Service projects, which typically last from six to eight weeks, address critical needs in natural and other disasters, infrastructure improvement, environmental stewardship and conservation, energy conservation, and urban and rural development. Members construct and rehabilitate low-income housing, respond to natural disasters, clean up streams, help communities develop emergency plans, and address other local needs. The currently approved information collection is due to expire on September 30, 2029. AmeriCorps is proposing to revise the application to ask additional, more specific questions about available housing. These changes are expected to increase the burden hours because we're asking more questions.
