

because they provide greater clarity and consistency to the Fee Schedule, thereby reducing the potential for confusion of any market participants. The Exchange believes that the proposed updated examples will provide greater clarity to Members and the public regarding the Exchange's Fee Schedule and are therefore consistent with the protection of investors and the public interest.

Finally, the Exchange believes that the proposed change to remove the word "proposed" from the description of Option 2 in the Fee Schedule is consistent with the protection of investors and the public interest because it removes an outdated and no longer relevant term from the Fee Schedule, thereby making it more accurate and complete, which is consistent with the protection of investors and the public interest.

The Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. Within that context, the proposed changes to the Incremental Fee Tier structure are designed to keep IEX's non-displayed trading prices competitive with those of other exchanges.

B. Self-Regulatory Organization's Statement on Burden on Competition

IEX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues if fee schedules at other venues are viewed as more favorable. Consequently, the Exchange believes that the degree to which IEX fees could impose any burden on competition is extremely limited and does not believe that such fees would burden competition between Members or competing venues. Moreover, as noted in the Statutory Basis section, the Exchange does not believe that the proposed changes raise any new or novel issues not already considered by the Commission.

The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act

because, while different fees are assessed on Members, these fees are not based on the type of Member entering the orders that match, but rather on the Member's own trading activity. Further, the proposed fee change is intended to encourage market participants to bring increased order flow to the Exchange, which benefits all market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) ²⁴ of the Act.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) ²⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") proposes to amend Rule 11.15 ("Clearly Erroneous Executions") in light of the Commission's approval of Overnight Protected Bands for 23/5 Trading. The text of the proposed rule change is provided in Exhibit 5. The text of the proposed rule change is also available on the Commission's website (<https://www.sec.gov/rules/sro.shtml>), the Exchange's website (https://www.cboe.com/us/equities/regulation/rule_filings/edgx/), and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Cboe EDGX Exchange, Inc. ("EDGX" or the "Exchange") proposes to amend Rule 11.15 ("Clearly Erroneous Executions") in light of the Commission's approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry's plans for the introduction of trading 23 hours a day, 5 days a week ("23/5 Trading"), the Operating Committee of the Plan to Address Extraordinary Market Volatility ("LULD Plan") filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours ("Overnight Price Bands").⁵ The Operating Committee proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two

reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.⁶ On August 5, 2026, the Commission approved the proposal.⁷

In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 11.15 regarding Clearly Erroneous Executions. In general, the rule describes the process a market participant may use to request cancellation of a transaction that was "clearly erroneous." The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 11.15(c)(1) currently provides that "[i]f the execution time of the transaction(s) under review is during Regular Trading Hours, the transaction will not be reviewable as clearly erroneous" except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (e.g., rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited circumstances.⁸ In approving the existing version of the rule, the Commission noted that restricting clearly erroneous review in this way during times when LULD Price Bands were in effect was "consistent with the Act and will further the goal of providing greater certainty to market participants that trades executed within the Price Bands will stand and not be broken. . . . Thus, the proposal is designed to limit the potential discordance between the LULD mechanism and CEE review process."⁹

Currently, LULD Price Bands are available only during Regular Trading Hours, meaning that the restrictions on clearly erroneous review described

above apply only during Regular Trading Hours. With the introduction of Overnight Price Bands, the Exchange now proposes to extend the existing restrictions on clearly erroneous review to the period when Overnight Price Bands are in place. This proposed change would be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.

Proposed Changes to Rule 11.15(c)(1)

To implement this change, the Exchange proposes to add several definitions to Rule 11.15(c)(1). First, the Exchange would add that the term "LULD Protected Hours" includes Regular Trading Hours and "Overnight Protected Hours" defined in Section VIII of the LULD Plan. Second, the Exchange would define "LULD Price Bands" or "Price Bands" to mean the Price Bands defined in Section V of the LULD Plan (i.e., the Price Bands that apply during Regular Trading Hours) and "Overnight Price Bands" as defined in Section VIII of the LULD Plan (i.e., the Price Bands that apply to the Overnight Protected Hours from 9:00 p.m. ET through 4:00 a.m. ET).

The Exchange proposes to amend the current first sentence of Rule 11.15(c)(1) to replace the phrase "Regular Trading Hours" with "LULD Protected Hours," to provide that "[i]f the execution time of the transaction(s) under review is during LULD Protected Hours, the transaction will not be reviewable as clearly erroneous" This change would extend the LULD-based restrictions on clearly erroneous review currently in place during Regular Trading Hours to the Overnight Protected Hours.

The Exchange also proposes to amend Rule 11.15(c)(1)(B)'s reference to "Percentage Parameter" to incorporate the Percentage Parameter that applies to Overnight Protected Hours. The amended provision would provide for the applicability of clearly erroneous review if the price of the transaction to buy (sell) that is the subject of the clearly erroneous complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the applicable Percentage Parameter defined in Appendix A to the LULD Plan (with respect to the Price Bands that apply during Regular Trading Hours) or the "Overnight Percentage Parameter" defined in Section VIII of the LULD

Plan” (with respect to Overnight Protected Hours).

In addition to these changes, the Exchange also proposes to make a non-substantive change to Rule 11.15(c)(1)(A), substituting the term “LULD Plan” for the current text “the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the ‘Limit Up-Limit Down Plan’ or ‘LULD Plan,’)” as the “LULD Plan” would be defined in the proposed revision to Rule 11.15(c)(1).

