

for a concurrent compact, where appropriate. Some reporting used for assessment may contain sensitive information and adversely affect implementation or MCC-partner country relations. This information is therefore for MCC's internal use and is not made public. However, key implementation information is summarized in compact status and results reports that are published quarterly on MCC's website under MCC country programs (www.mcc.gov/where-we-work) and monitoring and evaluation (www.mcc.gov/our-impact/m-and-e) web pages.

For completed compacts, additional information is used to assess compact performance and is found in a country's "Star Report." The Star Report captures key information to provide a framework for results and improve the ability to disseminate learning and evidence throughout the lifecycle of an MCC investment from selection to final evaluation. For each compact and threshold program, evidence is collected on performance indicators, evaluation results, partnerships, sustainability efforts, and learning, among other elements.

In addition to the Star Reports, MCC also surveys staff on topics related to the quality of the partnership during design and implementation of programs, progress toward program results, a partner country's commitment to undertaking policy and institutional reforms, and compliance with MCC standards. Additional information on the survey can be found in the Guide to the Program Surveys: <https://www.mcc.gov/resources/doc/guide-to-the-program-surveys/>.

SUPPLEMENTARY INFORMATION: The NCUA is proposing a revision of the NCUA Form 5300 Call Report and Instructions.

OMB Number: 3133-0004.

Title: NCUA Form 5300 Call Report.

Type of Review: Revision of a currently approved collection.

Abstract: Sections 106 and 202 of the Federal Credit Union Act require federally insured credit unions (FICUs) to make financial and other reports to the NCUA. Section 741.5 describes the submission method FICUs must use to provide information to NCUA. NCUA Form 5300, Call Report, is used to file quarterly financial and statistical data through NCUA's online portal, CUOnline. The financial and statistical information provided by credit unions is essential to NCUA in carrying out its responsibility for supervising federal credit unions. This information facilitates NCUA monitoring credit unions with share accounts insured by the National Credit Union Share Insurance Fund (Share Insurance Fund).

Affected Public: Private sector: Not-for-profit institutions.

Respondents: All federally insured credit unions.

Estimated Number of Respondents: 4,224.

Estimated Average Burden per Response: 47.0 hours.

Estimated Total Annual Burden Hours: 794,112.

Reason for Change: The estimated average burden per response increased based on recent feedback received from the public.

The proposed revisions to Form 5300 and Instructions in this notice would

not have a material impact on the existing burden estimates. The estimated average burden per response figure was updated based on feedback received from the *Request for Information Regarding Enhancing and Streamlining Data Collection from Credit Unions* issued to the public in April 2026.

Legal Basis and Need for Collections: The Call Report Form 5300 information collections are mandatory under 12 U.S.C. 1756, 1766, and 1782. Except for selecting sensitive items, the Call Report Form 5300 is not given confidential treatment.

The credit unions report on the Call Report is essential to the NCUA's supervision and regulation of federal credit unions. This information also facilitates the NCUA's monitoring of other credit unions with Share Insurance Fund coverage for share accounts.

Credit unions submit quarterly Call Report data to the NCUA. Call Report data serves a regulatory or public policy purpose by assisting the NCUA in fulfilling its mission of ensuring the safety and soundness of individual credit unions and the credit union system, protecting consumer financial rights, as well as agency-specific missions affecting federal and state-chartered credit unions, such as ensuring financial stability and administering share insurance.

Request for Comment

Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of

public record. The public is invited to submit comments concerning: (a) whether the proposed revisions to the instructions for the collection of information that are the subject of this notice are necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information as proposed to be revised, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.
