

Citation 30 CFR 250; Application for Permit to Drill (APD)	Reporting or recordkeeping requirement *	Hour burden	Average number of responses	Annual burden hours (rounded)
			\$299,876 non-hour cost burdens.	
702	Identify and discuss departure requests.	Burden covered under subpart A, 1014–0022.		0
713(b)	Submit plat of the rig's anchor pattern for a moored rig approved in your EP, DPP, or DOCD.	R-1	1 submittal	1
713(e)	Provide contingency plan for using dynamically positioned MODU and all the regulatory requirements associated with this section.	R-5	682 submittals	3,410
713(g)	Describe specific current speeds when implementing rig shutdown and/or move-off procedures for water depths >400 meters; discussion of specific measures you will take to curtail rig operations/move-off location.	R-8	1 submittal	8
720(b)	Request approval to displace kill-weight fluid; include reasons why along with step-by-step procedures.	R-2	518 approval requests	1,036
721(g)(4)	Submit test procedures and criteria for a successful negative pressure test for approval. If any change, submit changes for approval.	R-2	355 submittals	710
731	Submit complete description of BOP system and components; schematic drawings; certification by ITP (additional I3P if BOP is subsea, in HTHP, or surface on floating facility); autoshear, deadman, EDS systems;	R-10	129	1,290
733(b)	Describe annulus monitoring plan; and how the well will be secured if leak is detected.	R-2	1 submittal	2
734(b)	Submit verification report from ITP documenting repairs & that BOP is fit for service	R-4	1 report	4
734(c)	Submit revision, including all verifications required, before drilling out surface casing	R-3	1 submittal	3
737(a)	Request approval from District Manager to omit BOP pressure test Indicate which casing strings and liners meet the criteria for this request.	R-4	358 casing/liner info	1,432
737(b)(2)	Request approval of test pressures (RAM BOPs)	2	353 requests	706
737(b)(3)	Request approval of pressure test (annular BOPs)	2	380 requests	760
737(d)(2)	Submit test procedures for approval for surface BOP	R-3	507 submittals	1,521
737(d)(3); (d)(4)	Submit test procedures, including how you will test each ROV intervention function, for approval (subsea BOPs only).	2	507 submittals	1,014
737(d)(12)	Submit test procedures (autoshear and deadman systems) for approval Include documentation of the controls/circuitry system used for each test; describe how the ROV will be used during this operation.	R-2	507 submittals	1,014
738(b)	Submit a revised permit with a written statement from an independent third party documenting the repairs, replacement, or reconfiguration and certifying that the previous certification in § 250731(c) remains valid.	2	50 submittals	100
738(m)	Request approval to use additional well control equipment, including BAVO report; as well as other information required by District Manager.	R-1	1 request	1
738(n)	Submit which pipe/variable bore rams have no current utility or well control purposes.	R-2	1 submittal	2
Subpart G subtotal			4,353 response	13,014
Total Burden			10,820 responses	49,446
			\$299,876 Non Hour Cost Burden.	

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Kirk Malstrom,

Chief, Regulations and Standards Branch.

BILLING CODE 4310–VH–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1500]

Certain Semiconductor Devices, Products Containing Same, and Components Thereof; Notice of Commission Determination Not To Review an Initial Determination To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 8) of the presiding administrative law judge (“ALJ”) granting complainant GlobalFoundries U.S. Inc.’s motion to amend the complaint and notice of investigation

(“NOI”) to assert dependent claims 8–12 and 19 of U.S. Patent No. 8,507,983 (“the ‘983 patent”).

