

DEPARTMENT OF AGRICULTURE

Forest Service

Proposed Recreation Fee Site

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice.

SUMMARY: The Tahoe National Forest proposes to establish a new recreation fee site. Proposed recreation fees collected at the proposed recreation fee site would be used for operation, maintenance, and improvement of the site. An analysis of nearby recreation fee sites with similar amenities shows that the proposed recreation fee is reasonable and typical of similar recreation fee sites in the area.

DATES: If approved, the proposed recreation fee sites and proposed recreation fees would be established no earlier than six months following the publication of this notice in the **Federal Register**.

ADDRESSES: Tahoe National Forest, Attention: Recreation Fees, 631 Coyote Street, Nevada City, CA 95959.

FOR FURTHER INFORMATION CONTACT: Mary Sullivan, Recreation Program Manager, (530) 478-6298, tahoe_nf_comments@usda.gov.

SUPPLEMENTARY INFORMATION: The Federal Lands Recreation Enhancement Act (16 U.S.C. 6803(b)) requires the Forest Service to publish in the **Federal Register** a six-month advance notice before the establishment of proposed recreation fee site. In accordance with Forest Service Handbook 2309.13, chapter 30, the Forest Service will publish the proposed recreation fee site and proposed recreation fees in local newspapers and other local publications for public comments. At least 80 percent of the proposed recreation fees collected at the Tahoe National Forest would remain available for expenditure at the Forest to enhance the visitor experience at the proposed recreation fee site.

A proposed expanded amenity recreation fee of \$20 per night would be charged for Grouse Ridge Campground.

Fee revenue would be used to enhance recreation opportunities, improve customer service, and address maintenance needs.

Once public involvement is complete, the proposed recreation fee site and proposed recreation fees will be reviewed by a Resource Advisory Committee prior to a final decision and implementation. Reservations for campgrounds and cabins can be made online at www.recreation.gov or by calling (877) 444-6777. A reservation fee of \$8.00 per reservation will be

added to the cost of the reservation. The \$8.00 reservation fee is a transaction fee charged by the recreation.gov reservation platform and is not a Forest Service recreation fee under the Federal Lands Recreation Enhancement Act. This transaction fee is retained by the service provider to support the cost of the reservation system.

Gordon Blum,

Associate Deputy Chief, Recreation and Heritage.

DEPARTMENT OF COMMERCE

Bureau of Economic Analysis

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Services Surveys: BE-125, Quarterly Survey of Transactions in Selected Services and Intellectual Property With Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of Information Collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before December 18, 2026.

ADDRESSES: Interested persons are invited to submit written comments to Christopher Stein, Chief, Services Surveys Branch, Bureau of Economic Analysis, by email to christopher.stein@bea.gov or PRAcomments@doc.gov. Please reference OMB Control Number 0608-0067 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Christopher Stein, Chief, Services Surveys Branch, Bureau of Economic

Analysis; 301-278-9189; or via email at christopher.stein@bea.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Quarterly Survey of Transactions in Selected Services and Intellectual Property with Foreign Persons (Form BE-125) is an ongoing survey that collects data from U.S. persons who engage in covered transactions in selected services or intellectual property with foreign persons. A U.S. person means any individual, branch, partnership, associated group, association, estate, trust, corporation, or other organization (whether or not organized under the laws of any State), resident in the United States or subject to the jurisdiction of the United States. A U.S. person must report if they had combined sales of covered services or intellectual property to foreign persons that exceeded \$6 million for the previous fiscal year, or are expected to exceed that amount during the current fiscal year, or if they had combined purchases of covered services or intellectual property from foreign persons that exceeded \$4 million for the previous fiscal year, or are expected to exceed that amount during the current fiscal year.

The data are needed to monitor U.S. trade in services, to analyze the impact of these cross-border services on the U.S. and foreign economies, to compile and improve the U.S. economic accounts, to support U.S. commercial policy on trade in services, to conduct trade promotion, and to improve the ability of U.S. businesses to identify and evaluate market opportunities. The data are used in estimating the trade in services component of the U.S. international transactions accounts (ITAs) and national income and product accounts (NIPAs).

The Bureau of Economic Analysis (BEA) is proposing to expand transaction category detail to further align BEA's statistics with international guidelines and to collect additional information that can be used to improve the current estimation methodologies for published services transactions, increasing the quality and usefulness of BEA's statistics on trade in services. BEA is also proposing to modify the survey reporting thresholds, decreasing survey respondent burden and streamlining data collection.

BEA proposes three changes to the survey's data and database transaction categories:

(1) Separately collect the following three new intellectual property (IP) rights transaction types related to data and database transactions:
