) from the Republic of Türkiye (Türkiye).¹ On September 9, 2025, Commerce selected Colakoglu Metalurji A.S.; Colakoglu Dis Ticaret A.S. (collectively, Colakoglu) as the sole mandatory respondent in this review.² Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.³ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ On May 20, 2026, Commerce extended the preliminary results of this review by 70 days.⁵ On August 3, 2026, Commerce extended the deadline for the preliminary results of this administrative review by an additional 28 days.⁶ Finally, on September 3, 2026, Commerce extended the deadline for the preliminary results of this administrative review by an additional 14 days, until no later than September 29, 2026.⁷

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an AD order where it concludes that there were no suspended entries of subject merchandise during the POR.⁹ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate for the review period.¹⁰ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the AD assessment rate calculated for the POR.¹¹ Commerce notified all interested parties of its intent to rescind the instant review regarding the companies listed in Appendix II because there were no reviewable, suspended entries of subject merchandise from these companies during the POR and invited interested

¹¹ See, e.g., *Shanghai Sunbeauty Trading Co. v. United States*, 380 F.Supp.3d 1328, 1337 (CIT 2019), at 12 (referring to section 751(a) of the Act, the U.S. Court of International Trade held that “[w]hile the statute does not explicitly require that an entry be suspended as a prerequisite for establishing entitlement to a review, it does explicitly state the determined rate will be used as the liquidation rate for the reviewed entries.
