

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after November 23, 2026. If competing requests for repatriation are received, the University of Wisconsin-Milwaukee must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The University of Wisconsin-Milwaukee is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: October 15, 2026.

Melanie O'Brien,

Manager, National NAGPRA Program.

Notice of Inventory Completion: Indiana University, Bloomington, IN

AGENCY: National Park Service, Interior.
ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Indiana University has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after November 23, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Dr. Jayne-Leigh Thomas, Office of the Native American Graves Protection and Repatriation Act (NAGPRA), Indiana University, Student Building 318, 701 E Kirkwood Avenue, Bloomington, IN 47405, email thomajay@iu.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Indiana University, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, one individual have been identified. The two associated funerary objects are one lot of copper and one lot of sand. This collection was excavated from 12Fu3 during construction of S.R. 10 in Fulton County, Indiana in 1954. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least, one individual have been identified. There are no known associated funerary objects. This collection was excavated from an unknown location in Lake County, Indiana on an unknown date. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least, one individual have been identified. The six associated funerary objects are one lot of lithics, one lot of faunal bones, one lot of worked bone, one lot of shell, one lot of worked shell, and one lot of ceramic/clay artifacts. This collection was excavated from the Griesmer Site in Lake County, Indiana in 1962 as part of an Indiana University field school.

Human remains, representing, at least, one individual have been identified. There are no associated funerary objects. This collection was discovered by Mr. Charles Faulkner on an unknown date from the Lake County site (12La166). It was donated to IU by Mr. Oha Zamazel in 1960. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least, one individual have been identified. There are no associated funerary objects. This collection was discovered in 1933 by WPA workers three miles south of Plymouth in Marshall County, Indiana. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least one individual have been identified. The one associated funerary object is one lot of historic artifacts. This collection was discovered in 1950 from an unnamed site (12Mr232) in Marshall County by Mr. Charles Faulkner. It was donated to Indiana University in 1960 by Mr. Al Runnels. There is no known presence of any potentially hazardous substances.

The two associated funerary objects are one lot of lithics and one lot of soil. The artifacts were collection in 1932 from Vergin Mound (12Pr28), Porter County, by Mr. J. Gilbert McAllister. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least seven individuals have been identified. The eight associated funerary objects are one lot of clay/ceramics objects, one lot of lithics, one lot of charcoal, one lot of soil, one lot of plant materials, one lot of copper, one lot of shell, and one lot of mixed materials. This collection was excavated from Weise Mound (12Pr35) in Porter County, Indiana. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least two individuals have been identified. The five associated funerary objects are one lot of faunal bones, one lot of worked bone, one lot of historic artifacts, one lot of clay/ceramics, and one lot of shell. This collection was excavated from the Fifield site (12Pr55) in Porter County, Indiana. There is no known presence of any potentially hazardous substances.

Human remains, representing, at least, 37 individuals have been identified. The seven associated funerary objects are one lot of faunal bones, one lot of stone, one lot of worked stone, one lot of lithics, one lot of red ochre, one lot of copper, and one lot of shell. This collection was discovered at the Butterfield Camp site (12Wh2) in White County, Indiana by Mr. Jack Householder in 1952. There is no known presence of any potentially hazardous substances.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

Indiana University has determined that:

- The human remains described in this notice represent the physical

remains of 52 individuals of Native American ancestry.

- The 31 objects described in this notice is reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- There is a connection between the human remains and associated funerary objects described in this notice and the Absentee-Shawnee Tribe of Indians of Oklahoma; Citizen Potawatomi Nation, Oklahoma; Forest County Potawatomi Community, Wisconsin; Iowa Tribe of Kansas and Nebraska; Match-E-Be-Nash-She-Wish Band of Pottawatomi (previously listed as Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians of Michigan); Miami Tribe of Oklahoma; Minnesota Chippewa Tribe, Minnesota (Mille Lacs Band); Nottawaseppi Huron Band of the Potawatomi, Michigan; Peoria Tribe of Indians of Oklahoma; Pokagon Band of Potawatomi Indians, Michigan and Indiana; Ponca Tribe of Nebraska; and the Sac & Fox Tribe of the Mississippi in Iowa.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after November 23, 2026. If competing requests for repatriation are received, Indiana University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. Indiana University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: October 15, 2026.

Melanie O'Brien,

BILLING CODE 4312–52–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010–0106; Docket ID: BOEM–2026–0496]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Oil Spill Financial Responsibility for Offshore Facilities

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) proposes this information collection request (ICR) to revise Office of Management and Budget (OMB) control number 1010–0106.

DATES: Comments must be received by the OMB desk officer no later than November 23, 2026.

ADDRESSES: Submit your written comments on this ICR to the OMB's desk officer for the Department of the Interior at www.reginfo.gov/public/do/PRAMain. From the www.reginfo.gov/public/do/PRAMain landing page, find this information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments by parcel delivery service or U.S. mail to the BOEM Information Collection Clearance Officer, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, VA 20166 or by email to regulatoryaffairs@boem.gov. Please reference OMB Control Number 1010–0106 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Karen Thundiyl by email at regulatoryaffairs@boem.gov, or by telephone at 202–742–0970. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

BOEM published a **Federal Register** notice with a 60-day public comment period on the proposed ICR on May 15, 2026 (91 FR 27981). Five sets of comments were received: three from oil and gas industry stakeholders, one from insurance associations, and one from the general public. Stakeholders broadly support BOEM's proposed revisions, emphasizing improved clarity, reduced ambiguity, and the necessity for restoring stability in the OSFR insurance market. Commenters agree that clarifying coverage triggers aligns with the Oil Pollution Act of 1990. The revised forms are expected to increase insurer participation, expand coverage, reduce premiums, and decrease administrative disputes. Commenters support BOEM's burden hour estimates and recommend electronic submission for efficiency. No comments alter the purpose, need, cost, or hour burden of the ICR.

As part of our continuing effort to reduce paperwork and respondent burdens, BOEM is again soliciting comments on the proposed ICR. BOEM is especially interested in public comments addressing the following issues:

- (1) Is the collection necessary to the proper functions of BOEM?
- (2) What can BOEM do to ensure that this information is processed and used in a timely manner?
- (3) Is the burden estimate accurate?
- (4) How might BOEM enhance the quality, utility, and clarity of the information to be collected?
- (5) How might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments that you submit in response to this notice are a matter of public record and will be available for public review on www.reginfo.gov. BOEM will include or summarize each comment in its ICR to OMB for approval of this information collection.

You should be aware that your entire comment—including your address, phone number, email address, or other
