SUPPLEMENTARY INFORMATION:

Background

On June 3, 2026, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review and invited interested parties to comment.¹ The deadline for these final results is October 1, 2026.

For a complete description of the events since the *Preliminary Results*, see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order³

The merchandise subject to the *Order* is circular welded carbon-quality steel pipe from the United Arab Emirates. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by interested parties are addressed in the Issues and Decision Memorandum and listed in the appendix to this notice.

Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties regarding the *Preliminary Results*, we made certain changes to the weighted-average dumping margin calculations for THL Tube and Pipe Industries LLC; KHK Scaffolding and Formwork LLC; and Universal Tube and Pipe Industries FZE (collectively, Universal).⁴ For a discussion of these changes, see the Issues and Decision Memorandum.

Rates for the Non-Individually Examined Companies

The Act does not address the establishment of a rate to be applied to companies not selected for individual

examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. However, 19 CFR 351.109(g) states that Commerce will determine the rate for non-selected companies by applying the methodology set forth in 19 CFR 351.109(f)(1)–(2), which generally parallels the methodology for determining the all-others rate in an investigation under section 735(c)(5) of the Act. Under 19 CFR 351.109(f)(1) and section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

In this administrative review, we calculated weighted-average dumping margins for the individually investigated respondents, Conares Metal Supply Limited (Conares) and Universal, that are not zero, *de minimis*, or based entirely on facts otherwise available. Accordingly, we are assigning to the companies under review that were not selected for individual examination a weighted-average dumping margin equal to the weighted average of the estimated weighted-average dumping margins calculated for Conares and Universal, weighted by the mandatory respondents' publicly ranged total sales values, consistent with the guidance in section 735(c)(5)(A) of the Act.⁵

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margins exist for the period December 1, 2023, through November 30, 2024:

¹ See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Preliminary Results of Antidumping Duty Administrative Review; 2023–2024*, 91 FR 33142 (June 3, 2026) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Issues and Decision Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order on Circular Welded Carbon-Quality Steel Pipe from United Arab Emirates; 2023–2024,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

³ See *Circular Welded Carbon-Quality Steel Pipe from the Sultanate of Oman, Pakistan, and the*

United Arab Emirates: Amended Final Affirmative Antidumping Duty Determination and Antidumping Duty Orders, 81 FR 91906 (December 19, 2016) (*Order*).

⁴ See Issues and Decision Memorandum.

⁵ With two respondents under examination, Commerce normally calculates: (A) a weighted-average of the dumping margins calculated for the examined respondents; (B) a simple average of the dumping margins calculated for the examined respondents; and (C) a weighted-average of the dumping margins calculated for the examined respondents using each company's publicly ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C)

to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010); see also Memorandum, “Calculation of the Preliminary Weighted-Average Dumping Margin for the Companies Not Selected for Individual Examination,” dated concurrently with this notice.

Producer/exporter	Weighted-average dumping margin (percent)
Conares Metal Supply Limited	3.15
THL Tube and Pipe Industries LLC; KHK Scaffolding and Formwork LLC; Universal Tube and Pipe Industries FZE	5.11
Ajmal Steel Tubes & Pipes Ind. L.L.C.—Branch—1; Ajmal Steel Tubes & Pipes Ind. L.L.C	4.68
K.D. Industries Inc	4.68
TSI Metal Industries L.L.C	4.68

Disclosure

Commerce intends to disclose the calculations and analysis performed in connection with the final results of this administrative review to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the publication date of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), because Conares and Universal reported the entered value of their U.S. sales, we calculated importer-specific *ad valorem* antidumping duty assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer's examined sales to the total entered value of those sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁶

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by Conares or Universal for which the company did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate calculated in the less-than-fair-value (LTFV) investigation if there is no rate for the intermediate company(ies) involved in the transaction.⁷

⁶ See 19 CFR 351.106(c)(2); see also *Antidumping Proceeding: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification*, 77 FR 8101, 8103 (February 14, 2012).

⁷ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

For the companies listed above of that were not selected for individual examination, we will instruct CBP to assess antidumping duties on all appropriate entries at the review-specific rate, calculated as noted in the "Rate for Non-Individually Examined Companies" section, above.⁸

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in the final results of this review; (2) for previously investigated or reviewed companies not listed above, the cash deposit will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 5.95 percent, the all-others rate established in the LTFV investigation.⁹ These deposit requirements, when imposed, shall remain in effect until further notice.

