

non-MDE value will increase by \$10 million to a revised \$30 million. The estimated total case value will increase by \$75 million to a revised \$145 million.

(iv) *Significance*: This notification accounts for requested additional MDE and non-MDE items not included in the original notification. The inclusion of this MDE represents an increase in capability over what was previously notified. The proposed sale will support Jordan's capability to meet current and future threats on its borders, provide greater security for its economic infrastructure, and provide a long-range precision artillery support capability that will significantly improve U.S.-Jordan interoperability to facilitate the defense of vital installations.

(v) *Justification*: This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a major non-NATO ally that is an important force for political stability and economic progress in the Middle East.

(vi) *Sensitivity of Technology*: The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: August 18, 2026

Office of the Secretary

[Transmittal No. 26-11]

Arms Sales Notification

AGENCY: Defense Security Cooperation Agency (DSCA), Department of Defense (DoD).

ACTION: Arms sales notice.

SUMMARY: The DoD (referred to herein as "the Department," "Department of War" or "DoW") is publishing the unclassified text of an arms sales notification.

FOR FURTHER INFORMATION CONTACT:

Urooj Zahra at (703) 695-6233, urooj.zahra.civ@mail.mil, or dscanrcrsrcmgmt.list.cns-mbx@mail.mil.

SUPPLEMENTARY INFORMATION: This 36(b) arms sales notification is published to fulfill the requirements of section 155 of

Public Law 104-164 dated July 21, 1996. The following is a copy of the attached Transmittal 26-11.

Dated: October 15, 2026.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Transmittal No. 26-11

REPORT OF ENHANCEMENT OR UPGRADE OF SENSITIVITY OF TECHNOLOGY OR CAPABILITY (SEC. 36(B)(5)(C), AECA)

(i) Prospective Purchaser: Government of the Netherlands

(ii) Sec. 36(B)(1), AECA Transmittal No.: 22-25

Date: May 26, 2022

Implementing Agency: Navy

(iii) Description: On May 26, 2022, Congress was notified by congressional certification transmittal number 22-25 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of ninety-five (95) AIM-9X Block II Tactical Missiles; forty-three (43) AIM-9X Block II+ Tactical Missiles; and one (1) AIM-9X Block II+ Tactical Guidance Unit. Also included were containers; classified and unclassified software; U.S. Government and contractor technical assistance; and other related elements of logistical and program support. The total estimated value was \$117 million. Major Defense Equipment (MDE) constituted \$104.6 million of this total.

This transmittal notifies the addition of the following MDE items: up to three hundred ninety-two (392) AIM-9X Sidewinder Block II Tactical Missiles. The following non-MDE items will also be included: additional containers; classified and unclassified software; transportation; technical assistance; U.S. Government and contractor technical assistance; and other related elements of logistical and program support. The estimated total value of the new items is \$295 million. The estimated MDE value will increase by \$269.9 million to a revised \$374.5 million. The estimated non-MDE value will increase by \$25.1 million to a revised \$37.5 million. The estimated total case value will increase by \$295 million to a revised \$412 million.

(iv) *Significance*: This notification accounts for requested additional MDE and non-MDE items not included in the original notification. The inclusion of this MDE and non-MDE represents an increase in capability over what was previously notified. The proposed articles and services will support the Netherlands' air defense capability by improving its capability to conduct self-defense and regional security missions

and enhancing interoperability with the U.S. and other NATO members.

(v) *Justification*: This proposed sale will support the foreign policy and national security objectives of the United States by improving the security of a NATO Ally which is an important force for political stability and economic progress in Europe.

(vi) *Sensitivity of Technology*:

The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: September 16, 2026
