FOR FURTHER INFORMATION CONTACT: Kayla Blades, Grants Management Officer, Office of Grants Management, (208) 266–7159; email: *kayla_blades@ios.doi.gov.* Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Kayla Blades. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This proposed extension of waiver would continue to waive the manufactured products requirement of section 70914 of the Build America, Buy America Act (BABA) included in the Infrastructure Investment and Jobs Act (Pub. L. 117–58) (Buy America Preference) for Federal Financial Assistance agreements awarded to Indian Tribes through December 31, 2026. Recipients will be permitted to purchase non-compliant manufactured products, regardless of the Federal financial assistance amount. For Federal financial assistance issued prior to the effective date of the final waiver, the waiver would apply to funds not yet expended. The Waiver Type is Public Interest, the Waiver Level is General Applicability, All Regions. The waiver is applicable to Federal financial assistance obligated on or after the effective date of the final waiver, and before its expiration. This extension would expire on December 31, 2026.

The proposed waiver will be posted on each agency's public facing web page, and a notice of the proposed waiver will be posted to the Made in America website to satisfy the requirement to publish any BABA Project Waiver and provide the public with thirty (30) days to submit comments. The Agencies seek public and industry comments from all interested parties, particularly regarding common, critical manufactured products in infrastructure projects; the availability of BABA-compliant vendors, including those that are Native enterprises; current and anticipated availability of domestic products; and current and future states of domestic production and supply chains. Relevant information and comments will help the Agencies understand the facts and impacts surrounding this waiver request.

Justification for Waiver Extension

Compliance with the BABA manufactured products requirements continues to pose implementation challenges in Tribal communities. This extension of the manufactured products portion of the waiver is intended to allow infrastructure projects in Tribal communities to proceed while allowing Agencies time to examine further modifications to the waiver consistent with the President's mandate for strengthening Made in America implementation. This extension is also intended to allow agencies additional time to move toward efforts to bring Tribal recipients into fuller alignment with BABA requirements, including through strengthening and coordinating Agency guidance to tribes and refining compliance support, training, and technical assistance.

Public Availability of Comments

Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[A2407–014–004–065516; #O2602–014–004–125222.0]

Termination of the Environmental Impact Statement and Associated Resource Management Plan Amendment for the Section 368 Energy Corridor Revisions

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of termination.

SUMMARY: By this notice, the Bureau of Land Management (BLM) is announcing the termination of the Environmental Impact Statement (EIS) described in the Notice of Intent (NOI) published in the **Federal Register** on December 1, 2023, for potential Resource Management Plan (RMP) Amendments for the Section 368 Energy Corridors Revisions.

DATES: The EIS effort described in the NOI is terminated immediately.

FOR FURTHER INFORMATION CONTACT: Crystal Hoyt, Realty Specialist, Division of Lands, Realty, and Cadastral Survey, telephone: (307) 352–0322, email: *choyt@blm.gov.* Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Ms. Hoyt. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the National Environmental Policy Act of 1969 (NEPA), as amended, the BLM published an NOI to prepare an EIS in the **Federal Register** on December 1, 2023 (88 FR 83959).

The BLM is terminating the EIS for the potential RMP Amendments related to several Section 368 Energy Corridor Revisions. The initial goal was to enable preferred siting and efficient environmental review for linear energy infrastructure. Now, updated processing methods and tools allow these activities to proceed in the changing energy market without requiring an EIS. Accordingly, the BLM is rescinding its NOI to prepare RMP Amendments and is terminating the EIS announced in the **Federal Register** at 88 FR 83959.

(Authority: 43 CFR 1610.2)

Tina Roberts-Ashby,

Assistant Director, Energy, Minerals and Realty Management.

NATIONAL SCIENCE FOUNDATION

Information Collection; Improving Customer Experience (OMB Circular A–11, Section 280 Implementation)

AGENCY: National Science Foundation.

ACTION: Notice; request for comment.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995. This is the second notice for public comment; the first was published in the **Federal Register**, and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

DATES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAmain.* Find this particular information collection by selecting ''Currently under 30-day Review—Open for Public Comments'' or by using the search function.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 401 Dulany Street, Alexandria, VA 22314, or send email to *splimpto@nsf.gov.* Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

Copies of the submission may be obtained by calling 703–292–7556.

SUPPLEMENTARY INFORMATION: NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Title: Improving Customer Experience (OMB Circular A–11, Section 280 Implementation).

OMB Clearance Number: 3145–0254.

Abstract: A modern, streamlined and responsive customer experience means raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for agency leadership.

This proposed information collection activity provides a means to garner customer and stakeholder feedback in an efficient, timely manner in accordance with the Administration's commitment to improving customer service delivery as discussed in Section 280 of OMB Circular A–11 at *https://www.performance.gov/cx/a11-280.pdf.*

As discussed in OMB guidance, agencies should identify their highest-impact customer journeys (using customer volume, annual program cost, and/or knowledge of customer priority as weighting factors) and select touchpoints/transactions within those journeys to collect feedback.

These results will be used to improve the delivery of Federal services and programs. It will also provide government-wide data on customer experience that can be displayed on *www.performance.gov* to help build transparency and accountability of Federal programs to the customers they serve.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

NSF will only submit collections if they meet the following criteria.

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used for general service improvement and program management purposes
- Upon agreement between OMB and the agency all or a subset of information may be released as part of A–11, Section 280 requirements only on *performance.gov.* Summaries of customer research and user testing activities may be included in public-facing customer journey maps or summaries.
- Additional release of data must be done coordinated with OMB.

These collections will allow for ongoing, collaborative and actionable communications between the Agency, its customers and stakeholders, and OMB as it monitors agency compliance on Section 280. These responses will inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on services will be unavailable.

Current Action: Renewal of a Collection of Information.

Type of Review: Regular.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Estimated Number of Respondents: Below is a preliminary estimate of the aggregate burden hours for this new collection. NSF will provide refined estimates of burden in subsequent notices.

Average Expected Annual Number of Activities: Approximately five types of customer experience activities such as feedback surveys, focus groups, user testing, and interviews.

Average Number of Respondents per Activity: 1 response per respondent per activity.

Annual Responses: 2,001,550.

Average Minutes per Response: 2 minutes–60 minutes, dependent upon activity.

Burden Hours: NSF requests approximately 101,125 burden hours.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity
