

of Cboe real-time market data to end users who do not have the technical capability or commercial need to connect directly to Cboe's individual market data feeds. This is particularly important for the retail community, as retail investors typically access market data through vendors rather than purchasing it directly from exchanges. By offering the proposed Data Vendor Program, the Exchange enables distributors to deliver competitively priced, comprehensive market data to a broader audience, thereby enhancing—not burdening—competition in the market data landscape.

For the foregoing reasons, the Exchange does not believe that the proposed rule change imposes any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act²⁹ and paragraph (f) of Rule 19b-4³⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106619; File No. SR-CMESC-2026-007]

Self-Regulatory Organizations; CME Securities Clearing Inc.; Notice of Designation of Longer Period for Commission Action on Proposed Rule Change To Adopt Standards for Establishing Cross-Margin Arrangements and Adopt a Cross-Margin Arrangement With Chicago Mercantile Exchange Inc.

October 7, 2026.

On August 18, 2026, CME Securities Clearing Inc. ("CMESC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change SR-CMESC-2026-007 ("Proposed Rule Change") pursuant to Section 19(b) of the Securities Exchange Act of 1934 ("Exchange Act")¹ and Rule

19b-4² thereunder to establish a cross-margining arrangement and modify the CMESC Rulebook ("Rules") and clearing risk management policies accordingly. The Proposed Rule Change was published for comment in the **Federal Register** on August 31, 2026.³ The Commission has received comments regarding the substance of the changes proposed in the Proposed Rule Change.⁴

Section 19(b)(2)(i) of the Exchange Act⁵ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved unless the Commission extends the period within which it must act as provided in Section 19(b)(2)(ii) of the Exchange Act.⁶ Section 19(b)(2)(ii) of the Exchange Act allows the Commission to designate a longer period for review (up to 90 days from the publication of notice of the filing of a proposed rule change) if the Commission finds such longer period to be appropriate and publishes its reasons for so finding, or as to which the self-regulatory organization consents.⁷

The 45th day after publication of the Notice of Filing is October 15, 2026. In order to provide the Commission with sufficient time to consider the Proposed Rule Change, the Commission finds that it is appropriate to designate a longer period within which to take action on the Proposed Rule Change and therefore is extending this 45-day time period.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Exchange Act,⁸ designates November 29, 2026, as the date by which the Commission shall either approve, disapprove, or institute proceedings to determine whether to disapprove proposed rule change SR-CMESC-2026-007.

[Release No. 34–106632; File No. SR–NasdaqTX–2026–047]

Self-Regulatory Organizations; Nasdaq Texas, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Equity 11, Rule 11890 (Clearly Erroneous Transactions)

October 7, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 25, 2026, Nasdaq Texas, LLC (“Nasdaq Texas” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Equity 11, Rule 11890 (Clearly Erroneous Transactions) in light of the Commission’s approval of Overnight Protected Bands for 23/5 Trading.

The text of the proposed rule change is available on the Exchange’s website at <https://listingcenter.nasdaq.com/rulebook/nasdaqtx/rulefilings>, and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Equity 11, Rule 11890 (Clearly Erroneous Transactions) in light of the Commission’s approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry’s plans for the introduction of trading 23 hours a day, 5 days a week (“23/5 Trading”), the Operating Committee of the Plan to Address Extraordinary Market Volatility (“LULD Plan”) filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours (“Overnight Price Bands”).³ The Operating Committee proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.⁴ On August 5, 2026, the Commission approved the proposal.⁵

In light of the Commission’s approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 11890 regarding Clearly Erroneous Transactions. In general, the rule describes the process a market participant may use to request cancellation of a transaction that was “clearly erroneous.” The current rule’s central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 11890(a)(2)(C)(1) currently provides that “[i]f the execution time of the transaction(s) under review is during

Market Hours, the transaction will not be reviewable as clearly erroneous” except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (e.g., rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited circumstances.⁶ In approving the existing version of the rule, the Commission noted that restricting clearly erroneous review in this way during times when LULD Price Bands were in effect was “consistent with the Act and will further the goal of providing greater certainty to market participants that trades executed within the Price Bands will stand and not be broken. . . . Thus, the proposal is designed to limit the potential discordance between the LULD mechanism and CEE review process.”⁷

Currently, LULD Price Bands are available only during Market Hours, meaning that the restrictions on clearly erroneous review described above apply only during Market Hours. With the introduction of Overnight Price Bands, the Exchange now proposes to extend the existing restrictions on clearly erroneous review to the period when Overnight Price Bands are in place. This proposed change would be consistent with the Commission’s rationale in approving the current version of the rule because it would limit any potential discordance between the LULD mechanism and CEE review in the overnight trading session, providing greater certainty to market participants that trades executed with the Overnight Price Bands will stand and not be broken.

Proposed Changes to Rule 11890(a)(2)(C)(1)

To implement this change, the Exchange proposes to add several definitions to Rule 11890(a)(2)(C)(1). First, the Exchange would add that the term “LULD Protected Hours” includes Market Hours and “Overnight Protected Hours” defined in Section VIII of the LULD Plan. Second, the Exchange would define “LULD Price Bands” or “Price Bands” to mean the Price Bands defined in Section V of the LULD Plan (i.e., the Price Bands that apply during Market Hours) and “Overnight Price
