

The meeting will be held as a virtual meeting and will be open to the public as indicated below. Individuals who plan to view the virtual meeting and need special assistance or other reasonable accommodations to view the meeting, should notify the Contact Person listed below in advance of the meeting. The meeting can be accessed by clicking on the links below.

Name of Committee: President's Cancer Panel.

Date: October 15, 2026.

Time: 9:00 a.m. to 1:00 p.m.

Agenda: Opportunities to Reduce Obesity-Related Cancer Risk: GLP-1 Medications.

Address: National Institutes of Health, 31 Center Drive, Room 11A30B, Bethesda, MD 20892.

Meeting Format: Virtual Meeting. Access to Meeting: <https://cbiit.webex.com/webex/register/r8def1cffd7e6e17a9b599f8f3c6e9441>.

Contact Person: Samantha L. Finstad, Ph.D., Executive Secretary, President's Cancer Panel, Office of the Director, National Cancer Institute, NIH, 31 Center Drive, Room 11A30B, MSC 2590, Bethesda, MD 20892, 240-276-6460, samantha.finstad@nih.gov.

Registration is not required to attend this meeting.

Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the PCP website: <https://prescancerpanel.cancer.gov/>, where an agenda, instructions for accessing the virtual meeting, and any additional information for the meeting will be posted when available.

(Catalogue of Federal Domestic Assistance Program Nos. 93.392, Cancer Construction; 93.393, Cancer Cause and Prevention Research; 93.394, Cancer Detection and Diagnosis Research; 93.395, Cancer Treatment Research; 93.396, Cancer Biology Research; 93.397, Cancer Centers Support; 93.398, Cancer Research Manpower; 93.399, Cancer Control, National Institutes of Health, HHS)

Dated: October 1, 2026.

Kuleni D. Onnen,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2026-0003; OMB No. 1660-0072]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Hazard Mitigation Grant Programs

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the information collection instruments for Hazard Mitigation Grant Programs (HMA).

DATES: Comments must be submitted on or before November 5, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or H-Camille Crain, Deputy Director, Documents, Design, Program Effectiveness Branch, FEMA, at 202-212-4871 or via email at H-Camille.Crain@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: This collection of information is necessary for eligibility determinations, grants management, and compliance with other Federal laws and regulations for HMA's financial and technical assistance programs. HMA programs

included in this information collection are the Flood Mitigation Assistance (FMA) program and FMA Swift Current (Swift Current), the Building Resilient Infrastructure and Communities (BRIC) program, BRIC Direct Technical Assistance (DTA), the Pre-Disaster Mitigation (PDM) program, the Safeguarding Tomorrow Revolving Loan Fund (RLF) Program, the Rehabilitation of High Hazard Potential Dams (HHPD), and the National Dam Safety Program (NDSP).

The FMA program and FMA's Swift Current is authorized by section 1366 of the National Flood Insurance Act of 1968, as amended (Pub. L. 90-448, 42 U.S.C. 4104c); the Flood Disaster Protection Act of 1973 (Pub. L. 93-234, 42 U.S.C. 4001 *et seq.*); and the National Flood Insurance Reform Act of 1994 (Pub. L. 103-325, 42 U.S.C. 4001). FMA under 44 CFR part 77 (October 1, 2021) (previously located at 44 CFR part 79) provides funding for measures taken to reduce or eliminate the long-term risk of flood damage to buildings, manufactured homes, and other structures insured under the National Flood Insurance Program (NFIP).

The BRIC program is authorized by section 203 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), as amended (Pub. L. 93-288, 42 U.S.C. 5133). The BRIC program seeks to fund effective and innovative activities that will reduce risk, increase resilience, and serve as a catalyst to encourage the whole community to invest in and adopt hazard mitigation policies. BRIC is designed to promote a national culture of preparedness and public safety by encouraging investments to protect our communities and infrastructure and strengthen our national hazard mitigation capabilities to foster resilience.

BRIC DTA provides non-financial direct technical assistance as authorized by section 203 of the Stafford Act (42 U.S.C. 5133) to eligible communities, helping them reduce risks from natural disasters and build resilience. The program offers hands-on guidance for developing and implementing mitigation projects, navigating funding opportunities, and strengthening local capability and capacity to address natural hazards. BRIC DTA focuses on ensuring communities can access resources and expertise to enhance disaster preparedness and resilience.

