

4(f)(6)¹¹ thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)¹³ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Exchange states that the proposed rule change eliminates duplicative procedural obligations applicable to the Exchange in its capacity as a UTP trading venue because the primary listing exchange's information circular already provides Members with the same disclosures the Exchange would otherwise be required to produce.¹⁶ The Exchange also notes that the proposed rule change does not alter the terms or conditions under which UTP Derivative Securities may be traded on the Exchange. For these reasons, the Commission finds that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[OMB Control No. 3235-0360]

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension: Form N-17f-2

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (SEC or "Commission") is submitting to the Office of Management and Budget (OMB) this request for extension of the proposed collection of information described below.

Rule 17f-2 (17 CFR 270.17f-2), entitled "Custody of Investments by Registered Management Investment Company," was adopted in 1940 under section 17(f) of the Investment Company Act of 1940 (15 U.S.C. 80a-17(f)) (the "Act"), and was last amended materially in 1947. Rule 17f-2 establishes safeguards for arrangements in which a registered management investment company ("fund") is deemed to maintain custody of its own assets, such as when the fund maintains its assets in a facility that provides safekeeping but not custodial services.¹

Form N-17f-2 (17 CFR 274.220) is entitled "Certificate of Accounting of Securities and Similar Investments in the Custody of Management Investment Companies." Form N-17f-2 is the cover sheet for the accountant examination certificates prepared under rule 17f-2. Form N-17f-2 facilitates the filing process for accountant examination certificates. The form has a purely administrative purpose and does not require any additional information (beyond that required by rule 17f-2) to be collected. Form N-17f-2 increases the accessibility of the examination certificates to both Commission staff and interested investors by ensuring that the certificates are filed under the proper SEC file number and correct name of a fund.

The rule includes several recordkeeping or reporting requirements. The fund's directors must prepare a resolution designating not

¹ The rule generally requires all assets to be deposited in the safekeeping of a "bank or other company whose functions and physical facilities are supervised by Federal or State authority." The fund's securities must be physically segregated at all times from the securities of any other person.

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁶ The Exchange represents that such information circulars are generally available on the primary listing market's website. See *supra* note 6.

¹⁷ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

more than five fund officers or responsible employees who may have access to the fund's assets. The designated access persons (two or more of whom must act jointly when handling fund assets) must prepare a written notation providing certain information about each deposit or withdrawal of fund assets, and must transmit the notation to another officer or director designated by the directors. Independent public accountants must verify the fund's assets three times each year, and two of those examinations must be unscheduled.²

We estimate that approximately 194 funds file Form N-17f-2 each year,³ and that it takes approximately 2 hours per response to prepare and file Form N-17f-2 with the Commission. Commission staff further estimates that on average each fund files Form N-17f-2 approximately three times a year for a total annual hourly burden per fund of approximately 6 hours. Thus, the total annual burden for preparing and filing Form N-17f-2 is approximately 1,160 hours (an increase from the previously approved 990 hours). Commission staff estimates that it takes on average 1.25 hours of fund accountants at a cost of \$243 per hour to prepare each Form N-17f-2 and 0.75 hours of clerical time at a cost of \$125 per hour to file the form with the Commission for a total annual cost per fund of approximately \$1,192.50. Therefore, we estimate the total cost of the hour burden for filing Form N-17f-2's collection of information requirements to be approximately \$231,345.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202608-3235-002 or email comment to MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov within 30 days of the day after publication of this notice, by November 16, 2026.

² The accountant must transmit to the Commission promptly after each examination a certificate describing the examination on Form N-17f-2. The third (scheduled) examination may coincide with the annual verification required for every fund by section 30(g) of the Act (15 U.S.C. 80a29(g)).

³ On average, each year approximately 194 funds filed Form N-17f-2 with the Commission during calendar years 2023–2025.

Dated: October 14, 2026.

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106656; File No. SR–NYSE–2026–48]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.18 Regarding Trading Halts

October 13, 2026.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (“Act”) ² and Rule 19b–4 thereunder,³ notice is hereby given that on October 1, 2026, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

New York Stock Exchange LLC (“NYSE” or the “Exchange”) proposes to amend Rule 7.18 (“Trading Halts”) regarding Initial Listing Regulatory Halts.

Background

Rule 7.18(b)(1)(B) lists the types of discretionary regulatory halts the Exchange may declare, including, at subparagraph (i), an “Initial Listing Regulatory Halt.” Rule 7.18(b)(5)(B)(v) describes how the Exchange will resume trading after an Initial Listing Regulatory Halt. The current rule text provides that the Exchange “will resume trading in a security after an Initial Listing Regulatory Halt when the DMM opens the security with a Trading Halt Auction.”

The Exchange proposes to amend this rule text to add: “except that an initial listing of an ETP security that is eligible to participate in an IPO Auction pursuant to Rule 7.35(a)(1)(D) will open after 9:30 a.m. ET with an IPO Auction.” The Exchange believes that this addition will enhance the transparency and specificity of the rule. The change is non-substantive because Rule 7.35(a)(1)(D) already provides that such an ETP initial listing will open with an IPO Auction on the first day of trading on the Exchange.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁴ Specifically, the proposal is consistent with Section 6(b)(5) of the Act⁵ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest.

The Exchange believes the proposed rule change would protect investors and the public interest and perfect the mechanism of a free and open market and a national market system by adding transparency and specificity to the rule. Rule 7.35(a)(1)(D) already provides that an ETP initial listing will open with an
