Notice of Scope Ruling Applications Filed in Antidumping and Countervailing Duty Proceedings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) received scope ruling applications, requesting that scope inquiries be conducted to determine whether identified products are covered by the scope of antidumping duty (AD) and/or countervailing duty (CVD) orders and that Commerce issue scope rulings pursuant to those inquiries. In accordance with Commerce's regulations, we are notifying the public of the filing of the scope ruling applications listed below in the month of August 2026.

DATES: Applicable October 8, 2026.

FOR FURTHER INFORMATION CONTACT: Yasmin Bordas, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482–3813.

Notice of Scope Ruling Applications

In accordance with 19 CFR 351.225(d)(3), we are notifying the public of the following scope ruling applications related to AD and CVD orders and findings filed in or around the month of August 2026. This notification includes, for each scope application: (1) identification of the AD and/or CVD orders at issue (19 CFR 351.225(c)(1)); (2) concise public descriptions of the products at issue, including the physical characteristics (including chemical, dimensional and technical characteristics) of the products (19 CFR 351.225(c)(2)(ii)); (3) the countries where the products are produced and the countries from where the products are exported (19 CFR 351.225(c)(2)(i)(B)); (4) the full names of the applicants; and (5) the dates that the scope applications were filed with Commerce and the name of the

Antidumping and Countervailing Duty Electronic Service System (ACCESS) scope segment where the scope applications can be found.¹ This notice does not include applications which have been rejected and not properly resubmitted. The scope ruling applications listed below are available on Commerce's online e-filing and document management system, ACCESS, at <https://access.trade.gov>.

Scope Ruling Applications

Disposable Aluminum Containers, Pans, Trays, and Lids from the People's Republic of China (China) (A–570–170/C–570–171); Aluminum Drip Liners;² produced in and exported from China; submitted by Traeger Pellet Grills LLC (“Traeger”); August 11, 2026; ACCESS scope segment “SCO—Traeger Drip Liners”

Disposable Aluminum Containers, Pans, Trays, and Lids from China (A–570–170/C–570–171); Aluminum Bucket Liners;³ produced in and exported from China; submitted by Traeger Pellet Grills LLC (“Traeger”); August 11, 2026; ACCESS scope segment “SCO—Traeger Bucket Liners”

Notification to Interested Parties

This list of scope ruling applications is not an identification of scope inquiries that have been initiated. In accordance with 19 CFR 351.225(d)(1), if Commerce has not rejected a scope ruling application nor initiated the scope inquiry within 30 days after the

¹ See *Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws*, 86 FR 52300, 52316 (September 20, 2021) (*Final Rule*) (“It is our expectation that the Federal Register list will include, where appropriate, for each scope application the following data: (1) identification of the AD and/or CVD orders at issue; (2) a concise public summary of the product's description, including the physical characteristics (including chemical, dimensional and technical characteristics) of the product; (3) the country(ies) where the product is produced and the country from where the product is exported; (4) the full name of the applicant; and (5) the date that the scope application was filed with Commerce.”).

² The products are aluminum components of Traeger's grease management system. The products are typically rectangular with rounded corners and are formed from aluminum alloy 8011 foil. They are dimensioned to conform to the drip tray of a specific Traeger grill model. The products do not have raised or rigid sidewalls; instead, the perimeter is rolled solely to provide structural integrity and prevent tearing.

³ The products are aluminum grease bucket liners. The products are made from aluminum alloy 8011 foil. While capacity, dimensions, and packaging may vary, all bucket liners are consumable components of Traeger's wood pellet grill grease and ash management system. The products are generally cylindrical or slightly tapered in shape with an open top and a rolled or reinforced rim. The product is designed to conform to a collection bucket that is a durable component of a grill. The product serves as a disposable insert for a durable component.

filing of the application, the application will be deemed accepted and a scope inquiry will be deemed initiated the following day—day 31.⁴ Commerce's practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.⁵ Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the “updated” 30th day.⁶

In accordance with 19 CFR 351.225(m)(2), if there are companion AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at <https://www.trade.gov/file-scope-ruling>. Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR

⁴ In accordance with 19 CFR 351.225(d)(2), within 30 days after the filing of a scope ruling application, if Commerce determines that it intends to address the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

⁵ See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

⁶ This structure maintains the intent of the applicable regulation, 19 CFR 351.225(d)(1), to allow day 30 and day 31 to be separate business days.

