Foreign-Trade Zones Board

[B–137–2026]

Foreign-Trade Zone (FTZ) 244, Notification of Proposed Production Activity; Metal Container (MCC) LP; (Beverage Containers); Riverside and Jurupa Valley, California

Metal Container (MCC) LP submitted a notification of proposed production activity to the FTZ Board (the Board) for its facilities in Riverside and Jurupa Valley, California within FTZ 244. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on September 30, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material/component and specific finished product described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products are empty beverage cans and aluminum lids for beverage cans (duty rate ranges from 2.6% to 5.7%).

The proposed foreign-status materials/components are aluminum body stock and aluminum lid stock (duty rates 3%).

The request indicates that the materials/components are subject to duties under section 232 of the Trade Expansion Act of 1962 (section 232) and section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 232 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is December 1, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

Welded Stainless Pressure Pipe From India: Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Suncity Metals and Tubes Private Limited (Suncity), the sole producer/exporter subject to this administrative review, made sales of welded stainless pressure pipe (WSPP) from India at less than normal value during the period of review (POR) November 1, 2023, through October 31, 2024.

DATES: Applicable October 22, 2026.

FOR FURTHER INFORMATION CONTACT: John Conniff, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1009.

SUPPLEMENTARY INFORMATION:

Background

On May 6, 2026, Commerce published the *Preliminary Results* for this review in the **Federal Register** and invited interested parties to comment on those results.¹ On August 19, and October 2, 2026, we extended the deadline for the final results by a combined total of 43

days.² The deadline for these final results is now October 16, 2026.

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁴

The merchandise subject to the *Order* is welded stainless pressure pipe from India. For a complete description of the scope, see the Issues and Decision Memorandum.

Analysis of the Comments Received

All issues raised in the case brief submitted by Suncity are addressed in the Issues and Decision Memorandum and listed in the appendix of this notice.

Changes Since the Preliminary Results

Based on our analysis of the comments received from Suncity regarding the *Preliminary Results*, we made certain changes to the weighted-average dumping margin calculated for Suncity. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Results of Review

Commerce determines that the following weighted-average dumping margin exists for the period November 1, 2023, through October 31, 2024:

Exporter/producer	Weighted-average dumping margin (percent)
Suncity Metals and Tubes Private Limited	0.74

Disclosure

Commerce intends to disclose the calculations and analysis performed in connection with the final results of this administrative review to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the publication date of this notice in accordance with 19 CFR 351.224(b).

Assessment Rate

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Pursuant to 19 CFR 351.212(b)(1), for Suncity, we calculated importer-specific antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total entered value associated with those sales. Where we did not have entered values for all U.S. sales to a particular importer, we calculated an importer-specific, per-unit assessment rate on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total quantity of those sales.⁵ To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also calculated an importer-specific *ad valorem* ratio based on estimated entered values. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by Suncity for which the company did not know that the merchandise it sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate such entries at the all-others rate established in the less-than-fair-

value investigation if there is no rate for the intermediate company(ies) involved in the transaction.⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company identified above in the "Final Results of Review" will be equal to the company-specific weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this administrative review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or completed prior segment of this proceeding but the producer is, the cash deposit rate will be the company-specific rate established for the most recently-completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 8.35 percent, the rate established in the investigation of this proceeding.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could

result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties has occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the term of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: October 16, 2026.

Certain Oil Country Tubular Goods From India, the Republic of Korea, the Republic of Türkiye, the Socialist Republic of Vietnam, and Ukraine: Continuation of Antidumping Duty Orders and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders and countervailing duty (CVD) orders on certain oil country tubular goods (OCTG) from India, the Republic of Korea (Korea), the Republic of Türkiye (Türkiye), the Socialist Republic of Vietnam (Vietnam), and Ukraine would likely lead to the continuation or recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable September 29, 2026.

SUPPLEMENTARY INFORMATION:

Background

On September 10, 2014, Commerce published in the *Federal Register* the AD orders on OCTG from India, Korea, Türkiye, and Vietnam.¹ On September 10, 2014, Commerce published in the *Federal Register* the CVD orders on OCTG from India and Türkiye.² On July 16, 2019, following the termination of the agreement that suspended the antidumping duty investigation on OCTG from Ukraine, Commerce published the *Ukraine Order* in the

Federal Register.³ On July 1, 2025, the ITC instituted,⁴ and Commerce initiated,⁵ the second sunset review of the *Orders*,⁶ pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁷

On September 29, 2026, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁸

Scope of the Orders

The products covered by these *Orders* are certain oil country tubular goods (OCTG), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the orders also covers OCTG coupling stock.

Excluded from the scope of the *Orders* are: Casing or tubing containing 10.5
