POLICY JUSTIFICATION

(U) *Iraq—Bell 412 Helicopters*

(U) The Government of Iraq has requested to buy Bell 412EPX

helicopters; Very High Frequency (VHF) radios; spare parts; ground support equipment; publications and technical data; new equipment training including pilot and maintenance; U.S.

Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$150 million.

(U) This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a strategic partner.

(U) The proposed sale will improve Iraq’s capability to meet current and future threats by providing an airlift capability for troop, medical and logistics transport. The addition of airlift capability affords Counter-Terrorism Services operational capabilities. Iraq will have no difficulty absorbing these articles and services into its armed forces.

(U) The proposed sale of this equipment and support will not alter the basic military balance in the region.

(U) The principal contractor will be Bell-Textron, located in Fort Worth, TX. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

(U) Implementation of this proposed sale will require temporary duty travel of three (3) to five (5) U.S. Government representatives to Iraq for a duration of up to five (5) years. Implementation of this proposed sale will also require twelve (12) contractor representatives for support equipment fielding and training.

(U) There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

REPORT OF ENHANCEMENT OR UPGRADE OF SENSITIVITY OF TECHNOLOGY OR CAPABILITY (SEC. 36(B)(5)(C), AECA)

(i) *Prospective Purchaser:* Government of Jordan

(ii) *Sec. 36(b)(1), AECA Transmittal No.:* 21–46

Date: February 8, 2022

Implementing Agency: Army

Funding Source: Foreign Military Financing

(iii) *Description:* On February 8, 2022, Congress was notified by congressional certification transmittal number 21–46 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of one hundred fourteen (114) Guided Multiple Launch Rocket System (GMLRS) Unitary High Explosive (HE) Tri-Mode Fuze (GMLRS–U) (M31) rockets; and one hundred fourteen (114) Reduced Range Practice Rockets. Also included were support equipment; publications and technical data; personnel training and equipment; systems integration support; U.S. Government and contractor engineering technical and logistics support services; and other related elements of logistics and program support. The estimated total value was \$70 million. Major Defense Equipment (MDE) constituted \$50 million of this total.

This transmittal notifies the inclusion of the following MDE items: up to sixteen (16) GMLRS M31A2 Unitary HE Pods. The following non-MDE items will also be included: support equipment; publications and technical data; personnel training and equipment; systems integration support; U.S. Government and contractor engineering and logistics personnel services; other related elements of logistics support; missile canisters; and test equipment. The estimated total value of the new items is \$75 million. The estimated MDE value will increase by \$65 million to a revised \$115 million. The estimated

non-MDE value will increase by \$10 million to a revised \$30 million. The estimated total case value will increase by \$75 million to a revised \$145 million.

(iv) *Significance*: This notification accounts for requested additional MDE and non-MDE items not included in the original notification. The inclusion of this MDE represents an increase in capability over what was previously notified. The proposed sale will support Jordan's capability to meet current and future threats on its borders, provide greater security for its economic infrastructure, and provide a long-range precision artillery support capability that will significantly improve U.S.-Jordan interoperability to facilitate the defense of vital installations.

(v) *Justification*: This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a major non-NATO ally that is an important force for political stability and economic progress in the Middle East.

(vi) *Sensitivity of Technology*: The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: August 18, 2026
