

members in reaching consensus. Committee members would not receive pay or other compensation for their committee service.

Interests Significantly Affected and Membership: NHTSA has determined that establishing a negotiated rulemaking committee is in the public interest and that there are identifiable interests that would be significantly affected by the rulemaking. These groups include those that manufacture vehicles and vehicle equipment in the United States, as well as groups that focus on engineering, safety, and general standard setting. To ensure a range of views among these groups, the agency proposes that the committee shall consist of up to 18 members qualified to serve based on their expertise, training, experience, and ability to represent one of the identified categories. In general, appointments will reflect a balance of views and professional backgrounds.

Due to the various groups identified and the desired number of representatives from each, no single group would have a controlling stake in the committee, and the approach would be to achieve consensus on any topic discussed or recommendation produced. The Secretary of Transportation would appoint each member for a single term of two years or until the completion of committee activities, whichever is sooner, unless otherwise renewed in accordance with FACA. All members serve at the pleasure of the Secretary, who may appoint a member or terminate any member's tenure at his discretion. The Secretary also may extend appointments and may appoint replacements for members who resign outside a stated term, as necessary.

Pursuant to 5 U.S.C. 564(a)(4), NHTSA proposes representation from the following groups to reflect the interests significantly affected by this rulemaking:

- Four representatives from vehicle lighting manufacturers or lighting retailers;
- Two representatives from national motor vehicle manufacturers;
- Four representatives from national motor vehicle or motor vehicle equipment manufacturing associations;
- Two representatives from national motor vehicle or motor vehicle equipment safety organizations;
- Three representatives from educational institutions or research institutions, or testing organizations within the United States; and
- Three representatives from national professional engineering associations or standard setting associations.

Anyone who feels these categories do not fully represent their interests should detail their reasoning in their comment or membership application. NHTSA requests comments and suggestions regarding its tentative list of significantly affected stakeholder categories from which potential members of the committee may be selected.

Consistent with the Negotiated Rulemaking Act, the committee will also include a representative from NHTSA who will participate fully in the committee's deliberations and is authorized to represent the agency in discussions and negotiations. (5 U.S.C. 566(b)).

Process and Deadline for Submitting Comments and Nominations: As part of establishing the committee, NHTSA is seeking public feedback. NHTSA welcomes comment on all aspects of the negotiated rulemaking committee described in this notice and requests comments specifically on (1) the proposed scope of the committee and (2) the proposed balance of representation on the committee. NHTSA will consider the comments and information received in establishing its Negotiated Rulemaking Advisory Committee for Vehicle Lighting.

Applications from interested individuals. To be considered for appointment, qualified applicants are invited to self-nominate or be nominated by any stakeholder or stakeholder organization by submitting the following information:

- Name, title, and relevant contact (including phone, fax (if available), and email address) of the nominee and a description of the interests the applicant or nominee shall represent;
- A letter of support from a company, association, academic or nonprofit organization on letterhead authorizing the applicant or nominee to represent parties related to the interest the person proposes to represent;
- Short biography of the nominee, including professional and academic credentials; and
- A written commitment that the applicant or nominee shall actively participate in good faith in the development of the rule under consideration.

Each applicant must identify the category that he or she seeks to represent. Members should be senior level officials who are authorized to participate on the committee by their organizations and who either are experts on vehicle lighting with respect to the topics of interest to their organizations or who have access to such experts. Individuals applying for membership

should keep in mind that committee members are representing a class of interests based on the sector identified and should be prepared to participate in committee activities from that perspective.

Materials submitted should total two pages or less. An applicant should include his or her full legal name and date of birth in the application. Evaluations will be based on publicly available information and the materials submitted. Submissions must be sent to the location listed in the **ADDRESSES** section by the deadline listed in the **DATES** section. Applicants selected for appointment to the committee will be notified by return email and by letter of appointment.

Authority: Issued under authority in 49 CFR 1.95 and 501.8.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements, imposed on ten or more persons, that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of title 44 generally requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the renewal of this collection.

Title: Community Reinvestment Act Qualifying Activity Confirmation Request Form.

OMB Control No.: 1557-0356.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: The OCC created the "Community Reinvestment Act Qualifying Activity Confirmation Request Form" to address the need for a qualifying activities confirmation process that would allow banks and interested parties to ascertain whether an activity qualifies for consideration under the Community Reinvestment Act (CRA). The concept for such a process was well-received and strongly supported by commenters on a CRA advance notice of proposed rulemaking (ANPR) and CRA notice of proposed rulemaking (NPR), which resulted in the adoption of a qualifying activity confirmation process in the 2020 final rule.¹ Commenters on the OCC's September 2021 CRA NPR expressed continued support for a confirmation system and, thus, the OCC determined that it was important to maintain this confirmation system after adopting the 2021 CRA final rule² to allow for the continuation of a more effective and efficient confirmation of CRA-qualified activities. Interested parties may request that the OCC confirm that an activity is a qualifying activity by submitting a
