[Project No. 3428–205]

Brown Bear II Hydro, Inc.; Notice of Intent To Prepare an Environmental Assessment

On November 29, 2023, Brown Bear II
Hydro, Inc. (Brown Bear Hydro) filed an
application to relicense the 19.4-
megawatt Worumbo Hydroelectric
Project No. 3428, located on the
Androscoggin River in Androscoggin
County, Maine.¹

In accordance with the Commission's
regulations, on January 14, 2026,
Commission staff issued a notice that
the project was ready for environmental
analysis (REA Notice).² Based on the
information in the record, including
comments filed on the REA Notice, staff
does not anticipate that licensing the
project would constitute a major federal
action significantly affecting the quality
of the human environment. Therefore,
staff intends to prepare an
Environmental Assessment (EA) on the
application to license the Worumbo
Project.³

The EA will be issued and circulated
for review by all interested parties. All
comments filed on the EA will be
analyzed by staff and considered in the
Commission's final licensing decision.

For public inquiries and assistance
with making filings such as
interventions, comments, or requests for
rehearing, contact the Office of Public
Participation at (202) 502–6595 or [OPP@
ferc.gov](mailto:OPP@ferc.gov).

The application will be processed
according to the following schedule.

¹ On July 27, 2026, Brown Bear Hydro amended
the license application (*see* Accession No.
20260727–5331).

² In notices issued February 10, 2026 and April
23, 2026, staff granted Brown Bear Hydro's request
to extend deadlines established in the REA Notice
for filing motions to intervene, protests, comments,
recommendations, preliminary terms and
conditions, and preliminary fishway prescriptions
and for Brown Bear Hydro to request water quality
certification. Additional time was needed to
complete ongoing evaluations of fish passage
alternatives at the project in consultation with
licensing stakeholders.

³ For tracking purposes under the National
Environmental Policy Act, the unique identification
number for documents relating to this
environmental review is EAXX–019–20–000–
1785830510.

The EA will be issued for a 30-day
comment period. Revisions to the
schedule may be made as appropriate.

Milestone	Target date
Commission issues EA.	September 10, 2027.
