

more than five fund officers or responsible employees who may have access to the fund's assets. The designated access persons (two or more of whom must act jointly when handling fund assets) must prepare a written notation providing certain information about each deposit or withdrawal of fund assets, and must transmit the notation to another officer or director designated by the directors. Independent public accountants must verify the fund's assets three times each year, and two of those examinations must be unscheduled.²

We estimate that approximately 194 funds file Form N-17f-2 each year,³ and that it takes approximately 2 hours per response to prepare and file Form N-17f-2 with the Commission. Commission staff further estimates that on average each fund files Form N-17f-2 approximately three times a year for a total annual hourly burden per fund of approximately 6 hours. Thus, the total annual burden for preparing and filing Form N-17f-2 is approximately 1,160 hours (an increase from the previously approved 990 hours). Commission staff estimates that it takes on average 1.25 hours of fund accountants at a cost of \$243 per hour to prepare each Form N-17f-2 and 0.75 hours of clerical time at a cost of \$125 per hour to file the form with the Commission for a total annual cost per fund of approximately \$1,192.50. Therefore, we estimate the total cost of the hour burden for filing Form N-17f-2's collection of information requirements to be approximately \$231,345.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202608-3235-002 or email comment to MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov within 30 days of the day after publication of this notice, by November 16, 2026.

² The accountant must transmit to the Commission promptly after each examination a certificate describing the examination on Form N-17f-2. The third (scheduled) examination may coincide with the annual verification required for every fund by section 30(g) of the Act (15 U.S.C. 80a29(g)).

³ On average, each year approximately 194 funds filed Form N-17f-2 with the Commission during calendar years 2023–2025.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106656; File No. SR–NYSE–2026–48]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.18 Regarding Trading Halts

October 13, 2026.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (“Act”) ² and Rule 19b–4 thereunder,³ notice is hereby given that on October 1, 2026, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.18 (“Trading Halts”) regarding Initial Listing Regulatory Halts. The proposed rule change is available on the Exchange's website at www.nyse.com and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

² 15 U.S.C. 78a.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

New York Stock Exchange LLC (“NYSE” or the “Exchange”) proposes to amend Rule 7.18 (“Trading Halts”) regarding Initial Listing Regulatory Halts.

Background

Rule 7.18(b)(1)(B) lists the types of discretionary regulatory halts the Exchange may declare, including, at subparagraph (i), an “Initial Listing Regulatory Halt.” Rule 7.18(b)(5)(B)(v) describes how the Exchange will resume trading after an Initial Listing Regulatory Halt. The current rule text provides that the Exchange “will resume trading in a security after an Initial Listing Regulatory Halt when the DMM opens the security with a Trading Halt Auction.”

The Exchange proposes to amend this rule text to add: “except that an initial listing of an ETP security that is eligible to participate in an IPO Auction pursuant to Rule 7.35(a)(1)(D) will open after 9:30 a.m. ET with an IPO Auction.” The Exchange believes that this addition will enhance the transparency and specificity of the rule. The change is non-substantive because Rule 7.35(a)(1)(D) already provides that such an ETP initial listing will open with an IPO Auction on the first day of trading on the Exchange.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁴ Specifically, the proposal is consistent with Section 6(b)(5) of the Act⁵ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes the proposed rule change would protect investors and the public interest and perfect the mechanism of a free and open market and a national market system by adding transparency and specificity to the rule. Rule 7.35(a)(1)(D) already provides that an ETP initial listing will open with an

⁵ 15 U.S.C. 78f(b)(5).

IPO Auction on the first day of trading on the Exchange. The proposed rule change would make that rule explicit in the text of Rule 7.18(b)(5)(B)(v), thereby adding further specificity and transparency to the Exchange's rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposal is consistent with Section 6(b)(8) of the Act⁶ in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act as explained below. Rather than impacting competition, the proposed change is non-substantive and would enhance the specificity and transparency of the rule.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)⁹ of the Act to determine whether the proposed rule

change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
