- Evaluate the agency’s estimate of the proposed information collection’s burden for accuracy, including validity of the methodology and assumptions used;
- Evaluate whether the quality, utility, and clarity of the information being collected can be enhanced, and if so, how; and
- Minimize the information collection’s burden on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting people to submit electronic responses.

Overview of This Information Collection

Abstract: State and local government agencies will use the Application for Registration of Firearms Acquired by Certain Governmental Entities—ATF Form 10 (5320.10) to register an otherwise unregistrable National Firearms Act (NFA). The NFA requires the registration of certain firearms under Federal Law. The Form 10 registration allows State and local agencies to comply with the NFA, and retain and use firearms that would otherwise have to be destroyed.

Type of information collection: Reinstatement of a previously approved collection without change.

Title of the form/collection: Application for Registration of Firearms Acquired by Certain Governmental Entities.

Agency form number, if any, and the applicable component of the Department sponsoring the collection: Form number: ATF Form 10 (5320.10).
Component: Bureau of Alcohol, Tobacco, Firearms, and Explosives.

Affected public who will be asked or required to respond, as well as the obligation to respond: Affected public: state, local, and tribal governments.
Obligation to respond: required to obtain or retain a benefit.

Estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: There are an estimated 862 respondents associated with this collection per year, and it will take each respondent an average of approximately 30 minutes to complete their responses.

Estimate of the total annual burden (in hours) associated with the collection: The estimated annual public burden associated with this collection is 431 total hours, which is equal to 862 (total respondents) * 1 (# of responses per respondent) * .5 (30 minutes).

Estimate of the total annual other cost burden associated with the collection, if applicable: \$0.

Overview of This Information Collection

Abstract: Thefts or losses of firearms from the inventory of a Federal Firearms Licensee and from the collection of a licensed collector must be reported to the Attorney General and the appropriate local authorities within 48 hours of discovery.

Type of information collection: extending a previously approved collection without change.

Title of the form/collection: Federal Firearms Licensee Firearms Inventory/Firearms in Transit Theft/Loss Report.

Agency form number, if any, and the applicable component of the Department sponsoring the collection: Form number: ATF Form 3310.11/3310.11A. **Component:** Bureau of Alcohol, Tobacco, Firearms, and Explosives.

Affected public who will be asked or required to respond, as well as the obligation to respond: Affected public: business or other for-profit, federal government. **Obligation to respond:** mandatory per 18 U.S.C. . 923(g)(6).

Estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: There are an estimated 4,000 respondents associated with this collection per year, and it will take each respondent an average of approximately 24 minutes to complete their responses.

Estimate of the total annual burden (in hours) associated with the collection: The estimated annual public burden associated with this collection is 1,600 total hours, which is equal to 4,000 (total respondents) * 1 (# of responses per respondent) * .4 (24 minutes).

Estimate of the total annual other cost burden associated with the collection, if applicable: There is no startup cost to the respondent. Respondents can electronically submit their responses or mail them to the National Tracing Center. The cost of postage is now \$.63 cents. Therefore, the total cost is \$2,520, which is equal to 4,000 (# of respondents) × \$.63 cents (mailing cost per respondent).
