SUPPLEMENTARY INFORMATION: As required by the Paperwork Reduction Act, as amended (44 U.S.C. chapter 35), OPM is soliciting comments for this new collection (OMB No. 3206–NEW). The Office of Personnel Management is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Suggest ways to enhance the quality, utility, and clarity of the information to be collected; and
4. Suggest ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection

techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

OPM receives requests to change contact information by various means of communication that do not provide sufficient opportunity to OPM to verify the identity of the individual initiating the request, such as when a caller is unable to provide a correct response to identification questions. OPM has created Form RI 20–129 to verify the identity of an annuitant who has requested changes to contact information. The verification will determine whether the individual is provided access to the annuitant's account.

Background

The FPA Portal is an enrollee notification and eligibility verification system that will support the OPM requirement under the Federal Employees Health Benefits (FEHB) Protection Act of 2025 (Sec. 90101, Pub. L. 119–21, 139 Stat. 362) to conduct a comprehensive audit regarding family members who are covered in the FEHB Program. It will provide a secure and consistent process to ensure that only eligible individuals are enrolled in the FEHB Program. This will strengthen enrollment integrity and ensure ineligible family members are not participating in the FEHB Program. The FPA Portal will involve enrollees whose family member's eligibility has not yet been verified, OPM personnel, and a contracted vendor. Employing agencies, payroll offices, and participating health insurance carriers will be incorporated in subsequent phases. Enrollees whose family member's eligibility has not been verified will receive FPA Portal generated emails and mailed notices. These notices will direct enrollees to securely sign in to the FPA Portal enabling them to provide documentation to allow verification of the eligibility of their family members.

The FPA Portal will send status updates and reminders when a response or additional action is required. The enrollee will use online forms and document-upload features within the FPA Portal to enter requested information and submit supporting eligibility documents. The documents required depend on the family member's relationship to the enrollee and include records used to establish a spouse's or child's eligibility. The list of these records can be found in the FEHB Handbook at <https://www.opm.gov/healthcare-insurance/healthcare/reference-materials/reference/family-members/>. The FPA Portal will use automated document-verification capabilities to review the submitted information and documentation and determine whether the submission is sufficient to support an eligibility decision. If a case cannot be resolved through the automated review process, it will be referred to the contracted vendor and OPM. The results of that review will be returned to the FPA Portal for continued processing.
