Abstract of Information Available

A total of three cultural items have been requested for repatriation. The three unassociated funerary objects are projectile points. The cultural items were removed from the Cascade Mountain region of Washington state at some time prior to 1987 by amateur archaeologist James Coates. The collections of James Coate were donated to the Jamestown-Yorktown Foundation in 1987.

Determinations

The Jamestown-Yorktown Foundation has determined that:

- The three unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Swinomish Indian Tribal Community.

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after November 9, 2026.
