Foreign-Trade Zones Board

[B-128-2026]

Foreign-Trade Zone (FTZ) 50, Notification of Proposed Production Activity; Sanyo Denki America, Inc.; (Cooling, Servo, and Power Systems and Assemblies); Torrance, California

Sanyo Denki America, Inc. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facilities in Torrance, California, within FTZ 50. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on September 24, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: various rails (mounting support; magnetic); various fans (axial; centrifugal); various assemblies (fan; printed circuit; electric motor); filter kits for fans; stepper motors with output not exceeding 37.5 watts; alternating current motors with output exceeding 18.65 watts but not exceeding 37.5 watts; motors with output not exceeding 750 watts; amplifiers; static converters; lithium-ion batteries; battery packs; battery cases; distribution boards for voltage not exceeding 1,000 volts; circuit breakers; and, insulated electric conductors (duty rate ranges from duty-free to 5.7%).

The proposed foreign-status materials/components include: plastic components (inverter cabinets; power stands; housings); printed catalogs; stainless steel components (screws; machine frames; cooling manifolds; nozzles; motor shafts; motor bearings); steel components (wire; mounting brackets; clips; finger guards; heat sinks; housings; bases; guide rails; carriages; spindle housings; protective guards; bearings; shafts; motor frames); iron mounting brackets; copper components (anchor brackets; electrical connections; motor coils; connectors); various fans (axial; blower and centrifugal; cooling); aluminum fan blades; liquid cooling fan systems; filters (fan; noise); brass nozzles; cables (connection; electrical); servo motors with power output from

18.65 watts to 37.5 watts; DC stepper motors with power output to 37.5 watts; servo motors with power output to 1k watts and up; single linear motors; generators; magnetic linear rails motor stators; motor rotors; AC/DC drivers; wiring harnesses; USBs; static amplifiers; power converters; static converter battery packs; permanent magnets; lithium-ion batteries; dry contacts; smart card storage devices; resistors for power handling capacity; wire wound variable resistors; sensors (temperature; humidity); receptacle boxes; controllers (programmable logic; electrical); power conditioners; electrical plastic boards; contact interface cards; fan motor integrated circuits; insulated plastic connector fittings; training and demonstration equipment for industrial motor control and automation systems; tachometers; airflow testers; and, carbon brushes for motors (duty rate ranges from duty-free to 8.5%).

The request indicates that certain materials/components are subject to duties under section 232 of the Trade Expansion Act of 1962, or section 301 of the Trade Act of 1974, depending on the country of origin. The applicable section 232, and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is November 18, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Juanita Chen at juanita.chen@trade.gov.

Dated: October 6, 2026.

Colin Agostisi,

Executive Secretary.

Foreign-Trade Zones Board

[B-21-2026]

Foreign-Trade Zone (FTZ) 183; Authorization of Production Activity; Ultra Clean Technology Systems and Service, Inc.; (Inputs Primarily for Semiconductor Industry); Manor, Texas

On February 17, 2026, Ultra Clean Technology Systems and Service, Inc.

submitted a notification of proposed production activity to the FTZ Board for its facility within FTZ 183, in Manor, Texas.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (91 FR 8819, February 24, 2026). On October 6, 2026, the applicant was notified of the FTZ Board's decision that no further review of the activity is warranted at this time. The production activity described in the notification was authorized, subject to the FTZ Act and the FTZ Board's regulations, including section 400.14.

Dated: October 6, 2026.

Colin Agostisi,

Executive Secretary.

Foreign-Trade Zones Board

[B-127-2026]

Foreign-Trade Zone (FTZ) 16, Notification of Proposed Production Activity; Yazaki North America, Inc.; (Stamped Copper Terminals); Petoskey, Michigan

Yazaki North America, Inc. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Petoskey, Michigan within FTZ 16. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on September 21, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished product is stamped copper terminals (duty free).

The proposed foreign-status materials/components include: copper-zinc alloy coils; copper-nickel alloy coils; refined copper coils; copper-tin alloy coils; and flat-rolled cold-rolled stainless steel (duty rate ranges from duty-free to 3.0%).

The request indicates that certain materials/components are subject to duties under section 232 of the Trade

Expansion Act of 1962 or section 301 of the Trade Act of 1974, depending on the country of origin. The applicable section 232 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is November 18, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact John Frye at John.Frye@trade.gov.

Dated: October 6, 2026.

International Trade Administration

[C-580-884]

Certain Hot-Rolled Steel Flat Products From the Republic of Korea: Final Results of Countervailing Duty Administrative Review; 2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines Hyundai Steel Company (Hyundai Steel) and POSCO, producers/exporters of certain hot-rolled steel flat products (hot-rolled steel) from the Republic of Korea (Korea), received countervailable subsidies during the period of review (POR) January 1, 2023, through December 31, 2023.

DATES: Applicable October 9, 2026.

FOR FURTHER INFORMATION CONTACT: Kelsie Hohenberger or Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2517 or (202) 482-5305, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 10, 2026, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** and invited interested

parties to comment.¹ On August 7, 2026, Commerce extended the deadline for the final results of this review to no later than September 30, 2026,² and on September 29, 2026, we extended the deadline by seven additional days, to October 7, 2026.³ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴

Scope of the Order⁵

The merchandise covered by this Order is hot-rolled steel from Korea. For a complete description of the scope of the Order, see Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶ For a full description of the

methodology underlying all of Commerce's conclusions, see the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on comments received from interested parties, we made certain changes to POSCO's countervailable subsidy rate calculation from the *Preliminary Results*. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Results of Review

We determine the following net countervailable subsidy rates exist for the period January 1, 2023, through December 31, 2023.

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Hyundai Steel Company ⁷	1.28
POSCO ⁸	3.68

Disclosure

Commerce intends to disclose its calculations performed in connection with the final results of review to interested parties within five days of public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For Hyundai Steel and POSCO, Commerce will instruct CBP to assess countervailing duties at the subsidy rates listed in the table above. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a

of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁷ As discussed in the *Preliminary Results* PDM, Commerce has found Hyundai Green Power Co. Ltd. to be cross-owned with Hyundai Steel.

⁸ As discussed in the *Preliminary Results* PDM, Commerce has found the following companies to be cross-owned with POSCO: POSCO Future M; POSCO Holdings; POSCO M-Tech, POSCO Nippon Steel RHF Joint Venture Co., Ltd., and POSCO Mobility Solutions. We note that POSCO also exported certain subject merchandise through an affiliated trading company, POSCO International Corporation (POSCO International). We examined POSCO International in the context of POSCO, and POSCO International's subsidies are included in POSCO's total subsidy rate.