Proposed Changes to Rule 11.15(c)(2), (d)(3), and (f)

As noted above, current Rule 11.15(c)(1)(A) permits clearly erroneous review even during Regular Trading Hours when the transaction in question is in an NMS Stock that is not subject to the LULD Plan, *i.e.*, rights and warrants. Such transactions are reviewed for clearly erroneous status using the procedures set out in Rule 11.15(c)(2), including the Numerical Guidelines set out in the table accompanying Rule 11.15(c)(2)(A). The Exchange now proposes to introduce a similar provision regarding transactions in NMS Stocks not subject to the LULD Plan that are executed during the Overnight Protected Hours; such transactions would be subject to the same Numerical Guidelines as transactions occurring in the Early Trading, Pre-Opening, and Post-Closing Sessions.

The heading of Rule 11.15(c)(2) addresses “[r]eview of transactions occurring during Early Trading, Pre-Opening, Post-Closing Session, or eligible for review pursuant to paragraph (c)(1)(A).” The Exchange proposes to replace the phrase “eligible for review pursuant to paragraph (c)(1)(A)” (which, in the current rule, means transactions executed during Regular Trading Hours in NMS Stocks not subject to the LULD Plan) with “during LULD Protected Hours in NMS Stocks not subject to the LULD Plan.” This proposed language would cover transactions in NMS Stocks not subject to the LULD Plan in Regular Trading Hours and expand the same treatment to transactions executed in NMS Stocks not subject to the LULD Plan during Overnight Protected Hours. As such, the proposed change is not novel.

The Exchange proposes to make the same change everywhere else such language appears in the rule—namely, in the text of paragraphs (c)(2)(A), (c)(2)(B), (c)(2)(C), (c)(2)(D), (d)(3), and

(f).¹⁰ In each case, the Exchange proposes to replace the phrase “transactions occurring during the Early Trading, Pre-Opening, or Post-Closing Session or eligible for review pursuant to paragraph (c)(1)(A)” with “transactions occurring during the Early Trading, Pre-Opening, or Post-Closing Session or during LULD Protected Hours in NMS Stocks not subject to the LULD Plan.”

The Exchange also proposes to make corresponding changes to the headings of the table accompanying Rule 11.15(c)(2)(A). The Exchange proposes to change the heading of the second column from “Regular Trading Hours Numerical Guidelines for transactions eligible for review pursuant to paragraph (c)(1)(A)” to “Numerical Guidelines for Transactions Executed During Regular Trading Hours in NMS Stocks Not Subject to the LULD Plan.” This change would simply replace the shorthand “eligible for review pursuant to paragraph (c)(1)(A)” with the fuller description that such transactions are “executed during Regular Trading Hours in NMS Stocks not subject to the LULD Plan,” and is not a substantive change.

Similarly, the Exchange proposes to change the heading of the third column from “Early Trading, Pre-Opening and Post-Closing Session Numerical Guidelines” to “Numerical Guidelines for Transactions Executed During the Early Trading, Pre-Opening and Post-Closing Session or During Overnight Protected Hours in NMS Stocks Not Subject to the LULD Plan.” The proposed change addresses the fact that transactions executed during Overnight Protected Hours in NMS Stocks not subject to the LULD Plan are eligible for clearly erroneous review—just as are transactions in NMS Stocks not subject to the LULD Plan executed during Regular Trading Hours—but at the Numerical Guidelines that apply outside of Regular Trading Hours.

Together, these proposed changes would extend the eligibility of clearly erroneous review for transactions in NMS Stocks not subject to the LULD Plan that is currently in place during Regular Trading Hours to the Overnight

Protected Hours, and would apply the Commission’s recent approval of Overnight Price Bands to the clearly erroneous executions rule.

Implementation

The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals,¹¹ the substance of which are identical to this proposal. The Exchange proposes that this rule change would become operative at the commencement of 23/5 Trading, which is scheduled to commence industry-wide on December 6, 2026.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹² Specifically, the proposal is consistent with Section 6(b)(5) of the Act¹³ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes that the proposed change is consistent with just and equitable principles of trade because it extends the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. Currently, LULD Price Bands are available only during Regular Trading Hours, meaning that the restrictions on clearly erroneous review described above apply only during Regular Trading Hours. With the introduction of Overnight Price Bands, the Exchange believes that extending such restrictions on clearly erroneous review to the period when Overnight Price Bands are in place would remove impediments to and perfect the mechanism of a free and open market and a national market system by enhancing the transparency and consistency of the rule.

The resulting rule would thus extend the LULD-related limits on clearly erroneous review that are applicable in Regular Trading Hours to the overnight

¹⁰ Rule 11.15(c)(2)(A)–(D) specifies general rules for applying clearly erroneous review to transactions where such review is not precluded by paragraph (c)(1). Rule 11.15(d)(3) specifies conditions where the Exchange may use a revised Reference Price for the purpose of clearly erroneous review in certain transactions where such review is not precluded by paragraph (c)(1). Rule 11.15(f) specifies that for transactions where clearly erroneous review is not precluded by paragraph (c)(1), an Officer of the Exchange or senior level employee designee may initiate clearly erroneous review on his or her own motion.

¹¹ See, e.g., Securities Exchange Act Release No. 106315 (September 9, 2026), 91 FR 58201 (September 14, 2026), SR-NYSEAMER-2026-080 (September 2, 2026) (“NYSE American CEE Filing”).

period. The proposed change would also be consistent with the Commission's rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.¹⁴

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act¹⁵ in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather than impacting competition, the proposed change would simply extend the basic premise of the current rule that clearly erroneous review should be generally unavailable any time a transaction is executed within LULD Price Bands at a time the Price Bands were available and correct. The Exchange understands that the other national securities exchanges and FINRA will also file similar proposals, the substance of which are identical to this proposal. Thus, the proposed rule change will help to ensure consistency across SROs without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest; impose any significant burden on competition; and become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and Rule 19b-4(f)(6)¹⁷ thereunder. At any time within

60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments
