

(OMB) approval to renew an information collection in accordance with the Paperwork Reduction Act of 1995. The proposed collection OMB 2133–0011 (War Risk Insurance, Applications, and Related Information) is used to obtain war risk insurance from the U.S. Government, when such insurance is unavailable on reasonable terms from the commercial market. MARAD is required to publish this notice in the **Federal Register** to obtain comments from the public and affected agencies.

DATES: Comments must be submitted on or before December 8, 2026.

ADDRESSES: You may submit comments identified by Docket No. MARAD–2026–1685 through one of the following methods:

Title: Information-Sharing Initiative: Digital Assets Criteria Form.

OMB Control Number: 1505–0286.

Type of Review: Extension without change of a currently approved collection.

Description: The collection is necessary for Treasury to fulfill its

responsibilities as the Sector Risk Management Agency for the Financial Services Sector under 6 U.S.C. § 665d. To fulfill these responsibilities, Treasury must verify that a requesting entity is eligible to receive Treasury's non-public cyber threat information before granting access. The Intake Form for Digital Asset Firms collects the minimum information required to confirm the applicant's identity, U.S. legal status, organizational category, digital asset function, regulatory status, cybersecurity maturity, ability to protect non-public information, and cybersecurity purpose for requesting access. Without this information, Treasury would lack a consistent, documented basis to determine whether an entity meets Treasury's criteria, whether the entity has a legitimate cybersecurity need-to-know, or whether the entity can comply with Treasury's Traffic Light Protocol (TLP) markings and dissemination restrictions. There are no changes from the previous approval.