⁸ See section 735(c)(5)(A) of the Act.

⁹ See *Order*, 81 FR at 91908.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: October 1, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:

Background

On May 14, 2026, Commerce published the *Preliminary Results* in the *Federal Register*, and invited interested parties to comment.¹ Commerce made no changes from the *Preliminary Results*, which are herein adopted as the final results of review. On September 8, 2026, Commerce extended the deadline for these final results to October 1, 2026.²

³ See Memorandum, “Issues and Decision Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order on Certain Frozen Warmwater Shrimp from

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁴

The merchandise covered by the *Order* is frozen warmwater shrimp from Thailand. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by interested parties in this review are addressed in the Issues and Decision Memorandum and are listed in Appendix I to this notice. Additionally, a full discussion of the issues raised by parties for these final results are discussed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/frnotices>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, Commerce made no changes to the weighted-average dumping margin calculations for Thai Union Group Public Co., Ltd. (Thai Union),⁵ Thai

Thailand; 2024–2025,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

⁴ See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Frozen Warmwater Shrimp from Thailand*, 70 FR 5145 (February 1, 2005) (*Order*).

⁵ In the 2012–2013 administrative review, Commerce found that the following companies comprised a single entity: Thai Union Frozen Products Public Co. Ltd.; Thai Union Seafood Co., Ltd.; Pakfood Public Company Limited; Asia Pacific (Thailand) Co., Ltd.; Chaophraya Cold Storage Co., Ltd.; Okeanos Co., Ltd.; Okeanos Food Co., Ltd.; Takzin Samut Co., Ltd. See *Certain Frozen Warmwater Shrimp from Thailand: Final Results of Antidumping Duty Administrative Review, Final Determination of No Shipments, and Partial Rescission of Review; 2012–2013*, 79 FR 51306 (August 28, 2014) (*Shrimp from Thailand 2012–2013*). Further, on January 5, 2016, Commerce found that Thai Union Group Public Co., Ltd. is the successor-in-interest to Thai Union Frozen Products Public Co., Ltd. See *Notice of Final Results of Antidumping Changed Circumstances Review: Certain Frozen Warmwater Shrimp from Thailand*, 81 FR 222 (January 5, 2016). Therefore, absent information to the contrary, we are treating these

Royal Frozen Food Co., Ltd. (Thai Royal), and the non-selected companies.⁶

Determination of No Shipments

In the *Preliminary Results*, we determined that the Rubicon Group,⁷ Marine Gold Products Ltd. (Marine Gold); and Thai Union Manufacturing Company Limited (Thai Union Manufacturing) had no shipments during the POR.⁸ Following publication of the *Preliminary Results*, we received no comments from interested parties with respect to our determination. Therefore, for the final results, we continue to find that the Rubicon Group, Marine Gold, and Thai Union Manufacturing had no shipments of subject merchandise to the United States during the POR and we will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results.

Rate for Non-Selected Companies

The Act does not address the establishment of a rate to apply to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. However, Commerce's regulation at 19 CFR 351.109(g) states that Commerce will determine the rate for non-selected companies by following the process set forth in 19 CFR 351.109(f)(1)–(2), which generally parallels the process for determining the all-others rate in an investigation under section 735(c)(5) of the Act. Section 735(c)(5)(A) of the Act and 19 CFR 351.109(f) state that for companies not investigated, in general, we will determine an all-others rate by weight averaging the antidumping duty rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based entirely on facts available. Where the estimated weighted-average dumping margin for each of the individually examined companies is zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use “any reasonable method to establish the estimated all-

companies as a single entity for the purposes of this administrative review.

⁶ See Issues and Decision Memorandum.

⁷ The Rubicon Group is a single entity comprised of the following companies: Andaman Seafood; Chanthaburi Seafoods Co., Ltd.; Chanthaburi Frozen Food Co., Ltd.; Phatthana Seafood Co., Ltd.; Thai International Seafood Co., Ltd.; Thailand Fishery Cold Storage Public Co., Ltd.; Wales & Company Universe Ltd.; S.C.C. Frozen Seafood Co., Ltd.; Intersia Foods Co., Ltd.; Phatthana Frozen Food Co., Ltd., and Sea Wealth Frozen Food Co., Ltd.
