

hour to locate and collect other supplementary documents, when they are needed. In terms of the two comments concerning automation of the completion and submission process, at GSA specifically, we do not currently have an existing information technology system that could serve this purpose. At GSA, since we currently have fewer than 25 employees annually transferred or hired for overseas work, the cost of this automation would most likely exceed the cost savings in labor hours from that automation.

We thank the commenters for their helpful feedback.

Richard Speidel,

Deputy Chief Data Officer, General Services Administration.

BILLING CODE 6820–FM–P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Modification of the Test of the New Electronic Informal Entry Process for Mail

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces that U.S. Customs and Border Protection (CBP) is modifying the test of the new electronic informal entry type for merchandise entering the United States through the international mail process to permit transmission of the entry with or without electronic Partner Government Agency (PGA) data.

DATES: The modification is effective on October 22, 2026.

FOR FURTHER INFORMATION CONTACT:

Christopher Mabelitini, Director, Intellectual Property Rights & E-Commerce Division, Office of Trade, U.S. Customs and Border Protection, 202–325–6915, ecommerce@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION: On June 24, 2026, U.S. Customs and Border Protection (CBP) published a notice in the **Federal Register** (91 FR 38007), announcing a test for a new electronic informal entry process for international mail in the Automated Commercial Environment (ACE), the entry type 13 (Informal Mail Entry). The test commenced on September 22, 2026. The new informal entry type 13 is available for international mail shipments valued at \$2,500 or less, including those

shipments that would previously have been eligible for the *de minimis* duty exemption, that are sent to the United States through the international postal network (“international mail”). The Entry Type 13 Test provides an alternative to the interim process for informal mail entries, as set forth in section 145.12(b) of title 19 of the Code of Federal Regulations (19 CFR 145.12(b)), and allows filers to file informal entry for qualified international mail shipments electronically in ACE. This test temporarily creates an informal entry pathway for low-value international mail shipments subject to PGA data requirements or duties other than those set forth in Chapters 1–97 of the Harmonized Tariff Schedule of the United States (HTSUS),¹ which are ineligible for the interim process for informal mail entries, pursuant to 19 CFR 145.12(a)(2)(v)–(vi).

To participate in the test, the importer of record (IOR), who is the owner, purchaser of the merchandise being mailed to the United States, or the licensed broker properly appointed by the owner, purchaser, or consignee, who is acting as an IOR, must file the entry type 13 data required by CBP electronically in ACE. In addition to the above Entry Type 13 Test data elements, merchandise subject to duties under Chapter 98 or Chapter 99 of the HTSUS, or for which duty-free treatment is claimed under Chapter 98 of the HTSUS or pursuant to a Free Trade Agreement, must transmit the additional data mandated by those requirements, as applicable. Participants with shipments subject to PGA data requirements may also transmit PGA data electronically in ACE with their entry type 13 filing. However, CBP is modifying this test to also temporarily accept transmission of an entry type 13 that is not accompanied by complete electronic PGA data, to allow filers to begin using the entry type 13 while they work to ensure that they can electronically submit all of the data required for complete PGA submissions. CBP will announce the conclusion of this temporary acceptance in a future notice published in the **Federal Register**. For more information on the test procedures and requirements, please refer to the notice announcing the test (91 FR

¹ For example, goods subject to trade remedies, such as Section 232 duties (Section 232 of the Trade Expansion Act of 1962, as amended; 19 U.S.C. 1862, Public Law 87–794, 76 Stat. 872), Section 201 duties (Section 201 of the Trade Act of 1974; 19 U.S.C. 2251 *et seq.*, Public Law 93–618, 88 Stat. 1978), or Section 301 duties (Title III of the Trade Act of 1974; 19 U.S.C. 2411–2420, Public Law 93–618, 88 Stat. 1978 (as amended)).

BILLING CODE 9111–14–P

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS–2026–0397; OMB Control Number 1028–0068; GX26LR000F60100]

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Ferrous Metals Surveys

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995 and its implementing regulations, the U.S. Geological Survey (USGS) proposes to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments. To be considered, we must receive your comments on or before December 21, 2026.

ADDRESSES: You may submit comments by one of the following methods:

■ **Internet:** <https://www.regulations.gov>. Search for and submit comments on Docket No. USGS–2026–0397.

■ **U.S. Mail:** USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192.

FOR FURTHER INFORMATION CONTACT: E.

Lee Bray by email at lbray@usgs.gov, or by telephone at 703–648–4979.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services.

Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the Information Collection Request (ICR) at <https://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA, as part of our

continuing effort to reduce paperwork and respondent burdens, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provides the requested data in the desired format.

We are soliciting comments on the proposed ICR described below. We are especially interested in public comments addressing the following issues:

(1) whether the collection of information is necessary for the proper performance of the functions of the USGS minerals information mission; (2) whether the estimate of burden is accurate; (3) how the USGS might enhance the quality, utility, and clarity of the information to be collected; and (4) how the USGS might minimize the burden of this collection of information on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: Respondents to these forms supply the USGS with domestic production and consumption data for 13 ores, concentrates, metals, and ferroalloys, some of which are considered strategic and critical, to assist in determining Defense National Stockpile Center goals. These data and derived information will be published as chapters in USGS Minerals Yearbooks, monthly USGS Mineral Industry Surveys, annual USGS Mineral Commodity Summaries, and special publications for use by Government agencies, Congressional offices, industry education programs, research organizations, financial institutions, consulting firms, industry, academia, and the general public.

The USGS Mineral Resources Program is submitting this **Federal Register** Notice as a revision to add a new 'Iron and Steel Scrap and Pig Iron' monthly canvass (USGS Form 9-4148-M) to this

ICR and to revise the 'Iron and Steel Scrap and Pig Iron' monthly/annual canvass (USGS Form 9-4116-MA) including its conversion to an annual canvass only (USGS Form 9-4116-A). We estimate that the current 30 minutes average estimated burden time for the monthly/annual canvass will decrease to 20 minutes once converted to an annual canvass only. We also estimate an average estimated burden time of 10 minutes for the new 'Iron and Steel Scrap and Pig Iron' monthly canvass. These adjustments are designed to boost response rates and maintain essential statistical insights for industry analyses. The annual canvass, in particular, will focus on eliminating redundant data points, allowing for more efficient responses. Both canvasses aim to capture the "missing middle" of scrap consumption—materials sent to manufacturers with scrap and waste materials returned via contract—whereas the previous canvass only identified post-consumer materials and home scrap. The updated form and new form also improve data collection, expand coverage of consumption and production, and support more advanced analytical capabilities.

Title of Collection: Ferrous Metals Surveys.

OMB Control Number: 1028-0068.

Form Number: Various (16 USGS forms).

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Businesses or other for-profit institutions; U.S. nonfuel minerals producers and consumers of ferrous and related metals.

Total Estimated Number of Annual Respondents: 980.

Total Estimated Number of Annual Responses: 2,718.

Estimated Completion Time per Response: For each form, we will include an average burden time ranging from 10 minutes to 1 hour.

Total Estimated Number of Annual Burden Hours: 899.

Respondent's Obligation: Voluntary.

Frequency of Collection: Monthly or annually.

Total Estimated Annual Non-hour Burden Cost: There are no "non-hour cost" burdens associated with this ICR.

An agency may not conduct or sponsor, nor is a person required to respond to a collection of information unless it displays a currently valid OMB control number.

The authorities for this action are the PRA (44 U.S.C. 3501 *et seq.*), the National Materials and Minerals Policy, Research and Development Act of 1980 (30 U.S.C. 1601 *et seq.*), the National

Mining and Minerals Policy Act of 1970 (30 U.S.C. 21a), the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 *et seq.*), and the Defense Production Act (50 U.S.C. 2061 *et seq.*).

Elisa Alonso,

Acting Deputy Director, National Minerals Information Center, U.S. Geological Survey.

BILLING CODE 4338-11-P

DEPARTMENT OF THE INTERIOR

National Park Service

[N7578; NPS-WASO-NAGPRA-NPS0044030; PPWOCRADN0-PCU00RP14.R50000]

Notice of Intended Repatriation: Carnegie Museum of Natural History, Pittsburgh, PA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Carnegie Museum of Natural History (CMNH) intends to repatriate a certain cultural item that meets the definition of an object of cultural patrimony and that has a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural item in this notice may occur on or after November 23, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural item in this notice to Amy Covell-Murthy, Carnegie Museum of Natural History, 4400 Forbes Avenue, Pittsburgh, PA 15213, email covella@carnegiemnh.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the CMNH, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of one cultural item has been requested for repatriation. The one object of cultural patrimony is a Raven Hat (*Yéil S'áaxhw*) CM# 3178-6. This hat was donated to CMNH by the Fred Harvey Company and has been on exhibit in the Alcoa Hall of American Indians since June 1998.