351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce's procedures.⁷

Interested parties are invited to comment on the completeness of this monthly list of scope ruling applications received by Commerce. Any comments should be submitted to Scot Fullerton, Acting Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to CommerceCLU@trade.gov.

This notice of scope ruling applications filed in AD and CVD proceedings is published in accordance with 19 CFR 351.225(d)(3).

Dated: October 6, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Chromium Trioxide From India: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that

chromium trioxide from India is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is July 1, 2024, through June 30, 2025.

DATES: Applicable October 8, 2026.

FOR FURTHER INFORMATION CONTACT:

Katerina Katsiadas, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4929.

SUPPLEMENTARY INFORMATION:

Background

On May 22, 2026, Commerce published in the **Federal Register** its preliminary affirmative determination in the LTFV investigation of chromium trioxide from India, and invited interested parties to comment on the *Preliminary Determination*.¹ No interested parties submitted comments on the *Preliminary Determination*. Accordingly, the final determination remains unchanged from, and hereby adopts, the *Preliminary Determination*, and no decision memorandum accompanies this notice. The deadline for this final determination is October 5, 2026.²

Scope of the Investigation

The product covered by this investigation is chromium trioxide from India. For a complete description of the scope of this investigation, *see* the appendix to this notice.

Scope Comments

We received no comments from interested parties on the scope of the investigation as it appeared in the *Preliminary Determination*.³ Therefore, we made no changes to the scope of the investigation.

Verification

Because the mandatory respondent in this investigation, did not provide information requested by Commerce, Commerce did not conduct a verification in this investigation.

Use of Adverse Facts Available

As discussed in the *Preliminary Determination*, Commerce assigned to mandatory respondent Vishnu

Chemicals Limited (Vishnu Chemicals) an estimated weighted-average dumping margin on the basis of adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act). There is no new information, or new arguments, on the record that warrant reconsideration of the *Preliminary Determination*. Thus, we made no changes to our analysis or to the estimated weighted-average dumping margins for the final determination. For a full description of the methodology underlying Commerce's final determination, *see* the *Preliminary Determination*.

All-Others Rate

Section 735(c)(5)(A) of the Act, and Commerce's regulations at 19 CFR 351.109(f)(1), provide that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act.⁴ When there is no individually-calculated estimated weighted-average dumping margin that is not zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act directs Commerce to “use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated.”⁵ In an LTFV investigation, when the estimated-weighted-average dumping margins for all individually investigated companies are determined entirely on the basis of AFA, Commerce's practice is to calculate the all-others rate as an average of the dumping margins alleged in the petition.⁶

⁴ See section 735(c)(5)(A) of the Act.

⁵ See section 735(c)(5)(B) of the Act; *see also* 19 CFR 351.109(f)(2)(iii); and *Albemarle Corp. v. United States*, 821 F.3d 1345, 1352 (Fed. Cir. 2016) (“... when all individually examined respondents are assigned *de minimis* margins, Commerce is expected to calculate the separate rate by taking the average of those margins. Commerce may use ‘other reasonable methods,’ but only if Commerce reasonably concludes that the expected method is ‘not feasible’ or ‘would not be reasonably reflective of potential dumping margins.’ (internal citations omitted)”).

⁶ *See, e.g., Certain Preserved Mushrooms from Spain: Final Determination of Sales at Less Than Fair Value*, 88 FR 18120 (March 27, 2023) (“In cases where no weighted-average dumping margins other than zero, *de minimis*, or those determined entirely under section 776 of the Act have been established for individually examined entities { . . . } Commerce typically calculates a simple average of the margins alleged in the petition and applies the result to all other entities not individually examined.”).
