SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent and Trademark Resource Center (PTRC) Program is authorized under the provision of 35 U.S.C. 2(a)(2), which provides that the United States Patent and Trademark Office (USPTO) shall be responsible for disseminating information with respect to patents and trademarks to the public. The PTRC Program is comprised of public, state, and academic libraries. Each participating library designated as a PTRC must fulfill the following requirements: assist the public in the efficient use of patent and trademark resources; provide free access to patent and trademark resources provided by the USPTO; and send representatives to attend USPTO-hosted PTRC training seminars.

The USPTO collects information about the public's use of the PTRCs and training provided through the PTRC program. The PTRC Program requirements stipulate that all participating libraries must submit quarterly metrics for the public's use of PTRC services and public outreach efforts provided by the PTRCs. To facilitate that requirement, the USPTO electronically collects these metrics on a quarterly basis. This information collection enables the USPTO to see how stakeholders are being served by the PTRCs and to ascertain what changes may be needed in the types of services provided. These metrics also provide the PTRC Program Office with insight into the trainings it should offer to PTRC librarians.

II. Method of Collection

Items in this information collection must be submitted as electronic submissions.
