

personally identifiable information included in your comment—may be made publicly available at any time. Even if BOEM withholds your personally identifiable information in the context of this ICR, your comment is subject to the Freedom of Information Act (FOIA) (5 U.S.C. 552). Your information will only be withheld if a determination is made that one of the FOIA exemptions to disclosure applies. Such a determination will be made in accordance with the Department of the Interior's (DOI) FOIA implementing regulations (43 CFR part 2) and applicable law.

For BOEM to consider withholding from disclosure your personally identifiable information, you must identify, in a cover letter, any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. BOEM will make available for public inspection, in their entirety, all comments submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552), DOI's implementing regulations (43 CFR part 2), and 30 CFR part 581.7, promulgated pursuant to the OCSLA (43 U.S.C. 1352(c)).

Title of Collection: “30 CFR part 553, Oil Spill Financial Responsibility for Offshore Facilities.”

Abstract: Title I of the Oil Pollution Act of 1990 (OPA) (33 U.S.C. 2701 *et seq.*) provides at section 1016 that oil spill financial responsibility (OSFR) for offshore facilities be established and maintained according to methods determined acceptable to the President. Section 1016 of the OPA, as amended, supersedes the offshore facility oil spill financial responsibility provisions of the OCS Lands Act. These authorities and responsibilities are among those delegated to BOEM under which BOEM issues regulations governing oil and gas and sulfur operations in the OCS.

This information collection request addresses the regulations at 30 CFR part 553, Oil Spill Financial Responsibility for Offshore Facilities. BOEM collects the information to ensure proper and efficient administration of its oil spill financial responsibility requirements. BOEM collects this information to:

- Provide a standard method for establishing whether a party is required

to demonstrate oil spill financial responsibility for offshore facilities;

- Identify and maintain a record of those offshore facilities that have a potential oil spill liability requiring the demonstration of oil spill financial responsibility;
- Establish and maintain a continuous record of evidence of oil spill financial responsibility to assure payment of claims for oil spill cleanup and damages resulting from operations conducted on covered offshore facilities and from the transportation of oil from covered offshore facilities;
- Establish and maintain a continuous record of responsible parties, as defined in Title I of the Oil Pollution Act of 1990, and their agents or authorized representatives for oil spill financial responsibility for covered offshore facilities; and
- Establish and maintain a continuous record of persons to contact and U.S. agents for service of process for claims associated with oil spills from covered offshore facilities.

BOEM uses the information collected under 30 CFR part 553 to verify compliance with section 1016 of OPA. This information is necessary to confirm that designated applicants can cover cleanup costs and damages resulting from hydrocarbon discharges originating from offshore facilities. BOEM uses these forms to ensure the effective and efficient administration of oil spill financial responsibility requirements.

BOEM is revising Forms BOEM–1019 (Insurance Certificate), BOEM–1020 (Surety Bond), and BOEM–1023 (Financial Guarantee) to reflect updated requirements for oil spill financial responsibility, expressly tying the applicable coverage period to when an incident begins. The revisions align the forms with BOEM's updated policy that OSFR coverage going forward will be applicable only in relation to each incident first occurring on or after the effective date of the applicable OSFR instrument and on or before its termination. These changes do not apply retroactively to OSFR providers on earlier iterations of the forms.

OMB Control Number: 1010–0106.

Form Number:

- BOEM–1016, Designated Applicant Information Certification
- BOEM–1017, Appointment of Designated Applicant
- BOEM–1018, Self-Insurance Information
- BOEM–1019, Insurance Certificate
- BOEM–1020, Surety Bond
- BOEM–1021, Covered Offshore Facilities
- BOEM–1022, Covered Offshore Facility Changes

- BOEM–1023, Financial Guarantee
 - BOEM–1025, Independent Designated Applicant Information Certification
- Type of Review:** Revision of a currently approved information collection.

Respondents/Affected Public: Designated applicants and holders of leases, permits, right-of-way grants, and right-of-use and easement grants on the OCS and in State coastal waters who are responsible parties. Other respondents may be designated applicants and brokers, bonding companies, and guarantors. Some respondents may also be claimants.

Total Estimated Number of Annual Responses: 2,223 responses.

Total Estimated Number of Annual Burden Hours: 28,245 hours.

Respondent's Obligation: Mandatory.
Frequency of Collection: On occasion or annual.

Total Estimated Annual Non-hour Cost Burden: None.

