

enhancements without unnecessary delay. The proposed rule amendments regarding the new time-in-force order instructions and availability of the Curb session on shortened trading days are designed to make the Exchange's rules consistent with the rules of other exchanges,³² and the proposed rule amendments regarding earlier Queuing Period start times and the DPM opening-quote obligation for GTH sessions are designed to promote fair and orderly markets. For these reasons, and because the proposed rule change raises no novel legal or regulatory issues, the Commission finds that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change to be operative upon filing.³³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) ³⁴ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-CBOE-2026-078 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

³² See NYSE American Rule 901.1NY; MRX Options 3C, Section 2(c)(2).

³³ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

³⁴ 15 U.S.C. 78s(b)(2)(B).

All submissions should refer to file number SR-CBOE-2026-078. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the filing will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-CBOE-2026-078 and should be submitted on or before November 3, 2026.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁵

Sherry R. Haywood,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106628; File No. SR-CboeEDGX-2026-069]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fees Schedule To Add IEX Exchange, Inc. ("IEX") to Fee Code RP

October 7, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2026, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") proposes to

amend its Fees Schedule to add IEX Exchange, Inc. ("IEX") to fee code RP. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission's website (<https://www.sec.gov/rules/sro.shtml>), the Exchange's website (https://www.cboe.com/us/equities/regulation/rule_filings/edgx/), and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule applicable to its options platform ("EDGX Options"), effective October 1, 2026, to add IEX to fee code RP.³ The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. Accordingly, competitive forces constrain the Exchange's transaction fees, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable.

Addition of IEX to Fee Code RP

The Exchange assesses fees in connection with orders routed away to various options exchanges. The Fees Schedule currently lists fee codes and

³ Fee code RP is appended to Customer orders that are routed to and executed at to NYSE American ("AMEX"), BOX Options Exchange ("BOX"), Cboe Exchange, Inc. ("Cboe"), MX2 LLC, ("MX2") MIA Options Exchange ("MIA"), MIA Sapphire, LLC ("SPHR"), or Nasdaq PHLX LLC ("PHLX") (excluding orders in SPY options routed to PHLX), and is assessed a charge of \$0.25 per contract.

³⁵ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

their corresponding transaction fees for certain Customer⁴ orders routed to other options exchanges. Currently, under the Fee Codes and Associated Fees section of the Fee Schedule, fee code RP is appended to routed Customer orders to AMEX, BOX, Cboe, MIAX, MX2, SPHR, or PHLX (excluding orders in SPY options routed to PHLX) and assesses a charge of \$0.25 per contract.

The Exchange's current approach to routing fees is to set forth in a simple manner certain sub-categories of fees that approximate the cost of routing to other options exchanges based on the cost of transaction fees assessed by each venue as well as costs to the Exchange for routing (*i.e.*, clearing fees, connectivity and other infrastructure costs, membership fees, etc.) (collectively, "Routing Costs"). The Exchange monitors the fees charged as compared to the costs of its routing services and adjusts its routing fees and/or sub-categories to ensure that the Exchange's fees result in a rough approximation of overall Routing Costs, and are not significantly higher or lower in any area. Other options exchanges assess routing fees in a similar manner.⁵

The Exchange proposes to amend fee code RP to add applicable Customer orders routed to IEX, a national securities exchange. The charge assessed per contract for fee code RP remains the same (\$0.25) under the proposed rule change. The proposed change results in an assessment of fees that, given the fees of an away options exchange, is in line with the Exchange's current approach to routing fees—that is, in a manner that approximates the cost of routing Customer orders to other away options exchanges, based on the general cost of transaction fees assessed by the sub-category of away options exchanges for such orders (as well as the Exchange's Routing Costs). The Exchange notes that routing through the Exchange is optional and that market participants will continue to be able to choose where to route applicable Customer orders.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically,

the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) requirement that the rules of an exchange not be designed to permit unfair discrimination. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁸ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities.

The Exchange believes the proposed change to add IEX to fee code RP is reasonable because the charge assessed per contract for fee code RP remains the same, and the change is designed to assess routing fees for Customer orders routed to IEX in a manner consistent with the Exchange's current approach to routing fees—*i.e.*, in the most appropriate sub-category of fees that approximates the cost of routing to a group of away options exchanges based on the cost of transaction fees assessed by each venue as well as the Exchange's Routing Costs. The Exchange believes the proposed change is equitable and not unfairly discriminatory because all Members' Customer orders in non-penny (and, as applicable, penny) classes routed to IEX will automatically yield fee code RP and uniformly be assessed the corresponding fee.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe the proposed change will impose any burden on intramarket competition. The proposed change to add IEX to fee code RP will apply automatically and uniformly to all Members' applicable Customer orders routed to IEX, which will be assessed the same \$0.25 per contract charge that

applies to other exchanges within fee code RP.

The Exchange does not believe the proposed change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to competing venues, including 17 other options exchanges and off-exchange venues. Routing through the Exchange is optional. The proposed change is designed to allow the Exchange to recover its Routing Costs and to assess routing fees in a manner comparable to at least one other options exchange, thereby furthering the Commission's goal in adopting Regulation NMS of fostering competition among orders. Members may readily direct their order flow to competing venues if they deem the Exchange's fees to be excessive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and paragraph (f) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106631; File No. SR-NASDAQ-2026-083]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Equity 11, Rule 11890 (Clearly Erroneous Transactions)

October 7, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 25, 2026, The Nasdaq Stock

Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Equity 11, Rule 11890 (Clearly Erroneous Transactions) in light of the Commission's approval of Overnight Protected Bands for 23/5 Trading.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/nasdaq/rulefilings>, and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Equity 11, Rule 11890 (Clearly Erroneous Transactions) in light of the Commission's approval of Overnight Protected Bands under the LULD Plan for 23/5 Trading.

Background

In conjunction with the industry's plans for the introduction of trading 23 hours a day, 5 days a week ("23/5 Trading"), the Operating Committee of the Plan to Address Extraordinary Market Volatility ("LULD Plan") filed proposed Amendment 27 to the LULD Plan, which proposed to establish price band protections during overnight trading hours ("Overnight Price Bands").³ The Operating Committee

proposed that the Overnight Price Bands would initially be temporary static bands 20% above and below two reference points, and that after implementation, the Operating Committee would evaluate the performance of such Overnight Price Bands and propose appropriate changes in a new plan amendment.⁴ On August 5, 2026, the Commission approved the proposal.⁵

In light of the Commission's approval of these changes to the LULD Plan, the Exchange now proposes several amendments to Rule 11890 regarding Clearly Erroneous Transactions. In general, the rule describes the process a market participant may use to request cancellation of a transaction that was "clearly erroneous." The current rule's central premise is that if LULD Price Bands under the LULD Plan were available and correct at the time the transaction was executed, the transaction is not eligible for clearly erroneous review. Specifically, Rule 11890(a)(2)(C)(1) currently provides that "[i]f the execution time of the transaction(s) under review is during Regular Market Hours, the transaction will not be reviewable as clearly erroneous" except in certain limited circumstances, including when (A) the transaction is in an NMS stock that is not subject to the LULD Plan (e.g., rights and warrants), (B) the transaction was executed at a time with LULD Price Bands were unavailable or trading should have been prevented due to a regulatory halt or other halt, or (C) several other limited circumstances.⁶ In approving the existing version of the rule, the Commission noted that restricting clearly erroneous review in this way during times when LULD Price Bands were in effect was "consistent with the Act and will further the goal of providing greater certainty to market participants that trades executed within the Price Bands will stand and not be broken. . . . Thus, the proposal is designed to limit the potential discordance between the LULD mechanism and CEE review process."⁷