FOR FURTHER INFORMATION CONTACT: B. Rashmi Borah, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2518. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation

on April 30, 2026, based on a complaint filed by GlobalFoundries U.S. Inc. of Malta, New York ("Complainant"). 91 FR 23305–06 (Apr. 30, 2026). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain semiconductor devices, products containing same, and components thereof by reason of the infringement of certain claims of the '983 patent and U.S. Patent Nos. 8,330,235; 9,093,425; 9,865,546; 10,062,748; and 10,707,167. *Id.* at 23305. The complaint further alleges that a domestic industry exists. *Id.* The NOI names eight respondents: (1) Tower Semiconductor Ltd. of Migdal Haemek, Israel; (2) Tower Partners Semiconductor Co., Ltd. of Toyama, Japan; (3) Tower Semiconductor Italy S.R.L. (Italy) of Milano, Italy; (4) Tower US Holdings, Inc. of Newport Beach, California; (5) Tower Semiconductor San Antonio, Inc., of San Antonio, Texas; (6) Tower NPB Holdings, Inc. of San Jose, California; (7) Tower Semiconductor Newport Beach, Inc. of Newport Beach, California; and (8) Newport Fab LLC of Newport Beach, California. *Id.* at 23306. The Office of Unfair Import Investigations is not named as a party to this investigation. *Id.*

On August 31, 2026, Complainant moved to amend the complaint and NOI to assert dependent claims 8–12 and 19 of the '983 patent. Respondents did not oppose the motion.

On September 14, 2026, the presiding ALJ issued the subject ID (Order No. 8) granting pursuant to Commission Rule 210.14(b) (19 CFR 210.14(b)) Complainant's motion to amend the complaint and NOI. The ID finds that good cause exists for amending the complaint and NOI to add claims 8–12 and 19 of the '983 patent because Complainant obtained additional information during discovery that was not previously known to Complainant. The ID also finds that adding claims 8–12 and 19 of the '983 patent will not prejudice the public interest or the rights of any parties to the investigation.

No party filed a petition for review of the subject ID.

The Commission has determined not to review the subject ID. Accordingly, the complaint and NOI are amended to assert dependent claims 8–12 and 19 of the '983 patent.

The Commission vote for this determination took place on October 13, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: October 13, 2026.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–797 and 731–TA–1793 (Final)]

N-Cyclohexylbenzothiazole-2-Sulfenamide From China; Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701–TA–797 and 731–TA–1793 (Final) pursuant to the Tariff Act of 1930 to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of n-cyclohexylbenzothiazole-2-sulfenamide (CBS) from China, provided for in subheading 2934.20.80 of the Harmonized Tariff Schedule of the United States, preliminarily determined by the Department of Commerce ("Commerce") to be subsidized and alleged to be sold at less-than-fair-value. Commerce's preliminary determination with respect to CBS from China, alleged to be sold in the United States at less-than-fair-value, is pending.

DATES: October 8, 2026.

FOR FURTHER INFORMATION CONTACT: Jack Brower 202–205–3441, Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000.

General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as "N-Cyclohexylbenzothiazole-2-sulfenamide (CBS), an organic compound also known as N-cyclohexyl-2-benzothiazolesulfenamide, N-(1,3-benzothiazol-2-ylsulfanyl) cyclohexanamine and N-cyclohexylbenzothiazol-2-sulphenamide. It may additionally be termed Accelerator CZ, CBTS, Thiohexam, HIP4, Curax, DURAX, Conaca, Conach, Conacs, or Celacs. A CBS assay or sample most commonly reflects a concentration of 94 to 99 percent. CBS is most commonly in the form of an off-white or light gray powder, oiled powder, or granule, though CBS imported in a different color or form is included in the scope. CBS typically has a melting point of 90 to 110 °C and a molecular weight of 264.4 g/mol. CBS may be imported in a solution of benzene, ethanol, or acetone. CBS has the chemical formula C₁₃H₁₆N₂S₂ and is assigned the Chemical Abstract Service (CAS) registry No. 95–33–0. The scope also includes CBS that is commingled with CBS from sources not subject to this investigation."

Background.—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of an affirmative preliminary determination by Commerce that certain benefits which constitute subsidies within the meaning of § 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China of n-cyclohexylbenzothiazole-2-sulfenamide ("CBS"). Commerce's preliminary determination with respect to CBS from China, alleged to be sold in the United States at less-than-fair-value, is pending. The investigations were requested in petitions filed on May 7, 2026, by Lanxess Corporation, Pittsburgh, Pennsylvania.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Participation in the investigations and public service list.—Persons, including
