**Abstract:** Section 403 of the John S. McCain III, Daniel K. Akaka, and Samuel R. Johnson VA Maintaining Internal Systems and Strengthening Integrated Outside Networks (MISSION) Act of 2018 (Public Law 115–182; as codified at 38 U.S.C. 7302) mandated that VA create a pilot program to establish additional graduate medical education (GME) physician residency placement positions at certain covered facilities. The pilot program has been implemented and places no fewer than 100 resident physicians at covered facilities (sites) operated by Indian tribe or tribal organization (25 U.S.C. 5304), Indian Health Service, Federally-Qualified Health Centers (42 U.S.C. 1396d(1)(2)(B)) and Department of Defense. Participants in this program are required by the statute to collect and provide VA with programmatic data. VA is required to include this information in an annual Congressionally Mandated Report until the program terminates on August 7, 2031. The information will continue to be collected by the GME sponsoring institutions and the physician residents they place in the participating covered facilities. The sponsors themselves will determine the best method for collecting the necessary data, depending on their own resources and staffing. The information collected includes required elements, such as number of patients seen per day by each resident placed in a covered facility, and consolidated data from the GME sponsoring institutions. VA will submit this information in an annual report to Congress on continued implementation of the pilot program.

*Title:* Application for Assumption Approval and/or Release from Personal Liability to the Government on a Home Loan.

*OMB Control Number:* 2900-0110  
<https://www.reginfo.gov/public/do/PRAsearch>.

*Type of Review:* Revision of a Currently Approved Collection.

*Abstract:* VA Form 26-6381, Application for Assumption Approval and/or Release from Personal Liability to the Government on a Home Loan is

completed by Veterans who are selling their homes by assumption rather than requiring purchasers to obtain their own financing to pay off the loan. The data furnished on the form is essential to determinations for assumption approval, release of liability, and substitution of entitlement in accordance with 38 U.S.C. 3713(a) and 3714 and 3702(b)(2). The respondent count increased from 1,000 to 5,000, which also increased the annual burden hours from 167 hours to 835 hours. This was due to the increasing number of assumptions due to the availability of assumable low-interest rate loans in the currently high-interest rate environment.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
