Coast Guard

[Docket No. USCG-2026-0379]

Area Maritime Security Advisory Committee (AMSC), Eastern Great Lakes, Western New York; Sub-Committee Vacancy

AGENCY: Coast Guard, DHS.

ACTION: Notice; request for applications.

SUMMARY: The Coast Guard is accepting applications to fill one vacancy on the Area Maritime Security Committee, Eastern Great Lakes, Western New York Region Sub-Committee (Sub-Committee). The Area Maritime Security Committee assists the Captain of the Port as the Federal Maritime Security Coordinator (FMSC), Buffalo, in developing, reviewing, and updating the Area Maritime Security Plan for their area of responsibility.

DATES: Applications for membership must reach the Captain of the Port, Buffalo, by October 31, 2026.

ADDRESSES: Applications for membership must be submitted to the Captain of the Port at the following address: Captain of the Port, Buffalo, Attention: LCDR Kyle Maxey, 1 Fuhrmann Boulevard, Buffalo, NY 14203-3189.

FOR FURTHER INFORMATION CONTACT: For questions about submitting an application, or about the AMSC in general, contact Mr. John Kelly, Western New York Region Sub-Committee Executive Coordinator, at 571-613-2856 or John.K.Kelly@uscg.mil.

SUPPLEMENTARY INFORMATION:

Basis and Purpose

Section 102 of the Maritime Transportation Security Act (MTSA) of 2002 (Pub. L. 107-295) added section 70112 to Title 46 of the U.S. Code and authorized the Secretary of the Department in which the Coast Guard is operating to establish Area Maritime Security Advisory Committees (ASMC) for any port area of the United States. 46 U.S.C. 70112. See 33 CFR 1.05-1, 6.01; Department of Homeland Security Delegation No. 0170.1. The MTSA includes a provision exempting these AMSCs from the Federal Advisory

Committee Act (FACA). 46 U.S.C. 70112(b)(7). See 5 U.S.C. 1001–1014. The AMSCs assist the FMSC in the development, review, update, and implementation of the Area Maritime Security Plan (AMSP) for their area of responsibility. The responsibilities of the AMSCs may include, but are not limited to, the following:

- (1) Identifying critical port infrastructure and operations;
- (2) Identifying risks (threats, vulnerabilities, and consequences);
- (3) Determining mitigation strategies and implementation methods;
- (4) Developing strategies to facilitate the recovery of the Maritime Transportation System after a Transportation Security Incident;
- (5) Developing and describing the process to continually evaluate overall port security by considering consequences and vulnerabilities, how they may change over time, and what additional mitigation strategies can be applied; and
- (6) Providing advice to and assisting the FMSC in developing and maintaining the AMSP.

AMSC Membership

Members of the AMSC should have at least five years of experience related to maritime or port security operations. We are seeking to fill one (1) Sub-Committee vacancy with this solicitation: an Executive Board member to serve as Vice-Chairperson. The position will serve concurrently as a member of the Eastern Great Lakes AMSC when convened by the FMSC.

Applicants may be required to pass an appropriate security background check prior to appointment to the Committee. The member's term of office will be for five years; however, a member is eligible to serve additional terms of office. Members will not receive any salary or other compensation for their service on an AMSC. In accordance with 33 CFR 103.305, members may be selected from Federal, Territorial, or Tribal governments; State government and political subdivisions of the State; local public safety, crisis management, and emergency response agencies; law enforcement and security organizations; maritime industry, including labor; other port stakeholders having a special competence in maritime security; and port stakeholders affected by security practices and policies.

The Department of Homeland Security does not discriminate in selection of committee members on the basis of race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability, and genetic information, age, membership in an employee organization, or any other

non-merit factor. The Department of Homeland Security strives to achieve a widely diverse candidate pool for all of its recruitment actions.

Request for Applications

Those seeking membership are not required to submit formal applications to the local Captain of the Port. Because we have an obligation to ensure that a specific number of members have the prerequisite maritime security experience, however, we encourage the submission of resumes highlighting experience in the maritime and security industries.

Matthew J. Walter,

Captain, U.S. Coast Guard, Captain of the Port & Federal Maritime Security Coordinator, Eastern Great Lakes.

Federal Emergency Management Agency

[Docket ID: FEMA–2026–0166; OMB No. 1660–0008]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Elevation Certificate/Floodproofing Certificate.

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day Notice of Extension and Request for Comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on an extension of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the National Flood Insurance Program's (NFIP) Elevation Certificate and Floodproofing Certificate.

DATES: Comments must be submitted on or before November 6, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/

PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address: FEMA-Information-Collections-Management@fema.dhs.gov or John Hintermister, Branch Chief, Underwriting, Resilience, at 202–679–5992, and john.hintermister@fema.dhs.gov.

SUPPLEMENTARY INFORMATION:

Communities participating in the NFIP are required to adopt a floodplain management ordinance that meets or exceeds the minimum floodplain management standards of the NFIP. In accordance with FEMA's minimum floodplain management standards, communities must require that all new construction and substantial improvement of residential structures and non-residential structures have the lowest floor (including basement) elevated to above the base flood elevation subject to 44 CFR 60.3(c)(2) and (3); unless, for residential structures, the community is granted an exception by FEMA for the allowance of basements under 44 CFR 60.6(b) or (c). New construction and substantial improvement of non-residential structures can also be floodproofed. This means that, together with attendant utility and sanitary facilities, they are designed such that below the base flood level the structure is watertight, with walls substantially impermeable to the passage of water and with structural components having the capability to resist hydrostatic and hydrodynamic loads and effects of buoyancy, per 44 CFR 60.3(c)(3)(ii).

Use of the Elevation Certificate and Floodproofing Certificate each serve as a method for a community to document building compliance with these requirements. FEMA also gives NFIP policyholders the option to submit an Elevation Certificate for the purpose of providing elevation information for use in premium rating in lieu of FEMA-sourced elevation information and for the purpose of demonstrating eligibility for the Machinery & Equipment premium discount.

This proposed information collection previously published in the **Federal Register** on June 1, 2026, at 91 FR 32408 with a 60-day public comment period and FEMA received five public comments. One was from Association of