The current annual burden for this collection is 34,695 hours. BOEM proposes reducing the burden to 28,245 hours due to faster OSFR demonstration methods, such as increased use of self-insurance and financial guarantees, and a decrease in the number of companies maintaining OSFR coverage.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Karen Thundiyil,

Director, Office of Regulatory Affairs, Bureau of Ocean Energy Management.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2027–005]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: We are proposing to request that the Office of Management and Budget (OMB) renew OMB 3095–0036, a currently approved information collection. This collection is used to obtain information from private foundations or other entities in order to design, construct and equip Presidential

libraries. Pursuant to the Paperwork Reduction Act of 1995, we invite you to comment on this proposed combined information collection.

DATES: We must receive written comments on or before December 21, 2026.

ADDRESSES: Send comments to Paperwork Reduction Act Comments (MP), Room 4100; National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740–6001, or email them to forms@nara.gov.

FOR FURTHER INFORMATION CONTACT: Kristin Phillips, Paperwork Reduction Act Officer, by email at kristin.phillips@nara.gov or by telephone at 616–254–0405 with requests for additional information or copies of the proposed information collection and supporting statement.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104–13), we invite the public and other Federal agencies to comment on proposed information collections. If you have comments or suggestions, they should address one or more of the following points: (a) whether the proposed information collection is necessary for NARA to properly perform its functions; (b) our estimate of the burden of the proposed information collection and its accuracy; (c) ways we could enhance the quality, utility, and clarity of the information we collect; (d) ways we could minimize the burden on respondents of collecting the information, including through information technology; and (e) whether the collection affects small businesses.

We will summarize any comments you submit and include the summary in our request for OMB approval. All comments will become a matter of public record.

In this notice, we solicit comments concerning the following information collection:

Title: Presidential Library Facilities.
OMB number: 3095–0036.
Agency form number: None.
Type of review: Regular.

Affected public: Presidential library foundations or other entities proposing to transfer a Presidential library facility to NARA.

Estimated number of respondents: 1.

Estimated time per response: 31 hours.

Frequency of response: On occasion.

Estimated total annual burden hours: 31 hours.

Abstract: The information collection is required for NARA to meet its obligations under 44 U.S.C. 2112(a)(3) to submit a report to Congress before

accepting a new Presidential library facility. The report contains information that can be furnished only by the foundation or other entity responsible for building the facility and establishing the library endowment.

Gulam Shakir,

Chief Information Officer.

BILLING CODE 7515–01–P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50–255; NRC–2026–4852]

Palisades Energy, LLC; Palisades Nuclear Plant; License Amendment

AGENCY: Nuclear Regulatory Commission.

ACTION: Issuance, and opportunity to request a hearing and petition for leave to intervene.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC, the Commission) has issued an amendment under exigent circumstances to Renewed Facility Operating License (RFOL) No. DPR–20, issued to Palisades Energy, LLC (the licensee), for operation of the Palisades Nuclear Plant (Palisades, PNP). The amendment modifies the PNP Updated Final Safety Analysis Report (UFSAR) Section 9.11, “Fuel Handling and Storage Systems,” and Section 14.19, “Fuel Handling Accident,” on a one-time basis, to facilitate transport of a fuel assembly designated DD41 from the reactor to the spent fuel pool (SFP) utilizing different plant equipment and following a different travel path than is described in the UFSAR.

DATES: The amendment was issued on October 13, 2026. A request for a hearing or petitions for leave to intervene must be filed by December 21, 2026.

ADDRESSES: Please refer to Docket ID NRC–2026–4852 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2026–4522. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: Bridget.Curran@nrc.gov. For technical questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC’s Agencywide Documents Access and Management System*

(ADAMS): You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin ADAMS Public Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided in this document.

- *NRC’s PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Justin Poole, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–2048; email: Justin.Poole@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC issued Amendment No. 283 to RFOL No. DPR–20, to Palisades Energy, LLC (the licensee), under exigent circumstances, which revised the license for operation of the Palisades Nuclear Plant (the facility) located in Van Buren County, Michigan. A publicly available version of the license amendment is available in ADAMS under Accession No. ML26282A040. Documents related to this amendment are listed in the safety evaluation enclosed with the amendment. The amendment was effective as of the date of its issuance.

The amendment modifies UFSAR sections 9.11 and 14.19, on a one-time basis, to describe an alternative fuel-handling process for recovery of tilted fuel assembly DD41. Palisades entered Mode 6 (Refueling) and began loading fuel into the reactor vessel on August 30, 2026. During core reload, fuel assembly DD41 was placed into core location H–1 and tilted over after being released by the refueling machine, coming to rest at an approximate 30-degree angle with the lower tie plate in core location H–1 and the upper tie plate, leaning against the core shroud on the opposite side of the core. The UFSAR changes were effective immediately upon issuance of the amendment and are applicable for the duration of the recovery of fuel
