Overview of This Information Collection

Abstract: The information collected is used to compile statistics on the manufacture and exportation of firearms. The furnishing of this information is mandatory under 18

U.S.C. 923(g)(5)(A). This form must be submitted annually for every Type 07 and Type 10 Federal Firearms Licensees (FFLs), even if no firearms were exported or distributed into commerce. The information collection (IC) OMB 1140-0017 is being revised due to material and non-material changes to the form, such as added instructions, definitions, formatting changes (to adjust form length), bolded lines (to fillable boxes), grammatical changes (sentence rephrasing/statement modification), and instruction clarification.

Type of information collection: extending a previously approved collection without change.

Title of the form/collection: Annual Firearms Manufacturing and Exportation Report (AFMER) Under 18 U.S.C. Chapter 44, Firearms.

Agency form number, if any, and the applicable component of the Department sponsoring the collection: Form number: ATF Form 5300.11
 Component: Bureau of Alcohol, Tobacco, Firearms, and Explosives.

Affected public who will be asked or required to respond, as well as the obligation to respond: Affected public: Business or other for-profit
Obligation to respond: Mandatory and required to obtain or retain a benefit. The statutory requirements are implemented under 18 U.S.C. Chapter 44.

Estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: There are an estimated 19,200 respondents associated with this collection per year, and it will take each respondent an average of approximately 20 minutes to complete their responses.

Estimate of the total annual burden (in hours) associated with the collection: The estimated annual public burden associated with this collection is 6,400 total hours, which is equal to 19,200 (total respondents) * 1 (# of responses per respondent) * .33333 (20 minutes).

Estimate of the total annual other cost burden associated with the collection, if applicable: No new cost is associated with this collection. All respondents can electronically submit the AFMER to ATF free of charge, however, it is estimated that half the respondents

submit the form to the Federal Firearms Licensing Center by mail. The annual cost has increased due to a change in the postal rate from \$0.55 during the last

renewal in 2020, to \$0.63 in 2023. Consequently, the new public cost burden will be reported as \$6,048.00, which is equal to \$0.63 (mailing cost per

respondent) * 19,200 (# of respondents) * 50% (percentage of responses submitted by mail).

ESTIMATED TOTAL HOURLY BURDEN

Activity	Number of respondents	Frequency	Total annual responses	Time per response (hours)	Total annual burden (hours)