The PDM grant program is authorized under section 203 of the Stafford Act (42 U.S.C. 5133). PDM makes Federal funds available to State, local, Tribal, and territorial governments to plan for and implement sustainable cost-effective

measures designed to reduce the risk to individuals and property from future natural hazards, while also reducing reliance on federal funding from future disasters.

The NDSP is authorized under section 215 of the Water Resources Development Act of 1996 (Pub. L. 104–303, 33 U.S.C. 467f). The NDSP was most recently reauthorized in the Water Resources Reform and Development Act of 2024 (Pub. L. 118–272, 33 U.S.C. 467j). The NDSP enhances dam safety across the United States by reducing risks to life and property associated with dam failures through coordinated efforts among federal and state agencies to improve dam safety practices, promote public awareness, and support the development and implementation of safety programs.

The HHPD program, established under section 5006 of the Water Infrastructure Improvements for the Nation Act (Pub. L. 114–332, 33 U.S.C. 467f–2) signed on December 16, 2016, is a grant program under the NDSP. The HHPD program provides technical, planning, design, and construction assistance through grants to support the rehabilitation of eligible high hazard potential dams. 33 U.S.C. 467f–2(f) mandates the development of a risk-based priority system to identify eligible high hazard potential dams for grant funding. Applicants must coordinate with the State Dam Safety offices and State Hazard Mitigation Officer to meet grant requirements, including NFIP participation, hazard mitigation plans, floodplain management plans, risk prioritization, and state dam safety agency approval.

The Safeguarding Tomorrow RLF program, authorized under section 205 of the Stafford Act (42 U.S.C. 5135), is a competitive grant program providing capitalization grants to States, eligible Federally recognized Tribes, territories, and the District of Columbia to establish revolving loan funds that provide hazard mitigation assistance for local governments to reduce risks from natural hazards and disasters.

In accordance with 2 CFR 200.204, FEMA requires that all parties interested in receiving FEMA mitigation grants submit an application package for grant assistance. Applications and subapplications for BRIC and FMA are submitted via FEMA Grants Outcomes (FEMA GO). FEMA GO was developed to meet the intent of the e-Government initiative, authorized by Federal Financial Assistance Management Improvement Act of 1999 (Pub. L. 106–107, 31 U.S.C. 6101). This initiative requires that all Government agencies both streamline grant application

processes and provide for the means to electronically create, review, and submit a grant application via the internet.

FEMA is revising this information collection by adding four new instruments for the Safeguarding Tomorrow RLF Grant (the Grants Capitalization Form, Project Proposal List, Intended Use Plan, and Environmental and Historic Preservation Checklist) and removing one instrument for the BRIC program (the BRIC National Review Panel Solicitation). The new instruments for the Safeguarding Tomorrow RLF Grant will facilitate program administration, track proposed projects, outline intended use of funds, and identify information that may be needed for an EHP review. Revisions were made to the existing EHP review instrument. FEMA is removing the BRIC National Review Panel Solicitation from this information collection to streamline the application review process. Because the application review process is now conducted entirely by internal FEMA personnel, this shift eliminates the need for external data collection, thereby reducing the regulatory burden on respondents.

This proposed information collection previously published in the **Federal Register** on February 11, 2026, at 91 FR 6238 with a 60-day public comment period. No comments were received. Two changes from the previously published notice are that FEMA is no longer adding FEMA Form FF–206–FY–26–106, HHPD Prioritization Tool to this information collection, but is adding FEMA Form FF–206–FY–26–110, Safeguarding Tomorrow Through Ongoing Risk Mitigation Revolving Loan Fund (RLF) Environmental and Historic Preservation (EHP) Checklist. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Hazard Mitigation Grant Programs.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660–0072.

