SUPPLEMENTARY INFORMATION:

Agenda

The Scallop Committee and Advisory Panel will meet to discuss 2027 & 2028 (Default) Specifications and provide input on the range of potential access area and days-at-sea allocations for the 2027 and 2028 fishing years. This action will set specifications including Acceptable Biological Catch/Annual Catch Limits, days-at-sea, access area allocations, total allowable landings for the Northern Gulf of Maine management area, targets for General Category incidental catch, General Category access area trips, and set-asides for the observer and research programs for fishing year 2027 and default specifications for fishing year 2028. They will also discuss the draft 2027 Priorities and provide feedback for Council consideration at the December 2026 Council meeting. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