FEMA Forms: FEMA Form FF–206–FY–22–151, Quarterly Progress Report (QPR); FEMA Form FF–206–FY–22–155, Building Resilient Infrastructure and Communities (BRIC) Direct Technical Assistance (DTA) Request Form; FEMA Form FF–206–FY–22–156, Model Statement of Assurances for Property Acquisition Projects; FEMA Form FF–206–FY–22–157, FEMA Model

Deed Restriction; FEMA Form FF–206–FY–22–158, Acknowledgement of Conditions For Properties Using FEMA Hazard Mitigation Assistance Grant Funds; FEMA Form FF–206–FY–26–100, Benefit Cost Analysis (BCA) Toolkit; FEMA Form FF–206–FY–26–101, Safeguarding Tomorrow Revolving Loan Fund (RLF) Grant Capitalization Application; FEMA Form FF–206–FY–26–102 Safeguarding Tomorrow Revolving Loan Fund (RLF) Project Proposal List (PPL); FEMA Form FF–206–FY–26–103, Safeguarding Tomorrow Revolving Loan Fund (RLF) Intended Use Plan (IUP); FEMA Form FF–206–FY–26–104, FEMA Go Project Narrative Subgrant Application; FEMA Form FF–206–FY–26–109, Environmental and Historic Preservation (EHP) Review; and FEMA Form FF–206–FY–26–110, Safeguarding Tomorrow Through Ongoing Risk Mitigation Revolving Loan Fund (RLF) Environmental and Historic Preservation (EHP) Checklist.

Abstract: HMA's financial and technical assistance programs use an automated grant application and management system called FEMA GO to collect information for eligibility determinations, grants management, and compliance with other Federal laws and regulations. The FEMA GO system includes application information needed to apply for funding under these grant programs. These programs seek to reduce or eliminate risk to insured structures, increase resilience, invest in community hazard mitigation policies, and strengthen local capability and capacity to address natural hazards.

Affected Public: State, local or Tribal Governments.

Estimated Number of Respondents: 705.

Estimated Number of Responses: 25,949.

Estimated Total Annual Burden Hours: 129,858.

Estimated Total Annual Respondent Cost: \$9,582,221.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$8,403,640.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the

burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Nigel S. Allicock,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111–BW–P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[OMB Control Number 1615–0082]

Agency Information Collection Activities; Extension, Without Change, of a Currently Approved Collection: Application To Replace Permanent Resident Card

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: 60-Day notice.

SUMMARY: The Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS) invites the general public and other Federal agencies to comment upon this proposed extension of a currently approved collection of information. In accordance with the Paperwork Reduction Act (PRA) of 1995, the information collection notice is published in the **Federal Register** to obtain comments regarding the nature of the information collection, the categories of respondents, the estimated burden (*i.e.* the time, effort, and resources used by the respondents to respond), the estimated cost to the respondent, and the actual information collection instruments.

DATES: Comments are encouraged and will be accepted for 60 days until December 7, 2026.

ADDRESSES: All submissions received must include the OMB Control Number 1615–0082 in the body of the letter, the agency name and Docket ID USCIS–2009–0002. Submit comments via the

Federal eRulemaking Portal website at <https://www.regulations.gov> under e-Docket ID number USCIS–2009–0002.

FOR FURTHER INFORMATION CONTACT: USCIS, Office of Policy and Strategy, Regulatory Coordination Division, telephone number (240) 721–3000 (This is not a toll-free number. Comments are not accepted via telephone message). Please note contact information provided here is solely for questions regarding this notice. It is not for individual case status inquiries. Applicants seeking information about the status of their individual cases can check Case Status Online, available at the USCIS website at <https://www.uscis.gov>, or call the USCIS Contact Center at 800–375–5283 (TTY 800–767–1833).

SUPPLEMENTARY INFORMATION:

Comments

You may access the information collection instrument with instructions or additional information by visiting the Federal eRulemaking Portal site at: <https://www.regulations.gov> and entering USCIS–2009–0002 in the search box. Comments must be submitted in English, or an English translation must be provided. All submissions will be posted, without change, to the Federal eRulemaking Portal at <https://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <https://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension, Without Change, of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Application To Replace Permanent Resident Card.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I–90; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or households. Form I–90 is used by USCIS to determine eligibility to replace a Lawful Permanent Resident Card.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection I–90 (paper) is 444,601 and the estimated hour burden per response is 1.82 hours; the estimated total number of respondents for the information collection I–90 (electronic) is 296,400 and the estimated hour burden per response is 1.59 hours; and the estimated total number of respondents for the information collection biometrics is 741,001 and the estimated hour burden per response is 1.17 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 2,146,087 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$254,163,343.

Dated: October 1, 2026.

John R. Pfirrmann-Powell,

Acting Deputy Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security.
